Important Meeting for Hilltoppers

Tuesday Evening, March 10th, 1914

DO you want a Park on the West Side? If you do, come to the Auditorium of the West Broad Street School Building Tuesday Evening, March 10, 1914 at 8 p. m. Mr. Wambold, Secretary of the Public Recreation Commission, and Councilman Lewie Alcot will be there with plans and specifications for a Shelter House and Recreation Center for Glenwood Park.

If these men are interested enough to prepare drawings and come out and explain them to us we ought to take enough interest to come and bring our neighbors with us. This is a meeting for every one interested in the West Side. We would like to see the Auditorium packed with men, women and children. If we show an active interest we can, with propriety, call on the officials to come to our aid, but if we stay away and as a result get no improvements to our Park, the blame rests with us. This is the time for the Annual Election of Officers of the Hilltop Improvement Association, which will be the first order of business, followed by speeches by the above named gentlemen. Every one welcome.

EDITORIAL.

Ever since the invention of printing, the press has been recognized as the voice of the people—the forum in which the public interests have been discussed and debated upon. No community of any size or importance has ever been considered complete which has not possessed itself of the means by which to express its opinions—that is, an official means. Taking these facts into consideration, we feel confident that the publication of the *Weekly News*, which makes its initial bow to the public with this issue, is not the temporary product of any haphazard and rash scheme, but is rather, the gratification of the growing need and demand for a local periodical on the Hilltop. This demand is neither abnormal nor extraordinary but is wholly in keeping with the increase in population and importance of the Hilltop, which, even now, is as large as some country towns throughout the State which support daily newspapers.

Now, altho the publishers have overcome the difficulties experienced in starting the paper, whether it is to be temporary or permanent is a matter which rests largely in the hands of you Hilltoppers. To be assured of a successful existence, we must have news and advertisements. Since we, ourselves, cannot learn of all the events transpiring in this territory, it will be a great and material aid to us if every one, who has knowledge of local affairs, will send the information to our editorial correspondent. Then you business men waken up and boost us with your advertisements. We exist for your benefit. Take advantage of the opportunity. You know now the *what* and *why* of the *Weekly News*, so stand by and lend a hand. Indeed,

THE HILLTOP WEEKLY NEWS

every one to whom we have appealed so far has responded nobly and, as a result, has made this issue possible. The following is the list of business men whose local patriotism and acute business acumen overcame the hesitancy usually accorded a new and untried venture:

STARTLING STATISTICS.

We do not suppose that many residents of this section of town realize that the Hilltop contains four churches. We are led into this supposition because the population of the Hilltop is 10,000 and the average total attendance to the churches is 2,500. In order that the people may keep in touch with the church news we are going to make it a practice to print all items of interest concerning the churches every week.

"THE MAN

Who does not advertise simply because his grandfather did not, ought to wear knee breeches and a queue. The man who does not advertise because it costs money, should quit paying rent for the same reason. The man who does not advertise because he tried it and failed should throw away a cigar because the light went out. The man who does not advertise because he doesn't know how himself, ought to stop eating because he can't cook. The man who doesn't advertise because somebody said it did not pay, ought to believe the world is round because the ancients said it was flat."

Exchange.

Do we have any of this class of men on the Hilltop? We think we have not because we can only account for our rapid growth by the absence of such men.

UNWILLING SUBSCRIBERS.

L. B. Kunds.

"I am taking names for the census," said the Enumerator, to an aged German couple in a Pennsylvania country town.

"We don't want it," protested the lady.

"This is not a case of 'don't want.' You must give me your names. The law says so."

After having finished his questions, without any more remonstrance from the couple, the census-taker expressed the hope that they understood fully what it all meant.

"Ach, ya," answered the woman doubtfully; "but I don't tink it's rife for us to taze a baber, wat we never saw before; do you, Jake?"

"Naw, and maybe we can't read it, nieder."

HILLTOP IMPROVEMENT ASSOCIATION MEETING

Officers Elected and Park Plans Discussed

The Hilltop Improvement Association held its regular monthly business meeting at West Broad Street School, Tuesday evening. The first thing on the program was the reports of the various committees. Following this was the annual election of officers. Dr. L. B. Turner, after a spirited contest, was re-elected president; M. W. Westlake, vice president; C. J. Randall, recording secretary; W. E. Dolby, financial treasurer; W. L. Millikin, treasurer. Fred Postle and Dr. Martindale were given three-year terms on the board of directors.

Mr. Wambold, secretary of the Public Recreation Commission, who was present with plans for the proposed improvement of Glenwood Park, addressed the Association. In his speech, Mr. Wambold said that the proper influences ought to be brot to bear on the boys' and girls' lives, and that boys, square in play, will be men, square in business. The plans which he showed provided for a ball ground, four tennis courts, a wading pool, a small children's

play ground and a recreation center building. The cost of this building, containing men's and women's club rooms, boys' and girls' club rooms, an auditorium, a large gym and a swimming pool, was estimated at \$18,925.23.

Councilman Lewie Alcot spoke next. He made a strong and vehement attack against the shelter houses, as being white elephants on the city's hands. He advocated a year-round house for young and old, because as soon as men give up physical exercise they begin to get stiff and rusty. "I want that park and every inch of it dedicated to those kids and their future," he said. Claiming that the great amount of energy in children is bound to manifest itself, whether or no, in some form or other, he said their exercise ought to have proper supervision. "Wholesome conditions and environment must be maintained for the children," was the keynote of this address. Mr. Alcot closed by saying that he would assist Mr. Wambold in every possible way, in the effort to establish a recreation center at Glenwood Park.

ACCEPTED LOCAL POSITION.

Mr. Charles W. Walton, who for several years has been with the Beggs Co., has accepted a position with the F. G. & A. Howald Co.—Ohio State Journal. We rejoice with his many friends to have him remain as a Hilltop resident. He has been superintendent of the Glenwood Methodist Episcopal Sunday School for many years, and has seen it increase under his direction to one of the largest schools in the city.

Don't forget, if you want a piano or sewing machine, go to Seiller's.

OFFICERS ELECTED.

The Ladies' Aid Society of Hoge Memorial Presbyterian church held their regular meeting Thursday of last week, at which time officers were elected for the coming church year, as follows: President, Mrs. Frank Sperry; vice president, Mrs. John Millikin; secretary, Mrs. Geo. Matson; treasurer, Mrs. Burton Bretz.

Miss Meta Moore of South Ogden Avenue, was operated upon for throat trouble Wednesday.

MR. WILLIAMSON IN HOSPITAL

Mr. C. Williamson, of Budd & Williamson, was operated upon for gall stones at St. Clair hospital Monday. Altho it was a critical operation, six stones having been removed, the doctors announce that he is recovering very nicely.

OLD-FASHIONED SPELLING

The old-fashioned spelling, in the West Broad Street school auditorium last Friday evening, under the auspices of the Evangelical church, proved of much interest. Dr. Martindale was the champion speller.

WINTER PICNIC A SUCCESS

The winter picnic given by the Hoge Memorial S. S. last Friday evening was well attended. After the picnic supper an impromptu program was given, which proved to be very interesting and amusing.

WOOSTER PROFESSOR PREACHES

Dr. Compton, of Wooster University, occupied the pulpit of the Hoge Memorial Presbyterian church last Sunday evening. Dr. Compton represents Christian Education in Wooster University.

Mr. Ed. Herbert, who recently sold his residence on South Warren Avenue, has purchased a lot on South Terrace Street, and will erect a new home in the near future.

Now is the time to buy your Spring Dress Goods. Seiller's line is complete.

EDITORIAL.

Where you spend your money and what becomes of it afterwards has, perhaps, never been a matter of much consideration to you Hilltoppers. But it should be a matter of careful reflection. It is a recognized fact that the circulation of money is as vital to a community as the circulation of the blood is to the human body. When there is an abundance of money in circulation, business flourishes; but, on the other hand, when there is a leak in the system, and the money is spent in a foreign territory, business takes a slump and interest in general begins to flag. If you Hilltoppers wish to see an example of a healthy community, look at the North Side. There, residents and business men have joined hands and boosted. As a result, they now live in the most beautiful section of the city, where they have but to wish a privilege and it is theirs. How was this accomplished? Simple enuf. The residents patronized their merchants because they knew their money would be turned back to the North Side. Now, to bring the subject home, we of the Hilltop have the same opportunities that were presented to our North Side friends. We must patronize our local merchants. As their business increases we can rest assured that they will join in the movement to make the Hilltop the most beautiful and desirable section of Columbus, with a zest and zeal unequalled by anyone, at any time, heretofore.

The time of the year is here when every woman must do her Spring sewing, and if you haven't a good Sewing Machine you can't expect to do good sewing. We carry a complete line of sewing machines and *Every One Guaranteed.*

AN EXPLANATION.

Since the last issue of the *News*, many people have made inquiry as to the subscription rates of this paper. *The Hilltop Weekly News* is being distributed gratis, every Friday. However, inasmuch as we, the publishers, do not afford a Packard or even eggs three times a day, any contributions in the form of U. S. currency will be gratefully received. We are not requesting money, but if any one, thinking the paper is deserving of something more tangible than praise, wishes to send in a pecuniary appreciation, we will not absolutely refuse to accept it.

The number of new buildings being erected upon the Hilltop this year is extremely large. This is one of the many indications that the limit of our growth has not yet been reached.

Of course we freely admit there is a profusion of everything desirable in the bottoms, but, during March, we prefer to live on the Hilltop, above the profusion of thick river water.

We notice that South Harris Avenue is at last closed for repairs in the form of paving and, considering the mud scouring we did when we helped deliver the News last week, we think it's about time they did something to relieve the poor mud sufferers of that section of the Hilltop.

Poor Will seemed a dwarf; sunken eye,

With thumb and forefinger he listlessly

Celebrate Sixtieth Wedding Anniversary

Mr. and Mrs. James Fippin pass the Sixtieth Anniversary of Wedded Life.

Many Friends and Relatives Attend

A family of Six Children live to Witness Happy Event.

Mr. and Mrs. James Fippin, who reside near Camp Chase, one-half mile west of the Big Four crossing, on the National road, celebrated their sixtieth wedding anniversary, Monday, March 16, 1914. About one hundred and twenty-five relatives, friends and neighbors called on the aged couple during the afternoon and evening congratulating them and wishing them many happy returns of the day, besides adding to the joy of the occasion with a veritable shower of flowers.

Among the remembrances of love and friendship was a handsome bed given by the Ladies' Aid Society of the Camp Chase Methodist church, both of which Mrs. Fippin has been an active member.

Refreshments were served to all and greetings exchanged by old and young, some of whom had not met for many years.

Mr. and Mrs. Fippin came to Columbus a short time before the Civil War and have resided continuously in the same neighborhood since that time.

Mr. Fippin is the last living member of his family, except one sister, Mrs. Brighton of Springfield, who was present at the celebration, and Mrs. Fippin is the last member living of her family.

The entire household consists of fifty-eight members, six children, all of whom are living, John, Mrs. F. P. Sperry, James E., Samuel and Charles of Columbus, and Ambrose of Camp Chase.

There are thirty grandchildren, sixteen of whom were present, and fourteen great-grandchildren, four of whom were present.

Many friends and relatives from all parts of the state were present, together with many from Columbus.

Mr. John Fippin, who resides on South Warren Avenue, Mrs. F. P. Sperry and Mr. Charles Fippin, who reside on South Harris Avenue, are well known to many Hilltoppers.

SUNSET LITERARY CLUB.

Mrs. Daniel Churton, 45 South Wheatland Avenue, was hostess to the Sunset Literary club last Thursday afternoon. Mrs. Ater read a very interesting paper on eugenics, after which the club discussed the topic. The regular election of officers used the remainder of the time, the result of the election was: President, Mrs. Lentz; Vice-President, Mrs. Shultz; Secretary, Mrs. Churton; Treasurer, Mrs. Simpson.

T. AND T. CLUB.

Mrs. J. H. Hatfield entertained the "T. and T." club at her home at 39 North Warren Avenue, Tuesday evening with a St. Patrick party. The entire club, with a membership of twelve, was present. After a number of Irish songs had been sung and Irish games played, the guests repaired to the dining room where Irish refreshments were served.

W. C. T. U. MEETING.

On Friday March 27th, the Hilltop W. C. T. U. will hold an all-day meeting at the home of Mrs. S. M. Six, 67 Midland Avenue. The meeting will begin at 10 A. M. with a reception and luncheon for the seventy members, recently received into the society. The afternoon session will be a mothers' meeting. Several county officers will be present and make addresses.

MISSIONARY SOCIETY MEETS.

The missionary society of the Hoge Memorial Presbyterian church held their regular meeting at the home of Mrs. S. K. Todd 31 South Warren Avenue, on Thursday afternoon. The leaders of the meeting were Mrs. Deems and Mrs. Foley. After the regular program a dainty luncheon was served during the social hour by the hostess.

HELP THE UNFORTUNATE.

The Reynolds' Bread Company is now conducting a pony contest, i. e., with each loaf of bread you buy you receive a coupon, entitling you to so many votes for any child you may prefer. The child, receiving the highest number of votes, will be given a complete pony outfit. Now, Little Edith Lawler, who lives with her parents at 50 North Harris, and who has been a cripple since babyhood, is a contestant. If anyone is worthy of the prize, she is the one. As it now is, her father, has to carry her from place to place, since she is unable to move about of her own accord. Therefore, will not the readers of the News, who use Reynolds' bread, save the wrappers and call up our office? We will be glad to save for them and give them to the little Lawler girl.

Boost for the Hilltop

A Timely Article by H. S. Ballard

The one thing most needed by the Hilltop just now is a spirit of co-operation. Individuals working alone, no matter how earnest they may be in their efforts, cannot accomplish much in any line of endeavor. United, and with a common end or purpose, their efforts are bound to meet with success. With this thought in mind, let us see what can be done for the Hilltop this year.

Do you want first-class stores on the Hilltop? Then patronize Hilltop merchants exclusively. But you say, "There are some things Hilltop merchants cannot furnish us and we are compelled to go to town for them." The answer to that is that you have always been going down town for those articles and there was no reason for Hilltop merchants to carry them in stock. If you will assure the merchants that you will purchase such articles from them, they will be pleased to secure them for you. Why, in most instances Hilltop merchants can undersell High street merchants.

Do you want the services of first-class doctors, dentists, lawyers and mechanics? You can have them without leaving the Hilltop. Look through your telephone or city directory and you will see the names of some of the most prominent professional men in Columbus as residents of the Hilltop. Give them a trial, they will be glad to serve you.

Spend your money on the Hilltop. Put it in circulation here. It will mean better stores, better homes, better streets and better people. If you have something to sell, sell it on the Hilltop. If you want to buy something, buy it on the Hilltop. If you have work to do, employ Hilltop labor. In short, do not leave the Hilltop for anything until you have exhausted Hilltop resources.

Now then, all together for the Hilltop. One, two, three. Boost. Boost. Boost.

Columbus, Ohio, March 20, 1914

EDITORIAL.

During the past week there has been a large number of down-town delivery wagons on the Hilltop. Of course we realize the drivers were merely joy-riding out here, but it certainly did look suspicious. Any one, who is unacquainted with the fact that chauffeurs ride four miles from High street in a down-town firm's auto merely for their health, would have inferred that they were delivering merchandise to the Hilltop residents. Now the News considers that one of its official duties is to keep those High street wagons off the Hill and every time we see one out here we are going to direct it back East, so that, even if we are free from the evil of shopping off the Hilltop we may avoid all appearances of evil.

North Richardson, Terrace and Burgess avenues have recently been paved with asphalt. The chances and possibilities for these streets to become three of the most beautiful short streets in Columbus, are excellent. There are not many communities, fortunate enough to have asphalt pavements as a foundation for their beautification. As yet, there are very few houses erected on these streets, and happily, they do credit to the builders. Now wouldn't it be splendid, if all those, proposing to build homes there, would erect only the best kind? There is no other thing which would boost the Hilltop as much as three perfect streets. What can be done?

WILL WE DO IT?
Rev. C. E. Turley

We are all interested in making the Hilltop the best section in the city of Columbus. If we will all co-operate, one with the other, this can be done. We are beautiful for situation; above the danger of ravages from a flood; the air is pure;

the streets are shady; comfortable homes, splendid schools and churches; so why shouldn't we make the other sections of our city "sit up and take notice." There are three things we can do to boost the Hilltop:

First—Let us get together.

We should know each other better. Non-sectarian meetings should be held which all residents should attend. Thus we could get acquainted and understand each other much better.

Second—We should stick together.

"In union there is strength." The baseball team that succeeds and wins games is the team that sticks together. A certain American League team has had several of the star players of the game, but has never won a pennant, because they did not stick together.

Third—Work together.

It is very important that we carry out this part of the program. The best things come to those who work for them. So let us lay aside any personal prejudice we may have and all work together to make the Hilltop the best part of our city. Speak kindly of the neighbors, of the children, of the schools and churches, of the business and professional men.

Get Together! Stick Together! Work Together!

FLAG CAMPAIGN AGAINST TUBERCULOSIS

April 1st, 2d, 3d, 4th and 5th

The Columbus Society for the Cure and Prevention of Tuberculosis is waging a stringent and effective campaign against tuberculosis. In fact, they have been fighting the disease for something like seven years, and they are making a grand success, too. They have benefited thousands of consumptives of Columbus. They expect to "keep at it" till they have practically stamped out the plague, as it may rightfully be called. The reason for the existence of this society is simple enough. The greater number of consumptives come from the slums of the city. They are born and reared in filth, squalor and dark, sunless hovels. Pure food and pure air is foreign to them. Poverty restrains all attempts they may make to extricate themselves, diseased and slowly dying of this terrible tuberculosis. They, however, are not restrained or prohibited—for such a thing would be impossible—from spitting in street cars and on public thoroughfares, where, when dried, the germ-laden sputum is wafted hither and thither by every air current. So, inasmuch as these people cannot help themselves, they must be helped. Not only must they receive assistance for their own benefit, but also for that of everyone, because who can run from or escape the germ-laden air?

Therefore we have the society; indeed it is a noble and praiseworthy institution. But, understand, it cannot run without funds. The prominent business men over our city have contributed large sums of money to the use of the society, but more is still necessary. It is estimated that there are yet five hundred people to be cured in this city, and one of that number may be now spitting on the wall over which you will pass in a short time.

Now, an opportunity will be offered to every citizen of Columbus to assist some in this good work. The society has had prepared a number of small flags which will be taken from house to house and sold for a quarter. In real money value the flags are worth about three cents; considering the sentiment and purpose with which they are purchased, the value cannot be stated. When the young lady or the young man, as the case may be, comes to your door, don't turn him away without buying a flag. All Columbus is entering most heartily into the

ESSENTIALS TO HILLTOP PROGRESS.

We are a part of a great city. Many advantages occur to us from this fact, which we appreciate. But let us not forget our community interests. Let us have some independency. We are no longer an infant. We would not be less loyal to our splendid civic interests, but more loyal to those friendly and family interests of the neighborhood. We are a community of ten thousand people. "A city set on a hill cannot be hid." Let us plan great things. Let us do more to create and further our own physical, social, intellectual, financial and spiritual interests. Let us have an athletic ground, where both sexes, old and young, may meet and engage in various games. Let us plan to have every street paved and every sidewalk laid this summer. In this material progress let us not forget the aesthetic, increasing our already beautiful attractions. In the intellectual realm we have as high an average of intelligence as any part of our city. Let us plan our own educational progress. We can have our assemblies with our own talent, or provide for at least one lecture course a year. We should have a large library. We ought also plan for a Y. M. C. A. organization. In fact, we should have what the average city of our size enjoys. Then, too, let us not forget the double street car track to Hague Avenue. Would it seem like a dream to mention cluster lights and an elevated railway? The Hilltop Improvement Association has already done much and will do much more if we heartily co-operate. Permit me to commend The Hilltop News as a splendid sign of progress. Personally, I think it is the most philanthropic movement in any part of the city.

DR. J. H. HATFIELD.

(Note: Dr. Hatfield's article comes at a most opportune time. The spring has scarcely begun. The chances for effecting some of the improvements he has mentioned are especially favorable at this time of the year. Read the article and ponder upon it. Within it you have presented to you plans which, if adopted, would easily raise our community to the rank of the most beautiful section of town.)

OUR SUBSCRIPTIONS.

In an issue of March the 13th, we made the statement that The News was distributed gratis. We also stated that if any one who felt that the paper was deserving of subscriptions, we would not absolutely reject any pecuniary appreciations our readers might send in. Since that time we have received many contributions, also many words of praise and encouragement for The News editors.

THE HILLTOP WEEKLY NEWS

WEEKLY REVIEW.

A most interesting entry in the animals-do-think-contest has been submitted by Mr. Ireland, a prominent clerk in Millikin's grocery emporium, who states that the other day, when a customer asked him for a chicken, he went to the coop, as usual, and extracted therefrom one large fat hen of the Plymouth Rock breed, which hen he placed on the scales for the purpose of ascertaining her exact weight, in order to charge the customer the due and fitting amount. With Mr. Ireland's good and charitable purpose in mind, you can now imagine with what concentrated surprise he was seized when the fowl, casting an imploring eye upon him, laid one genuine and fresh egg upon the very scales upon which she was being weighed. This little act of almost human intelligence so touched Mr. Ireland that he reprieved the death sentence, and removed the fowl to his palatial mansion, where she is to help reduce the high cost of living.

Glenwood M. E. Sunday School broke all previous records for attendance last Sunday. There were 910 persons counted and, even then, some came in after this report was made. The school has adopted this slogan, "1,000 Present on Easter Sunday."

Mrs. Simmons was hostess to the Hilltop Needle Craft Club Wednesday afternoon. The topic for the afternoon was "Modern Inventions." The discussions on this subject were extremely interesting. A splendid two-course luncheon was served by the hostess.

Mr. L. O. Linville announces that he open an up-to-date optical store on Broad street, "Hilltop." Location to be announced later. Meantime will take care of all optical work at my home, 163 Whitethorne Ave. Hours 6-10 p. m. Make appointments by phone.

YEARLY MEETING OF CONGREGATION

Hoge Memorial Congregation Hears
Annual Reports

NEW OFFICERS ELECTED

Splendid Growth Reported in Every
Department of the Church

The yearly meeting of the Hoge Memorial Presbyterian congregation was held in the church Wednesday evening, April 1. Reports from the church treasurer, the Ladies' Missionary Society, the Ladies' Aid Society, the Sunday School and the Christian Endeavor Society showed a substantial increase along all lines of work. The congregation in the different departments has contributed over \$3,200 to current expenses and benevolences.

Officers elected were: Mr. Frank P. Sperry and Mr. J. H. Spence to the office of elder, and Mr. C. C. Cook, Mr. Harry Biddle, Mr. L. O. Linville and Mr. Frank Cousins to the office of trustee.

This church was organized March 23, 1906, with a membership of twenty-two. Rev. J. H. Hatfield, the present pastor, was installed in October, 1907. Since his pastorate began, over five hundred members have been received into the church, and the present building is being taxed to accommodate the growing congregation. The annual report shows the affairs of the church to be in a splendid condition.

Mr. Sperry and Mr. Spence will be installed as ruling elders at the Sunday evening service, April 5th.

WEDDING

On Tuesday evening at 8 P. M., Miss Lula B. Corder and J. G. Link were married at the home of the bride, at 84 South Oakley Avenue. Rev. C. E. Turley performed the ceremony. Only the immediate friends and relatives were present. Mr. and Mrs. Link will be at home at 105 South Wheatland Avenue in the near future.

Mrs. Mondell, who formerly resided at 226 Midland Avenue, and who removed to Richmond, Indiana, early last fall, died of heart failure on March 19, after a two weeks' illness.

W. C. T. U. RECEPTION

On March 27 the Hilltop W. C. T. U. held a reception for new members, at the home of Mrs. S. G. Six, on Midland Avenue. A dainty luncheon was served at noon, after which a program of music and a reception of new members by the beautiful white ribbon service was held. There were also new recruits received on the cradle roll. Mrs. Van Kirk, Mrs. Jennie White Smith and Mrs. Mantor were present and assisted in the service. A Loyal Temperance Legion is also planned. Altho the weather was very unpleasant, sixty white ribboners were present and the meeting was the most successful, in every way, in the history of the society. We have a membership of one hundred and seventy-five, but we want more. Christian women, come and join the band. Let our slogan be, "No beer wagons on the Hilltop."—A White Ribboner.

MYSTERIOUS SOCIAL

The Standard Bearers of the Glenwood Methodist Episcopal Church will give a Mysterious Social in the basement of the church, Thursday, April 9. The hours are from 6 to 10. The menu is as follows:

A Famous Skeleton Dude and a Life Saver	5c
Woman's Grit	5c
Backbone of the Army	5c

THE HILLTOP BAND.

We are glad to report the splendid growth of this organization, the instruments now numbering twenty-two. Several more pieces will be added in the near future. On Tuesday evening the band serenaded Mr. and Mrs. John Link, who were wedded at the bride's home, 84 South Oakley Avenue. Later they called at the home of Mr. and Mrs. C. W. Randolph, 51 South Wheatland Avenue, where a reception was being given, and played several beautiful selections, strains of which were heard by Ye Editor, as far west as 39 North Warren Avenue. May we have more of these serenades.

The Hilltop Embroidery Club met at the residence of Mrs. Dr. Fox, on West Broad Street, Wednesday afternoon. The picture of the members of the Club was taken at this meeting.

FORTY-FIVE GUESTS PRESENT

Hilltop Band Give Guests a Pleasant
Surprise

Mrs. C. W. Randolph assisted by Mrs. Marie Earle and Mrs. Anna Parker, were hostesses to the First Division of the Glenwood Ladies' Aid Society and their husbands Tuesday evening. About forty-five were there to enjoy the games and program which had been prepared for them. Rev. Turley, accompanied by his sister-in-law, Mrs. Phalar, sang a pleasing arrangement of "Rock of Ages," and Mrs. Parker recited two selections.

During the course of the evening the guests were surprised to hear strains of music from some unexplained source. Upon investigating they found the Hilltop band had gathered in the front yard and were entertaining them with their pleasant music. After rendering several selections, the hostesses served them a dainty lunch. The guests were then served and at a late hour they departed for their homes, after having spent a most enjoyable evening.

PLEASANTLY SURPRISED

A pleasant surprise party was given to Mr. Herman Allbery, of 58 Highland Avenue, last Thursday evening. Games were played and a most delightful luncheon was served. The guests were: Mr. V. M. Allbery, Mrs. Geo. Allbery, Mildred, Doris, Onita, Florence, Elizabeth Allbery; Mr. Cook, Mr. Hall, Mrs. Walter Williams, Miss Earnestine Williams, Harris Allbery, Paul Allbery and Harold and Ethel Allbery.

SUNDAY SCHOOL ENTERTAINS.

On Saturday afternoon the primary teachers of Glenwood Methodist Episcopal Sunday School entertained their pupils with a party in the church basement. A great many games were played and refreshments were served. About one hundred and fifty children attended the party. The toys and dolls purchased for the Children's Hospital with the primary birthday fund were placed on exhibition.

EDITORIAL

We wish to extend to the Hilltoppers, business men and residents alike, our heartiest thanks. You are supporting The News loyally and enthusiastically. The business men have literally "swamped" us with advertisements, and the residents have contributed nearly all our news items. Both of these things are indispensable to the successful existence of a newspaper. There must be an even proportion of news and advertisements to make the paper interesting as well as self-supporting. Now, if we get just a few more advertisements, we intend to increase the size of the paper—but, remember, we must have news in proportion to the size. If anyone knows of any item of interest, call up the editor and tell it to him. Every item, no matter how small, helps to fill up the paper just as every drop of water helps to fill up the pond. There is a great future in view for us if we continue to receive the support you have already given us. All we ask is that you keep it going—don't stop. It is better to tell us all you know and let us judge what we can print than to hesitate about telling us anything at all.

Mr. A. B. Birch, 138 South Wheatland Avenue, who has been absent on business for an East End tablet company for the past seven weeks, returned to his home Tuesday evening of this week.

LAST CHANCE
To Help Tuberculosis Campaign.

On Saturday of this week, the final day of the tuberculosis campaign, every one on the Hilltop is requested to display their flags. All Columbus is prepared to make a big showing, and the Hilltop must not be in the rear. Besides displaying the large flags from the windows, everyone is supposed to wear a small flag on his coat lapel. These flags may be purchased for 10c from boys and girls who are now canvassing the Hilltop streets. Get the spirit of the affair! The amount of money is trifling. Let our section of town be literally patchworked with tuberculosis campaign flags.

Why the Charter Form of Government Should be Adopted

An Important Article by Atty. F. W. Postle, a Charter Commissioner

The special election will be held on May 5, 1914, to determine the question "Shall the charter be adopted?" To those persons who are in doubt about the question, the following reasons for voting affirmatively may be of interest:

The commission of fifteen men met to deliberate, two nights each week, beginning about the middle of May, 1913, continuing so to meet and deliberate until in December, with the exception of a period of about six weeks, during which time they were adjourned because of the hot weather. In December the final plan had been determined upon. A sub-committee of five of the commissioners met on an average of three nights each week until in February of this year, when the final draft of the charter was made. The commissioners have thus given much of their time and without pay. The election of the charter commission cost the city not less than \$10,000.00, and the May election will cost at least that sum. In addition to these sums there has been incurred a great expense in printing and mailing copies of the charter to the electors.

Never before in their history have Ohio municipalities been given the option of securing "Home Rule." The legislature, from time to time, has passed the laws that have regulated all of the municipalities so that no Ohio city has been free to adopt or reject "Home Rule." The injustice of this is apparent. Few of the members of the General Assembly are familiar with city government, neither can they know the peculiar needs of each city. For these reasons the constitutional convention made it possible, by amendment to the Ohio constitution, for any city to provide for "Home Rule," if it so chose.

Columbus has therefore taken advantage of the amendment and is about to decide whether or not it shall adopt the plan of "Home Rule."

The charter provides that the names of the candidates shall be printed on a non-partisan ticket. The voter should not cast his ballot for a city candidate merely because he is a Republican, Democrat or Socialist, but rather because he is worthy of the position which he seeks. Under the new charter, if adopted, councilmen, of whom seven are to be elected, will be elected at large, rather than from wards. This is said to be the most democratic form of government because it secures to each individual citizen the right of voting for, or against, any candidate for an office in which, if elected, he would be invested with the power of imposing a tax on, and of regulating the conduct of all citizens.

A new feature is presented in the preferential ballot. By this means of voting a voter may express his first, second or other choice for the city officials, excepting councilmen. This is a just way of

voting, because it is fair to assume that if a man cannot elect his first choice, his second or other choice candidate may be elected.

An attorney, known as a public defender, will be selected to give aid and counsel to those persons in trouble and who are unable to pay for legal aid.

Lastly, it should be remembered that the new charter provides that at any regular or special election, it may be amended in any way that public sentiment may demand, without additional expense. Also let it be remembered that if defeated, Columbus will not again attempt "Home Rule" government, perhaps for many years.

Respectfully submitted,
FRED W. POSTLE.

NOTE:—M. A. Gemuender, president of the Columbus Charter Commission, and J. S. Kornfeld, another member of the Commission, will explain the Commission in full at the meeting of the Hilltop Improvement Association at West Broad Street School, Tuesday evening.

EASTERN STAR CHAPTER ORGANIZED.

Robert Morris Chapter of the Order of the Eastern Star was instituted April 7th in the West Gate Masonic Lodge rooms, with fifty charter members.

Past Grand Patron, J. B. McGaughey, acted as Instituting Officer, and Mary Stevens, the oldest Past Grand Matron and oldest Worthy Matron in the state, filled the Worthy Matron's chair.

Past matrons of the different chapters of the city exemplified the work in a beautiful and impressive manner. About one hundred visitors from other chapters were present.

A letter was read from Robert Morris, the son of Robert Morris, the founder of the Order of the Eastern Star, expressing his appreciation of the honor of the name and promising a visit in the near future.

Speeches were heard from the Worthy Matron, Mrs. Anna Fleming, and Worthy Patron, Mr. George Milner, expressing their gratitude to the visiting chapters.

Impromptu speeches closed a very pleasant and profitable evening.

LAWN FETE FOR HILLTOPPERS.

The Hilltop Improvement Association is planning a lawn fete to be held in Glenwood Park on the evening of May 22nd. This lawn fete is to be given in appreciation of the splendid work the Hilltop Band has been doing, and with a view to raising funds to purchase uniforms for the members of the band. Tickets will be placed in all the Hilltop business houses at a cost of 10c each, and every Hilltopper should lend a hand to make this event a big success.

WEDDING.

Mr. William H. Robinson and Miss Fairie Zickafoose, of 2400 Sullivan Avenue, were united in marriage at the Glenwood Parsonage, by Rev. Turley, on Thursday afternoon at 3 p. m. Mr. and Mrs. Robinson went at once to housekeeping in their newly-furnished home at 2085 West Broad Street.

West Side Sunday School Convention

To be held April 30th in Hoge Memorial Presbyterian Church
—Boys' Congress will meet.

The West Side Sunday School Convention will be held at the Hoge Memorial Presbyterian Church on April 30th. Members will be sent to this convention from every church west of the river. The program will consist of five-minute talks by each of the pastors on the subject: "What Should Be the Pastor's Relation to the Sunday School?" There will be special singing at this convention. Hymns from the Billy Sunday song books will be sung at the opening of the meeting. The music will be directed by Mr. Stevenson of the West Broad Street Presbyterian Church.

The Banner, which is always awarded to the school having the highest percentage of officers and teachers present at the Convention, is now held by the Gift Street Methodist Episcopal School. The Banner is a splendid one and should be an inspiration to every school.

Mr. Bert Young, president of the Convention, is expecting a very enthusiastic meeting. Present indications are that it will be the largest and best Convention held heretofore. The Boys' Congress, which was organized at the last Convention will be served with light refreshments in the basement of the church at six in the evening.

EASTER CANTATA.

Miss Bessie Sperry's Sunday School class of the Hoge Memorial Presbyterian Church, composed of about twenty young ladies, will render an Easter cantata, entitled, "The Risen Redeemer," at the Sunday evening service. Special Easter music will be rendered by the choir at the morning service.

VISITORS ABROAD.

Mrs. Thomas Addison and daughter Lydia have booked passage on the steamer California, for Edinboro, Scotland, where they will spend the summer with Mrs. Addison's parents.

A fire of little consequence called the fire department to a residence on South Oakley Avenue early Thursday morning. Not much damage was done to the residence.

Mrs. Winfield Scott, Jr., of Belvidere Avenue, left Wednesday noon to spend a few days with her parents in Massillon, Ohio.

With pleasure we learn of the return Wednesday of Mrs. Ernest Gill (Ethel Rider), who has spent the winter in Florida.

EDITORIAL.

We appreciate the many words of encouragement and helpfulness we have received from our advertisers and Hilltop friends. Last Saturday was a busy day for all merchants, in all lines, and everyone seemed happy. Some of our patrons announced the fact that they would soon want more advertising space, and new advertisements appear in each issue. Patronize these merchants, as they are the ones who are "boosting the Hilltop."

A SPRING LYRIC.

Spring is here; beautiful Spring.
It makes me jump, and skip, and sing
To think that Winter at last is o'er,
And the "beautiful" snow we'll have no more.
The dark clouds tower in a threatening sky,
And the wild storm goes roaring by;
But the boys fly kites, and the birds they sing,
And the Almanac says it is beautiful Spring.

Spring is here. Oh, joy sublime!
'Tis the poet's hour—'tis the sweet Springtime.
So I raise my voice in a joyful lay,
For everything proves she is here to stay.
The housecleaning germ is abroad in the air.
The purple violets are everywhere.
Agents and peddlers swarm up the street
And the tramp comes 'round for a bite to eat.
So I jump, and skip, and sometimes sing.
All thru the months of beautiful Spring.
—Mrs. O. E. Haller.

VACANT LOTS WANTED

By City Recreation Department.

There have been, within the last week, six requests for vacant lots in the vicinity of Whitethorne Avenue, made of Mr. Wambold, secretary of the Public Recreation Commission. There are at least a dozen lots in that immediate territory now which are and will be, if not turned over to the Recreation Department, beautiful and artistic weed gardens. What a mark of civic pride—not to say local pride—these weed gardens are. They are such valuable assets to a community. They indicate an extraordinary amount of interest in the beautification of the Hilltop. To turn these lots over to the Department of Recreation would be to raise the value of Hilltop property, to make the Hilltop a more pleasant and beautiful place to live and to make the donor feel that he has done much to advance the interests of his community. Therefore, if there is anyone owning lots near Whitethorne Avenue or anywhere on the Hill, and desiring to turn them over to Mr. Wambold, please call Main 168 and you will be cared for. An action of this sort is of as much value as \$25 placed in a missionary box.

ITEMS OF INTEREST

An entertainment will be given in the basement of the Glenwood Methodist Episcopal Church on Thursday evening, April 16, under the auspices of the Epworth League. The star attraction will be Mrs. Loma Owen-Conklin, lyric soprano of Delaware, Ohio. The admission is ten cents.

The Ladies' Aid Society of Glenwood Methodist Episcopal Church will hold an Easter market in the church basement all day Friday and Saturday. Home-made bread and pastries will be for sale.

The third division of the Ladies' Aid Society of Glenwood Church will meet at the home of Mrs. Courtright, 2642 West Broad, Friday afternoon at 2 o'clock. Every member is requested to be present, as business of importance will be transacted.

Mrs. C. E. Turley, wife of the pastor of Glenwood Church, returned home Monday evening from Southern California, where she has been spending the winter.

Mr. Donald Lear, of Eureka Avenue, is visiting Owen Osborn, who formerly lived at 67 North Eureka, but who now lives at Bucyrus, Ohio.

VAUDEVILLE ENTERTAINMENT

Includes Magic and Minstrels

Among the many enterprising and progressive activities of the season, the entertainment to be given by the Y. P. C. E. Society of the Presbyterian Church is the most commendable in its line. It ought to receive the heartiest support of every loyal Hilltopper. We can only become great by doing great things. Never before, in the history of the Hilltop, has so large and so professional-like an entertainment been undertaken. It does not even savor of amateurish performances we have heretofore witnessed. Alfred Kearney, the magician, who will fill the first half of the evening with his act, "An Hour in Wonderland," is the greatest of his profession in Ohio, being president of the "Mystic Ring of Ohio." The little play, "Inspector No. 23," is to be highly recommended as the most humorous and side-splitting funny farce we have seen, even at Keith's, in many a day.

This entertainment should not be considered as sectarian—and no fair-minded person will consider it as such—but rather as a whole-Hilltop enterprise. Everybody come and enjoy yourself. Let's all go and have a roaring good time and declare our belief in the little saying, "A little nonsense, now and then, is relished by the wisest men."

On Saturday afternoon of last week Mrs. W. S. Ballard, of 222 Midland Avenue, left for Harrodsburg, Kentucky, where Mr. Ballard has been living for the last month. It is probable that they may reside there permanently, since Mr. Ballard has secured a fine position at the Bohon Carriage Company.

An entertainment will be given for the benefit of St. Aloysius's Church on the 17th of April, at the Chamber of Commerce Auditorium.

HILLTOPPERS HEAR CHARTER COMMISSION DISCUSSED

The Hilltop Improvement Association at a meeting at the West Broad Street School Tuesday evening heard a discussion of the proposed new charter for Columbus.

Martin A. Gemuender, Rabbi Joseph S. Kornfeld and Fred W. Postle, councilman-at-large, spoke on the charter and urged the voters to ratify it at the polls May 5. Messrs. Gemuender and Kornfeld pointed out that partisan politicians were against the charter because of the nonpartisan ballot and other progressive features.

A motion was made by Attorney Cecil J. Randall, secretary of the Hilltop Association, to endorse the proposed charter, but the question was raised as to whether this would not be a political action from which the association is barred. A motion was made but not voted on to change the constitution which would permit an endorsement of the charter and similar movements.

SUNSET LITERARY CLUB

The Sunset Literary Club held its regular meeting at the home of Mrs. J. K. Mooney, 2665 West Broad Street, Thursday P. M., April 9. After the business session, Mrs. H. D. Shultz read a very interesting paper on "White Slavery." After the social hour the meeting adjourned. The next meeting will be held at the home of the president, Mrs. C. W. Lenta, 25 North Harris Avenue, and a special social is being arranged to celebrate the fourth birthday of the club on April 22nd.

SUFFRAGE ASSOCIATION MEETS.

Mrs. Catherine Feibert, Secretary of the Ohio Crittenden Home Association of Grandview, will address a meeting of the Franklin County Woman's Suffrage Association at the home of Mrs. V. O. Jeffries, 152 South Ogden Avenue, Tuesday P. M., April 21st, at 2:30. All ladies whether members of the Suffrage Association or not are invited and urged to attend this meeting.

Mrs. Paul Eichberger and daughter, Pauline, of Orlando, Florida, are guests at the home of Rev. M. W. Simpson, 146 South Ogden Avenue. Mrs. Eichberger is a niece of Mrs. Simpson.

VACANT LOTS WANTED.

There is still a demand for vacant lots on the Hilltop. The Public Recreation Department has, so far, received no offers of lots to satisfy this demand. When will the owners of these lots realize that in turning them over to the department to be gardened, they are helping materially to beautify the Hilltop? It is an undeniable fact. If anyone has a lot which he wishes to loan to the Department, please notify Mr. Wambold, of the City Recreation Commission, or the editor of the News, and we will be glad to notify the Commission.

MONTHLY MEETING.

The Ladies' Missionary Society of the Hoge Memorial Presbyterian Church held their regular meeting Thursday afternoon at the home of Mrs. Newton Haller, 100 North Eureka Avenue. The leaders for the meeting were Mrs. W. G. Davis and Mrs. Jerman. At the close of the meeting Mrs. Haller served dainty refreshments. Each lady who had earned a dollar for church work during the past month related the methods used in securing the money.

ARTISTIC ARRANGEMENT.

At the regular April meeting of the Hoge Memorial Ladies' Aid Society the refreshments at the social hour were served in a beautiful manner. Tables were arranged in the form of a cross. Easter flowers were used to carry out the color scheme of yellow and white. The hostesses were: Mrs. J. H. Hatfield, Mrs. F. P. Sperry, Mrs. A. S. Ogg, Mrs. John Walters, Mrs. I. A. Robinson and Mrs. D. Jerman.

SEWING CIRCLE ENTERTAINED.

Mrs. V. O. Jeffries, 152 South Ogden Avenue, entertained the members of the East Side Sewing Circle Friday afternoon of last week in a delightful manner. The rooms were prettily decorated, the color scheme being carried out in white, pink and green, also in the dainty favors given. A lunch appropriate to the Easter season was served.

ATHLETIC ASSOCIATION MEETS.

The Athletic Association of the Hoge Memorial Presbyterian Church held a meeting in the church basement, Monday night. Homer Robinson was appointed manager and temporary captain of the baseball team. Arrangements were made to have one-half of the association entertain the other half next Monday night.

SPLENDID ENTERTAINMENT IN SCHOOL BUILDING TONIGHT

The Christian Endeavor Society of the Presbyterian Church will give an entertainment at West Broad Street School on Friday evening at 8 P. M. Alfred P. Kearney, vice president of the Mystic Ring of Ohio, will give his novelty act, "An Hour in Wonderland," the first half of the evening. Then will follow some songs by a famous east side colored quartette. After that, "Inspector No. 23," a farce comedy, will be presented by a local cast. Altogether the whole performance promises to be excellent. The Hilltop Band will meet at Highland Avenue and West Broad where it will play a few pieces. Then it will march west to the School, playing along the march. Arriving at the School they will render a few selections before the performance proper commences. The Shockey Brothers Orchestra will furnish the music for stage attractions.

MEETING OF COLUMBUS PRESBYTERY.

The April meeting of the Columbus Presbytery convened in the West Broad Street Presbyterian Church Monday afternoon and evening of this week. The Hoge Memorial Presbyterian Church was represented by its pastor, Dr. J. H. Hatfield, and Elder W. H. Deems. Reports of the different churches were given at this meeting. An executive commission, consisting of seven members, of which Dr. Hatfield is chairman, was appointed to care for any business that may come up between the regular meetings of Presbytery.

DIES FROM BURNS.

Mrs. Hooper, a Hilltop resident, who has resided on South Wheatland Avenue for some time, died Tuesday morning of burns she received last November. She died at the home of her sister, who lives on Franklin Avenue, in the east side. Mrs. Hooper has spent much of her time and energy in starting the Hilltop order of Eastern Stars. However, she passed away before the first meeting of the club was held.

Miss Genevive Sifrit, of 27 South Ogden, spent her Easter vacation visiting her aunt, Mrs. Salander, of Prospect, Ohio.

EDITORIAL.

We regret to announce that since our advent in newspaper circles, we have been compelled to refuse several good contracts for advertising space on the grounds that said applicants are not numbered among those who are "boosting for the Hilltop." We do not mean to discriminate against any business, but we owe it to our advertisers to accept advertisements only from those who are interested in the growth and development of the Hilltop. May the Hilltop residents patronize the men who are planning and working for "bigger and better things for the Hilltop."

Does it pay to advertise? We think it does. Last week a "For Rent" ad. was printed in the News advertising two partly furnished rooms for rent. Today they are occupied. Does it pay?

An old landmark was destroyed Wednesday of this week when the old Oak tree at the corner of Oakley Avenue and Broad Street was felled in anticipation of excavating for the Young business block which is to be begun at once.

THE BOY PROBLEM

Our twentieth century can boast of having many problems to solve. One of the greatest of these is the "Boy Problem." The normal American boy is a dynamo of active energy and is always seeking some outlet where he can expend his superfluous strength. You can no more keep him quiet than you can calm an active volcano; and if you could he would not be a natural boy.

Since the boy is father to the man and is to be the leader in the affairs of tomorrow, there are some things that should early be impressed upon his mind. The principles emphasized and learned in childhood always remain to be guideposts along the ways of life. Here are some things it would be well for teacher and parent to impress upon the mind of the boy:

1. Take good care of the body. Avoid all habits and practices that in any way impair its strength or hinder it from coming to its maximum power.
 2. Learn to appreciate the value of good books. If a boy loves good books he need never be lonely nor feel friendless or forsaken.
 3. Have a deep and abiding respect for girls and women. That was a fine resolution passed by the Boys' Congress in Lima recently that they would always treat girls "on the square."
 4. In all games and sports learn to control yourself.
- These four things taught to the boys will have a good influence in making them what they ought to be today and will show them what they can be tomorrow.—Rev. C. E. Turley.

TRI-MU CLASS BANQUETS BASKET-BALL TEAM

Saturday evening of last week, the Tri-Mu Class of the Glenwood M. E. Church gave a banquet honoring its basket ball team, which won the West Side Sunday School Basket Ball championship, and is now a contender for the city championship. Dr. Martindale, who is the teacher of the class, acted as toastmaster for the evening and was introduced by Edgar Ferguson, the manager of the team. The following responded to toasts: Rev. Turley, Alva Myers, captain of the team; Walter Castoe, Glyh Matheny, Carlos Matheny, Harlan Born, Earl Watson and Walter Randolph, who was unanimously elected to captain the team thru next season's battles.

Dr. Martindale proved to be a splendid toastmaster and each one present thoroughly enjoyed themselves.

NOTE: The committee on arrangements wish to thank the members of the Ladies' Aid Society of the Glenwood Methodist Episcopal Church for their services in preparing the banquet, and the retail and wholesale merchants who contributed so liberally towards the success of the Tri-Mus' Annual Basket Ball banquet.

A GUEST.

SUNDAY SCHOOL BOOSTER CLUB.

On Wednesday evening various members of the Presbyterian Sunday School met in the Church to form an organization of some sort to create new interest in the Sunday School and its work. It will be the first aim of the Club to raise its membership to three hundred.

SURPRISE PARTY.

A birthday surprise party was given James F. Smith, of 2402 1/2 West Broad Street, Monday evening. Those present had a jolly good time in playing many games. Dainty refreshments were served. The guests were: Rev. T. S. Hass, of Jeffersonville, O.; Mr. and Mrs. I. A. Geren and daughter, Ruth; Mr. and Mrs. Earnhart, Mrs. Jennie Smith, Rev. and Mrs. C. E. Turley, Mr. John Bader and son, Mr. and Mrs. W. E. Dolby and son.

A number of Hilltop Endeavorers attended a union meeting and rally of the Franklin County Union Tuesday evening at the South Church of Christ.

Mrs. Jacob Shockey left for Dayton, Ohio, Tuesday. She intends to spend several weeks at the home of her daughter.

Mr. and Mrs. Mansell W. Legg, of 123 North Warren Avenue, spent Sunday with friends in New Lexington.

Mrs. C. E. Turley, of Highland Avenue, is entertaining Miss Glenna Brock, of Shawnee, Ohio, this week.

FOURTH ANNIVERSARY.

The Sunset Literary Club and a number of invited guests were delightfully entertained at the pleasant home of the President, Mrs. C. W. Lentz, 25 North Harris Avenue, Wednesday afternoon, April 22. The occasion was the fourth anniversary of the organization. An informal program consisting of music and short talks from the different members and guests, also a history of the Club read by the Secretary. Worthy of mention was the little talk given by Mrs. H. H. Barker, President of the City Federation, who in her impressive manner outlined the work of the Federation and enumerated the benefits to be derived from being associated with the Federation. After a brief social time, the guests were further delighted with the dainty luncheon which was served. The members of the Club and guests then joined heartily in singing "America" and departed for their homes thanking Mrs. Lentz for a very pleasant afternoon.

WEST HIGH CARNIVAL MAY 1.

One of the very interesting events of the season will be the West High School Carnival on Friday, May 1. The hours of the May Party, as it is also called, are from 3:00 P. M. to 10:00 P. M. Three thousand tickets, good for ice cream and cake, are now being sold all over the West Side at 10 cents apiece. The purpose of the Carnival is to raise funds enough to build a few tennis courts for the school and to beautify it in various other ways. There will be various attractions, such as concerts, electrical displays, etc., in the different rooms of the building, and the admission to each room will be five cents. Surely this activity, as well as all the West High School activities, should meet with the heartiest support of every Hilltopper, inasmuch as West High School is as much their school as the school of the bottoms.

MEN'S MASS MEETING.

The mass meeting for men at the Friends' Church Sunday afternoon was largely attended. The Hilltop Band met at the corner of Highland Avenue and Broad Street and rendered several selections, after which they headed the procession which marched to the church. Rev. Kirby, pastor of the church, delivered a stirring address on the topic, "Come and See." Plans were formulated by which some definite aid will be rendered Mr. Clark, who has volunteered his services to conduct a mission on West Broad Street. Already a number of conversions have been witnessed.

The Airdome Theater has been moved from its old location on West Broad and Oakley to West Broad and North Park. The size of the theater has been increased considerably. The old policy of moving pictures and vaudeville will be adhered to. The theater is expected to open in a very short time.

EVERY HILLTOP VOTER SHOULD ATTEND MEETING

A very important meeting in the interest of the proposed Charter for the city of Columbus will be held in the West Broad School Tuesday evening, April 27. Mr. E. L. Weinland, a member of the commission, and Mr. Fred Postle, councilman-at-large, will be present to discuss the proposed charter and explain any questions that may be proposed. Every voter on the Hilltop is urged to attend this meeting, so that they may be informed on the question when it comes time for the election, which will be held on May 5th.

ATHLETIC ASSOCIATION RECEPTION.

The Athletic Association of the Presbyterian Church held a reception for new members Monday evening. The social committee had prepared an elaborate program of various kinds of entertainments, which was heartily enjoyed by all the boys. Refreshments were also served after a few business items were attended to.

WEST SIDE SUNDAY SCHOOL CONVENTION.

The West Side Sunday School Convention will be held at the Hoge Memorial Presbyterian Church on Thursday evening, April 30. In addition to the regular business of the convention, there will be a meeting and reception of the Boys' Congress in the evening. From present indications, it seems as if this convention is to be the most successful yet held.

C. E. BUSINESS MEETING.

The Christian Endeavor Society of the Presbyterian Church will hold their regular business meeting Friday evening at the home of Harold Cooley, 97 North Terrace Avenue. An interesting and pleasing program has been prepared by the social committee. Unique refreshments will be served by an active refreshment committee.

CHANGE OF OWNERSHIP.

J. F. Rawn has purchased from J. H. Spence his interest in the Grocery and Meat Market at the corner of Highland Avenue and Broad Street, and the business will be conducted under the name of the J. F. Rawn Grocery. Mr. Rawn has purchased two new delivery wagons to assist in "delivering the goods" to his customers.

ATTENDS CONVENTION.

Mrs. Shultz, of South Warren Avenue, left Wednesday for Canton to attend the Executive Committee meeting of the Woman's Missionary Society. The Committee is making preparations for the annual state convention, which will be held at Cedar Hill, Ohio.

SPRING AND—

Spring is here, and with the coming of Spring there cometh these three, blossoms, Spring poets, and flies, but the the greatest of these is flies—hence these remarks.

The fact that the "common house fly" is one of the most prolific carriers of disease is quite universally recognized, but I wish to call attention to the fact that the outlying sections of a city should give special attention to the subject of flies because of the usual prevalence of the two requisites to an abundance of them. If those having stables, especially horse stables, will exercise care in the disposal of the refuse they will contribute much towards the public good. On the other hand if they are careless and permit the refuse to lie around exposed, they may contribute toward an epidemic of typhoid fever, or much suffering from bowel troubles, or some other diseases propagated by flies. Manure that has been lying on lawns over the winter should be carefully raked up and either burned or otherwise disposed of. Those charged with that responsibility should see that the droppings on the streets are frequently removed. A scarcity of breeding places means a scarcity of flies.

An equally important consideration is feeding places. Many persons contribute towards these. Refuse from the table should never be thrown out. Never

"shake the table cloth" from the back porch or back door, flies come to eat the crumbs more than do the birds. Garbage cans should be tightly closed always, even when empty. If the garbage collector fails to replace the cover on the can, he should be reported. Never put garbage in a hole in the ground without immediately completely covering it. Those who have gardens should never permit decaying vegetables to remain where flies can feed on them. Flies will not stay long where there is nothing for them to eat.

A little care in preventing breeding and feeding places for flies will contribute very much to the charm and healthfulness of the Hilltop.

REV. A. A. NEILLIS.

In our editorial column this week is a timely article on Spring, written by Rev. A. A. Nellis, of 257 South Richardson Avenue. Rev. Nellis is a Baptist minister, who spent three years as Chaplain in the Panama Canal Zone. At one time he gave a stereopticon lecture of the Panama Canal, which many of our readers will remember.

In almost every other house you see a sign tacked near the door bearing the information, "Measles." It is estimated there are over two hundred cases on the Hilltop, which has greatly reduced the attendance of the churches and schools.

Some of our advertisers have been too busy to write a change of advertisement for The News this week, which speaks well for the prosperity of the Hilltop.

The Hilltop News will gladly furnish estimates on all kinds of printing, and the quality is O. K.

SOUTH EUREKA AVENUE.

Four weeks and still waiting! Waiting for what? Waiting for the work on the proposed paving and improvement of South Eureka Avenue to begin. If the work had begun as soon as the rumors about it began to spread around, the street would have been completely paved by this time. We have become so accustomed to the frequent postponements, that should the work finally be begun, if it be in our generation, the news would be even a greater surprise than the announcement of half a dozen Mexican wars.

VACANT LOTS WANTED.

There is still a demand for vacant lots on the Hilltop. The Public Recreation Department has, so far, received no offers of lots to satisfy this demand. When will the owners of these lots realize that in turning them over to the department to be gardened, they are helping materially to beautify the Hilltop? It is an undeniable fact. If anyone has a lot which he wishes to loan to the Department, please notify Mr. Wambold, of the City Recreation Commission, or the editor of the *News*, and we will be glad to notify the Commission.

IT PAYS TO ADVERTISE!

Last week there was an advertisement for a setting hen inserted in our want ad column. The *News* came out at 2 P. M. Friday and before 5 o'clock the person who had advertised had received a reply. By Saturday night he had received seven replies. The natural conclusion is, **It Pays to Advertise!**

A Scotchman was returning home late one night, through a lonely street, when he was set upon by two footpads. The Scotchman put up a terrific fight, but was finally overcome and the thieves went through his pockets. On finding only "twapence"—about four cents in American money—one of them remarked:

"Thank the Lord he wasn't carrying a shillin', Bill, er he'd 'a' done fer us both."

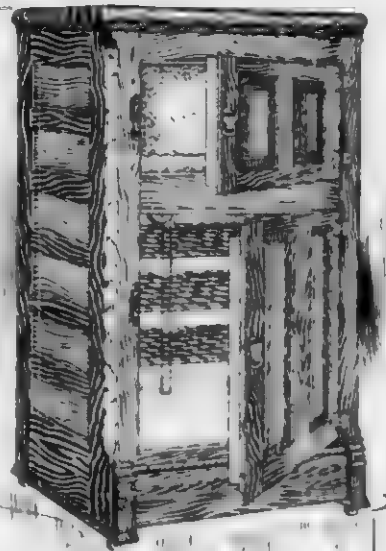

Not long ago a young man sanguine of a future in the selling game was temporarily employed by a large retail clothing house during a sale of women's apparel.

On the day following his employment he was approached by a customer at the rush hour, who asked to be shown a medium-priced skirt to wear around the house.

"All right," said the young hopeful. "What's the size of the house?"

WEST BROAD TEACHERS

ENTERTAIN PARENTS

The teaching force of the West Broad Street School entertained the parents of the pupils at the Building Friday evening, April 24th.

The auditorium was prettily decorated for the occasion, and an excellent program was given. Piano music by Lenora Kipp, Lilian Mack, Erma Stauch, Veta Shonting and Naomi Walz, a vocal solo by Miss Louise Schroll, readings by Miss Charlotte Hook and Master Walter Kurtzhaltz were the offerings of the school.

The patrons were represented by Rev. J. H. Hatfield, who spoke on the "Moral Training of the Child," and the Rev. A. A. Nellis, whose subject was "Co-operation."

Dr. Hatfield emphasized the fact that at the present time too often the moral side of a child's nature is not developed in proportion to his mental and physical sides; that high mental and physical development without the moral, make dangerous men and women; and that if the boys and girls of today are to become the citizens of tomorrow, they must be developed in the three ways.

Rev. Nellis spoke of the necessity of co-operation between the home and school, if the highest degree of success is to be attained. He stated a well-known fact—that children are prone to exaggerate small happenings into large ones, and that parents sometimes accept these exaggerations without making an effort to investigate. He reminded his audience that co-operation has two sides—the home working with the school, and the school with the home.

After the program was completed, some time was spent in conversation with neighbors, friends and teachers—an old-fashioned social time.

The principal and teachers wish that all the patrons of the school could be persuaded to attend these evening affairs, which are planned for the purpose of becoming better acquainted, and thus of being better able to promote the welfare of the children.

It looks as if West High School were in a fair way to cinch the Senior High baseball championship of the city this year. West has defeated East and North, her two most formidable opponents, already. West 7, East 4; West 10, North 6.

CHARTER DISCUSSED.

E. L. Weinland and F. W. Postle addressed an enthusiastic meeting of Hilltoppers at West Broad Street School, Tuesday night. They spoke on the proposed city charter. They pointed out the many advantages to be gained by home rule, and that the defeat of the charter meant the continuation of the present regime in city government. Non-partisan city elections, the recall, elimination of the legal advertising expense were other features of the charter touched upon. Mr. Postle was a member of the Charter Commission until he was elected councilman-at-large, when he resigned.

The Hilltop Band marched out to the School from Highland Avenue, playing along the way. A few selections were rendered at the corner of Hague and West Broad and then the Band returned to the starting point.

S. S. CONVENTION.

The West Side Sunday School Association held their quarterly meeting in the Hoge Memorial Presbyterian Church Thursday evening, and was attended by many of the West Side Sunday School workers.

Professor E. S. Stephenson, of the West Broad Presbyterian Church, directed the music; the "Billy Sunday Red Book" being used. The program, after business transactions were concluded, consisted of five-minute talks by West Side pastors on the topic: "What Should Be the Relation of the Pastor to the Sunday School?" In the afternoon at 3:30 the Boys' Congress met and held a short business session. At 6 P. M. the ladies of the Church served refreshments.

BARN DESTROYED.

Fire of unknown origin caused considerable damage to the barn of S. A. Curran, 2389 Apple Street, Friday night about eight-thirty. The flames had gained quite a headway before they were discovered and before the fire engine arrived nearly the entire barn was destroyed. A two hundred and fifty dollar motorcycle was completely destroyed. Likewise a number of valuable tools were damaged and several dollars' worth of new lumber was burned up.

PERGRIN HARDWARE CO.

ERECTS TWO-STORY BUILDING

A substantial and up-to-date business block is the one being erected by The Pergrin Hardware Company, on West Broad Street, between Oakley and North Park Avenues. Excavation was begun in the latter part of 1913, but the actual building operations have been started this week. The building will be 30x100 feet, two-story, of pressed brick. An elevator will be installed in the building and it is their intention to have a building well arranged to handle their growing hardware business. The building will be completed about September 1st, and will be stocked with a complete line of hardware, farmer's supplies, seeds of all kinds, etc.

Roy L. Francis, of 2519 West Broad Street, has the contract for the building.

WEST HIGH CARNIVAL

Remember the West High Carnival which is to be given at West High School this afternoon and evening. The money raised will be used for the beautification of the school building and premises. There will be "something doing" from 3 to 7 P. M. Among the various attractions are these: Wireless apparatus in action, an electrical display, moving pictures of "Yellowstone Park, moving picture trip thru Old World," "Mrs. Jarley's Wax Works," "A Case of Suspension," a farce. "Mrs. Jarley's Wax Works" will be presented by the Junior Class and it will be the star attraction of the May Party.

BENEFIT LAWN FETE.

On Friday evening, May 22, Glenwood Park will be formally opened by a lawn fete and band concert. The proceeds from this will be used to buy uniforms for the Hilltop Band. The tickets, good for ice cream, cake and music, are only ten cents. Surely, this is a worthy undertaking and it should receive the heartiest support of every truly loyal Hilltopper. We take great pride in our band as it is, but we will be even prouder of it when it is dressed in uniform.

Mrs. L. S. Paxton and son, Joseph Andrew, of 48 South Richardson Avenue, are visiting relatives in Pittsburg this week.

EDITORIAL

On Tuesday, May 5, the citizens of this city will have the privilege of deciding whether or not they will adopt the charter form of government. This election will be one of the most important events in the history of our city. The form of government provided by the charter is that by the people, or "Home Rule," as it has been called. We do not have space in our publication to thoroughly discuss the merits or disadvantages of the charter, but we will declare that the form of government it offers is far better than the one now in use. There may be some objectionable features to it, but they are far outweighed by the desirable ones. Instead of discussing the minute details of it, we would advise each voter to secure a copy of the charter and read it through. No one can vote intelligently unless he possesses some clear idea about what he is voting. However, the great thing we wish to emphasize is the necessity of everyone, legally qualified, to vote. It is a duty that every man owes to his own family, to his community and to society in general. When the voters assume a lackadaisical attitude toward a thing and are indifferent about voting, then "bossism" and "the political machines" gain control. They have unhampered sway. And it is the usual case that the man who will not vote will be bitterly lamenting the resultant state of affairs inside of six months. So, whether you vote "yes," or "no," go to the polls, men of Columbus, and vote. Then you may be satisfied that you have done your best to further the interests of your city. Do not let it be the case that the city of Columbus has spent enormous sums of money to have this charter prepared, only to have about a

third of the citizens vote on it. Take Action! It is a man's estate to vote. Be a Man!

Excavation for the Young business block on the corner of Oakley and Broad Street is progressing rapidly. The Hilltop surely presents the appearance of a "growing community."

Are you going to attend the West High School Carnival this evening? Let us be loyal to our High School and gladden the students by attending their annual May Festival.

Plans for the observance of Mother's Day, the second Sunday in May, have already been announced in many of the local churches.

MOTHER'S DAY WILL BE OBSERVED NEXT SUNDAY

Next Sunday is "Mothers' Day." In respect for the living mother, or in honor of the memory of a mother whom we no longer meet in the earth life, every person ought to attend the service of some church.

The influence of a good mother on the life, character and destiny of her children cannot be estimated. Most of the great men of history have as the background of their lives a good mother.

John Randolph once said: "I would have become an atheist were it not for the memory of the days when my mother taught me to say 'Our Father which art in Heaven.'" And many a young man and woman today are walking in the pathway of a virtuous life because of the pure example of a Godly mother.

The doors of all the Hilltop churches swing open next Sunday and invite all to come within their portals. This will be a fine way to honor mother.

"They say that man is mighty,

He governs land and sea.
He wields a mighty scepter
O'er lesser powers that be.
But a mightier power and stronger
Man from his throne has hurled;
For the hand that rocks the cradle
Is the hand that rules the world."

—Rev. C. E. Turley.

PRISCILLA EMBROIDERY CLUB MEETS.

The Priscilla Embroidery Club, or the "Merry Twelve," met at the home of Miss Edmonia Malone of 217 Gates Street.

The hostesses were Miss Virginia Carter, Miss Myrtle Dean, Miss Margaret Bentz and Miss Edmonia Malone.

Those present were Miss Annis Turner, Miss Helen Gill, Miss Ada Gallaway, Miss Nell Taylor, Miss Marie Hoar and the hostesses.

The Priscilla Embroidery Club will meet Monday, May 18th, with Miss Ada Gallaway.

WEST HIGH FIRST.

The West High baseball team now holds first place in the Senior High League since it defeated Aquinas by a score of 9 to 6, Tuesday. West has not lost a single game yet.

THE SUNSHINE CIRCLE.

Members of the Sunday School class of the Hoge Memorial Church, taught by Miss Eva Burnside, met Monday evening and formed an organization to be known as the Sunshine Circle. The following officers were elected: President, Miss Edna Shockey; vice president, Miss Lenore Kipp; secretary, Miss Catherine Sperry; treasurer, Miss Lenore Kipp.

Other members of the class are: Misses Martha Davidson, Mary Foster, Ardis Hensel, Louise Kuch, Viola Kuch, Marion Long, Ethel O'Harra, Elizabeth Reese, Ruth Shockey, Pauline Shockey, Eva Stone and Marie Zinn.

Meetings will be held semi-monthly and the Circle is planning to engage in philanthropic work of some nature.

SACRED ORATORIO WILL BE RENDERED.

Professor Tussing, assisted by fifty voices, will render a sacred oratorio in the auditorium of the West Broad Street School at 8 p. m., Tuesday evening, May 26. The Hilltop Band will play several selections before the entertainment proper. The admission fee is only ten cents, which makes it possible for many to see a high priced attraction for a very small sum. The entertainment is to be given under the auspices of the Men's Class of St. Paul's Evangelical Church.

WEST HIGH CARNIVAL A SUCCESS.

The West High School Carnival, held at the school last Friday, was an immense success in every respect. It is estimated that nearly four hundred dollars were cleared. The many attractions were very interesting and the refreshments served were of the best, home-made kind. There were extremely large crowds in both the afternoon and at night. People from all sections of the city were present and among the honored guests were Mayor and Mrs. Karb and Professor and Mrs. Shawan.

LIBRARY REPLENISHED.

The West Broad Street branch of the Public Library, located at West Broad Street School building, has just received a fine collection of new books, including history, travels and some of the latest popular books. The library is open on Tuesdays and Fridays, from 3 to 5, and from 7 to 9 p. m.

POPULAR YOUNG COUPLE WEDDED TOMORROW EVENING

One of the most charming weddings of the season will occur when Mr. Bert Parrish of North Warren Avenue and Miss Marguerite Gray of Belvidere Avenue are married, Saturday evening, in the parsonage of St. Aloysius Church. Mr. Parrish is a traveling salesman for the Sheldon Dry Goods Company and has lived on the Hilltop for nearly five years. He is probably one of the most widely known young men on the Hilltop and has a multitude of local friends. Miss Gray, who resides with her parents on Belvidere Avenue, has been a teacher at Bliss College for some time. Not only has she been extremely popular at the college but also here on the Hilltop. The announcement of the wedding has met with showers of congratulations from the innumerable friends of the couple. They have completely furnished their home at 222 Midland Avenue, and after a week's trip on the Great Lakes will return there.

MRS. CHAMBERS DEAD.

Funeral services for Mrs. Louisa H. Chambers, who died Sunday morning at her home in Franklin Township, at the age of 66, were held in the Glenwood M. E. Church Tuesday afternoon. She is survived by two sons, W. A. and Melvin Chambers, and one daughter, Mrs. E. W. Martindale, of West Broad Street. Interment was made in Green Lawn Cemetery.

YOUNG PEOPLE'S CHORUS CHOIR.

A Young People's Chorus Choir is being organized at the Presbyterian Church to furnish music at the evening service. The age scale ranges from 15 to 20 years, and as there are many eligible vocalists in the Church, some excellent music is expected. Mrs. R. L. Heid will direct the chorus.

MRS. SHULTZ ILL.

Mrs. H. D. Shultz, of South Warren Avenue, has been seriously ill and under the care of a doctor for the past week at Canton, where she is attending the Executive Board meeting of the Woman's Missionary Society of Ohio. From latest reports, she is improving.

EDITORIAL

Sunday, May 10, has been designated by a proclamation of Governor Cox as "Mother's Day." In the proclamation the governor urges that the day be especially observed in all churches with appropriate exercises and also that everyone should wear a carnation in memory of his mother. A red carnation signifies that the mother is living—a white one that she is dead. The setting aside of a day to honor motherhood, altho it is a course which has been only recently adopted, is to be highly commended. The human mind can scarcely appreciate the greatness of this sentiment. Yet, more and more, we are realizing the blessed sacrifices, the struggles, the patience and the saintliness of mother. Her quick perception of our difficulties, and her comforting sympathy have rendered, for mother, in the hearts of mankind, a sacred shrine. "Mother's Day" is but a poor and insufficient tribute to motherhood if we do not devote the whole of it to mother. Mother not only dominates the affairs of the home, but also of the nation. As Abraham Lincoln said, "All that I am, and all that I hope to be, I owe to my mother."

Let everyone be so stirred by the memory of his mother that he will make an especial effort to honor her by solemn meditation, by wearing a carnation and, finally, by attending divine services. No better day than Sunday could have been chosen to honor mother, since it lays special emphasis upon her saintliness, to which the high moral standard of the nation is indebted for its existence.

The voters of the Hilltop are progressive. Tuesday's special election was

You will find it a safe rule to take a thing just as quick as it is offered—especially a job. It is never easy to get one, except when you don't want it; but when you've got to get work, and go after it with a gun, you'll find it as shy as an old crow that every farmer in the country has shot at.—Exchange.

A child was asked by his Sunday School teacher in the course of the lesson, "What is a lie?"
 "A lie," answered the infant with deliberation, "is—is an abomination before the Lord continually, and a very present help in time of trouble!"—Exchange.

He will adhere to the policy of exhibiting only the cleanest, most enjoyable pictures obtainable, paying especial attention to feature films. EDITORIAL.

Many persons have asked us our subscription rates, saying that they desired to subscribe, it being the only method they knew of in which they could assist *The News*. We fully appreciate this sentiment. We are heartily glad that the Hilltop has so cordially supported its first local publication. Although we intend to publish subscription rates later, we can at the present time, for various reasons, state no fixed sum. However, there are two great ways in which the Hilltoppers can materially assist us. In the first place it is financially impossible for a newspaper to exist without advertisements and the merchants cannot see the logic in paying good money for advertisements from which they get no results. So whenever you make a purchase in a local store, tell the merchant you saw his notice in *The News*. Every time you do that you give the paper a mighty boost. Then the important feature of a paper is news. Without them, the paper would be a mere advertising bulletin. It ought not be necessary to urge that the news be sent to the editor. It ought to be considered a personal obligation to everyone to notify him of all parties, meetings, and bits of interesting news. We are always glad to accept them by phone or mail. And remember that the more interesting items *The News* contains, the more welcome it will be to the homes of the Hilltop.

IT PAYS TO ADVERTISE.

When a duck lays an egg she just waddles off and forgets it. When a hen lays an egg she cackles all over the hen yard. The hen advertises, the duck don't. Therefore the great demand for hen feed.

THE HILLTOP BAND.

The Hilltop Band recently elected the following new officers: W. E. Shockey, director; G. W. Shockey, assistant director; C. C. Darr, president; Harry Denton, vice president; C. A. Henderson, secretary and treasurer.

Sunday afternoon at 2:30 the band will play at the men's meeting at St. Paul's Evangelical Church. The services of the band are very much in demand at the present time and it has many dates booked, so to speak, for the near future. It has been rehearsing three times a week for the past month, in preparation for the concert which is to be given when Glenwood Park is opened. It is to be recalled that the proceeds from the concert are to go to purchasing uniforms for the band and therefore there should be an extremely large crowd on hand. Especial attention ought to be given the band since it is one of our most popular local institutions. Both the officers and other members are most energetic in making a success of all their undertakings. It will also be noted that only the highest class of music is being played and being played very well, too. So let everyone remember the date of the concert, May 22, and come out.

PERSONAL

Miss Dorothy King, 81 North Ogden Avenue, a teacher in the Dana Avenue school, was confined to her home last week with a severe case of tonsillitis.

Mr. George Desantels from Buffalo, N. Y., spent Sunday with Mr. and Mrs. Hirschman and Mr. and Mrs. Harry Knight, 179 South Wheatland Avenue.

Mr. Edward Wade, of Highland Avenue, is spending some time in Youngstown, the guest of his son Madison Wade, who is a photographer in that city.

Mr. and Mrs. J. F. Rawn were in Pinkerton, Thursday, attending the funeral of Mr. Rawn's grandmother, Mrs. Sarah England, who was in her 82d year.

There will be a non-sectarian mass meeting for men at St. Paul's Evangelical Church, Sunday afternoon at 2:30. The Hilltop Band will furnish the music for the occasion.

The Presbyterian Athletic Association held its regular meeting in the church Monday night. The measurements for the baseball uniforms were taken. Boxing, as usual.

Rev. Frank Draper, brother of W. R. Draper, passed through this city from Ashland en route to Newport, Ky., where he has accepted the pastorate of the Church of Christ in that city.

BEAUTIFICATION OF HILLTOP ---SUGGESTIONS WANTED

The spring of the year is the time when the appearance of a community is to be determined upon, just as the youth is the time when the character of the man is fixed. There is no doubt but that our community, altho it is beautiful as it is, could bear quite a bit of improvement. The proper and careful cultivation of flowers and plants affords an excellent means of making the streets more beautiful. A street harmoniously decorated with living plants, sprinkled with bright patches of color that delight the eye, ornamented with uniformly trimmed trees, carpeted with the greenest grass and fitted out with straight, unbroken sidewalks extends as much relaxation to one as any form of exercise. In the North Side competition was quite keen between the various streets as to which would take the honor of being the most beautiful. Someone offered a prize to the lucky street. The result of this action was wonderful. The whole North Side seemed to be in the throes of a mighty sectional house-cleaning for a short time. Then there was a pause. And then—in July and August—that whole territory became one vast, blooming, open-air greenhouse. It was then the most popular section of the city.

Now, why cannot the same thing be done on the Hilltop? The News will offer a prize, to be named later, in behalf of the business men to the most beautiful street. Let everybody take action and help beautify the Hilltop. If you have any suggestions to make, the editor would be glad to have you send them in. With a number of different plans on hand, we could advance some definite plan. So, if you know of any plausible plan let us know—and that at once. We hope to receive many suggestions before next Friday, and we may print the most worthy, or several most worthy ones.

WILL ATTEND COMMENCEMENT EXERCISES

Miss Annis Turner, 2403 West Broad Street, is visiting with friends in Galia County. While there she will attend Commencement exercises at Rio Grande College, a Freewill Baptist institute.

BAY VIEW OUTING

The members of the Bay View Club will hold an all-day outing at Glenmary Park Monday of next week. Dinner will be eaten at Worthington.

INFANT DAUGHTER CALLED HOME

Norma Lucile, two-year old daughter of Mr. and Mrs. J. O. Brown, 108 Highland Avenue, died at the home of her parents Sabbath morning, May 17th, pneumonia causing her death.

Funeral services were conducted by Rev. Halfacre, of the Fourth Avenue Church of Christ Tuesday morning. Interment was made in Bethel Cemetery, near Mt. Sterling.

Mrs. Frank Bainter and family have contributed the following beautiful poem in memory of Norma:

"This lovely bud, so young so fair,
Called home by early doom,
Just came to earth to show how sweet a flower

In Paradise would bloom.
Ere sin could harm or sorrow fade,
Death came with friendly care,
The opening bud to heaven conveyed
And tace it blossom there."

AGED MOTHER DIES

Mrs. Marie A. Counts, widow of the late Levi Counts, died at the home of her daughter, Mrs. John Conklin, 121 South Wheatland Avenue. Mrs. Counts came to Mt. Carmel Hospital from her home in Sedalia about four months ago, where she was operated upon for cancer, but owing to her advanced age never recovered. Short funeral services were conducted at the Conklin home, after which the body was taken to Sedalia for burial. Rev. Woodrow, of West Jefferson, officiated. Mrs. Counts leaves two daughters, Mrs. Conklin, of 121 South Wheatland, and Mrs. H. M. Goodyear, Sedalia.

The lawn fete and band concert given by the Hilltop Band at Glenwood Park last Friday night was a success in every detail. In speaking of the band, it is to be said that it has been declared by musical authorities to equal any other band in Ohio.

EDITORIAL

That policy for managing his theater which Mr. Hauer of the Airdome Theater has adopted is one to be highly commended. In addition to the censoring of all filthy and immoral films, he has determined to close his theater on Sunday. Truly an unheard of action. It takes moral bravery to establish such a precedent, in the face of the old custom of remaining open on Sunday. Therefore we, as well as all moral and clean-thinking citizens, take off our hat to Mr. Hauer. Is Sunday rightfully observed when we go to church in the morning and to the picture show in the evening? His is a mighty poor code of ethics who believes this. How can the human mind, frivolous and flighty as it is in this day, center itself upon a meditation of the Master with picture shows, parks, ball games, dances and all sorts of refined debauchery operating in full blast on every side? This is not, as some atheist scoffingly remarks, a pessimistic view of the situation, but is a true, unprejudiced statement. Picture theaters run on the plan of getting money under any circumstances, regardless of morals, or religion, are a great menace to the well-being of the nation, but theaters operated in accordance with laws of morals and religion, are great educational institutions and a benefit to the nation. We wish to express our keen appreciation of Mr. Hauer's policy as a proprietor of a theater of the latter class.

GLENWOOD WINS

By a score of nine to four Glenwood defeated the North Congregational baseball team on Young's Westerns' grounds Saturday afternoon, and with the break in their favor would have scored a shut-out. All Hilltoppers should make it a point to travel every Saturday afternoon to League Park and watch some good, clean ball games between good, clean teams. The Sunday School League, of which this team is a member, opens May 23rd and the team would like to see the grounds filled with fans and fanettes. Come and help them have a pennant-winner on the Hilltop. It can be done with a little loyal rooting, for they have the team.

DEATH CLAIMS LIFE OF BRIGHT YOUNG MAN

The Hilltop lost one of its best young men in the death of Don, son of Mr. and Mrs. M. W. Westlake, of 2499 West Broad Street. He came here with his parents when but an infant child and has grown up among us. He was a young man of high purpose, friendly spirit and clean life and had many friends among all classes.

He was an active member of Glenwood Sunday School and Church, where the funeral services were conducted Monday afternoon by Rev. C. E. Turley. The many beautiful floral designs, the presence of the large congregation of friends, the deep solemnity of the services all testify to the high esteem in which he was held. The sympathy of the entire community is extended toward the bereaved family.

The time of year is now at hand when long dry spells cause the streets to become thickly covered with dust. To this scraps of paper, dead leaves and miscellaneous rubbish are added. This combination not only mars the beauty of a street, but also is dangerous to the health, since every vehicle raises the dust which does not settle for a great while. The only way to remedy the situation is to have the streets swept and sprinkled once a week or even more. There have been appointed by the city health department commissioners in various parts of the city who are to look after the cleaning of the streets in their neighborhood. These commissioners were expressly appointed to prevent the streets from becoming in the condition in which they now are. Perhaps the commissioners are a little negligent. At any rate, there is something wrong somewhere and the commissioners are the ones to whom complaint should be made so in the near future The News is going to secure from the City Hall a list of the local commissioners and print it, so that every one may know under whose supervision their street may be.

RALLY SERVICES AT GLENWOOD CHURCH

GRADUATION PLAY

DEATH CLAIMS LIFE OF BRIGHT YOUNG MAN

Hilltop lost one of its best young men in the death of Don, son of Mr. and Mrs. W. Westlake, of 2499 West Street. He came here with his father, but an infant child and was up among us. He was a young man of high purpose, friendly and clean life and had many friends among all classes.

He was an active member of Glenwood School and Church, where the services were conducted Monday morning by Rev. C. E. Turley. The beautiful floral designs, the presence of the large congregation of friends and the deep solemnity of the service testify to the high esteem in which he was held. The sympathy of the entire community is extended to the bereaved family.

A LIFE MEMBER

The Woman's Home Missionary Society of the Glenwood M. E. Church honored Mrs. S. M. Six, one of its charter members, by making her a life member of this organization, at the district meeting held at the North M. E. Church Tuesday of last week.

CONFEDERATES WILL DECORATE

The annual Confederate Memorial exercises at Camp Chase Cemetery will be held Saturday, June 6th, at 2 P. M. General B. W. Green, of Little Rock, Ark., will be one of the speakers. Mr. Green is past 70 years of age.

UNIFORMS FOR THE BAND

The new uniforms for the Hilltop Band have arrived and we hope soon to have the pleasure of seeing them on dress parade.

Mrs. Elizabeth Murry has returned to her home in Gloucester after a two-weeks' visit with her sister, Mrs. Wm. Ruffing, North Terrace.

Harold Sperry, 45 South Harris Avenue, was accidentally thrown from his bicycle and was painfully bruised from the fall.

Mrs. A. F. Lyman and two children, of Bremen, were guests of Mrs. D. Lyman, 199 Whitethorne Ave.

EDITORIAL

The time of year is now at hand when long dry spells cause the streets to become thickly covered with dust. To this scraps of paper, dead leaves and miscellaneous rubbish are added. This combination not only mars the beauty of a street, but also is dangerous to the health, since every vehicle raises the dust which does not settle for a great while. The only way to remedy the situation is to have the streets swept and sprinkled once a week or even more. There have been appointed by the city health department commissioners in various parts of the city who are to look after the cleaning of the streets in their neighborhood. These commissioners were expressly appointed to prevent the streets from becoming in the condition in which they now are. Perhaps the commissioners are a little negligent. At any rate, there is something wrong somewhere and the commissioners are the ones to whom complaint should be made so in the near future The News is going to secure from the City Hall a list of the local commissioners and print it, so that every one may know under whose supervision their street may be.

A HILLTOP PUBLICATION FOR HILLTOP PEOPLE

VOL. 1

COLUMBUS, OHIO, JULY 3, 1914

No. 18

THE EARLY GROWTH OF THE HILLTOP

It is nearly a quarter of a century since the first active signs of a coming suburb of Columbus appeared in the vicinity we familiarly know as the Hilltop. Previous to this time were pastures and fields of waving grain in evidence everywhere. Broad Street, then as now, is a part of the old National Road, but the difference between that day and the present is so marked that in the very nature of the case it should be re-told.

The National Road was built of limestone and was kept up as follows: The stone was hauled and thrown to the side of the road and anon a man would appear with a small stone hammer to break the stone for use on the pike. The hammer was made round and the man would sit astride the stone pile and hammer away until his job was complete, and perhaps in a week's time would accomplish about as much work as a modern stone crusher would do in one or two hours. These stones would be carefully distributed in the ruts that had formed during the year or two previous by the constant wear of the vehicles on the pike. To defray expenses for this work a toll gate was located every ten miles; the one on the Hilltop was located a little west of opposite South Wheatland Avenue, and the gatekeeper was Mr. Lewis and afterwards Mr. Hunter. The gate was a pole across the street with heavy weights on one end to raise it at the will of the gatekeeper.

When it was finally determined to pave Broad Street it meant that the old National Road would have to be cut down many feet; this was done and as usual left open thru the winter months. A lone preacher coming up thru there on a dark winter night declared it took more of the grace of God to go thru that mud on a dark night than anything he had ever experienced.

The electric cars followed close on the street improvement; how we watched and waited for this improvement, no one can tell but those who have waited many a zero morning at the Asylum gate as the old horse car came up the hill, "tink-a-tink, tink-a-tink, tink," with the little bell on the horse. Certainly we of the early days appreciated those first days of the electric cars although we had to walk from the Asylum gate home.

The first addition of any importance was Ong's Maple Grove Addition; this was laid out by W. P. Ong and consisted of Joseph Ong's twenty-acre farm, one-half of which was in sod, and half close to Broad, and the other half was a corn field. A uniform price of \$80.00 per lot was charged, but the location was by lot, this made the choicest lot on Broad cost but eighty dollars; and for a long time in referring to these lots one would naturally ask the other whether or no his lot was in the sod or the corn field.

Wheatland Avenue, south, was in the center of this first addition and was then called Maple Avenue. On this plot was built at number sixty-nine the first house outside of a farmhouse that was built on the Hilltop. This addition was quickly followed by the Davies, just east of

CAMP FIRE BREAKFAST

A crowd of Hilltop girls enjoyed a delightful camp fire breakfast in the woods near Glenwood Park at 5:30 Wednesday morning. The menu, consisting of eggs, bacon, coffee, and fruit was prepared on camp fires. This form of picnics is something new and the girls had a delightful time. Those attending were: Lotia and Zelma Gain, Dorothy and Wilma Holmes, Cecelia and Elizabeth Burke, Lucille Wickham, and Magdaline Bainter. The party was chaperoned by Miss Elise Bainter.

PRESBYTERIAN PICNIC

The Sunday School and Congregation of the Hoge Memorial Presbyterian Church enjoyed a delightful picnic at Glenwood Park Wednesday afternoon and evening in spite of the rain. There was quite a large number present and a fine time was had by all. The plentiful and delicious dinner was served on the dancing pavilion. There was an abundance of free ice cream and lemonade. The picnic was a pronounced success in that it served to promote a more friendly and social spirit among the members.

APPOINTED IMMIGRATION INSPECTOR

Mr. and Mrs. M. E. Long and family, 106 South Wheatland Avenue, left last Sunday morning for Winnipeg, Canada, and from there will go to Beaudette, Minnesota, where Mr. Long has been appointed immigration inspector. If the location proves desirable, they will move their household goods in the fall. Their many friends on the Hilltop will regret to lose this family from our midst, but will join in wishing them success in their new field of labor.

TO TAKE TRIP THRU WEST

Miss Inez Gooley, 1981 Fairmont Avenue, left Thursday morning on a trip thru the West. Her first stop will be Chicago, from where she will go to Butte, Montana, and thence to the coast. Her return route will include the cities of Denver, Boulder, St. Louis and Salt Lake City.

BUSINESS MANAGER ON VACATION

Miss Estella Burnside, the business manager of The News is enjoying a well-earned vacation with her parents at East Palestine, Ohio. According to reports, she is killing big game in the wilds of that territory and capturing all the "biggest yet" fish in the local creeks.

ENTERTAINED WITH DINNER

Mr. and Mrs. Leslie N. Michaelis, 37 S. Wheatland, entertained with a six o'clock dinner Tuesday, Mr. and Mrs. H. B. Michaelis and son, Harry, 107 North Terrace Avenue. Mr. and Mrs. William Alexander and son, William, Jr., of 197 East Oakland Avenue, were present.

Mrs. T. S. Graves is visiting her parents in Gallia County.

LOCAL NOTES.

Mr. and Mrs. Clyde McCleery and children, Everett and Nina, of Washington, D. C., are guests of Mrs. L. O. Linville, of Whitethorne Avenue. Mr. McCleery and family formerly resided on South Park, but two years ago removed to Washington, where he is employed in the Post Office.

W. H. Hawk, of South Ogden Avenue, successfully passed the State Bar Examination last week. In order to get thru his studies, Mr. Hawk kept books for the Busy Bee Company in the day time and studied in the evenings. That he passed the examination is due to sheer pluck and determination.

Mrs. Nathan Walcott, 2277 1/2 West Broad Street, who was delegate from the Friends' Church to the State C. E. convention at Steubenville, Ohio, last week, returned to her home Tuesday. She was accompanied home by her children, Eugene, Verna and Ralph, who had been visiting relatives near War-

The J. R. B.'s will hold an all-day picnic at the Fresh Air Camp on Tuesday, July 7. The members are to meet in North Columbus, where they will take the 7:30 C., D. & M. car. However, those who are unable to catch the 7:30 car may take a latter one. The 7:30 car may take a later one. camp, including bathing, wading, and boating.

Mr. W. H. Deems, 55 South Ogden, left today for Parkersburg, West Virginia, where he will organize a branch of the United National Association of Post Office Clerks. EDITORIAL

At this time the City Council has before it the re-routing of street cars, a very important question to decide and responsible duty to perform, indeed. Three public meetings have been held in which the committee invited suggestions from patrons of the cars. These meetings were not as largely attended as the nature of the question would seem to indicate. However, those persons who earnestly asked for a re-routing suitable to their interests were present on every occasion.

The Railway Company has been represented also at every meeting. Among suggested plans for re-routing is one that contemplates turning West Broad-Leonard cars at Front, thence north to Long and across High. Now, such a vital change on one of the heaviest trafficked lines should arouse some kind of sentiment, and if so, The News would be glad to learn what it is.

Another plan would send these cars east on East Broad to Fourth, thence north.

Now, while this important question is being discussed, it should not be fully determined until a better service is arranged. This can only be satisfactorily taken care of by continuing the double tracks from Highland Avenue to Hague. Such an improvement would make possible a six-minute service or at most an eight-minute service. The service now calls for eleven minutes, certainly too long an interval between cars on this line.

It is earnestly hoped that every Hilltopper will urge this improvement along, for nothing improves a vicinity more than efficient and quick car service.

I believe that all persons join with me in voicing approval of the open cars it gives us, and trust we may have as many all summer.

FRED W. POSTLE.

Continued from First Page.

Highland Avenue, and the Florence Park Addition north of Broad; later on came Wicklow numbers one and two, which took all of the William Harris farm, and still later Wicklow number three north of Broad. From this period on many additions have been laid out and houses good and substantial erected on every hand.

A Sunday School was started on the Hilltop more than twenty years ago, near Whitethorne on Broad Street, was afterwards conducted in the Camp Chase School, then located where the Groff houses are now located on the corner of Broad and Warren. Soon after this a country school house was built on what is now Clarendon Avenue, with Miss T. Williams as teacher. To this school the Sunday School transferred their activities, and there was added a missionary meeting once a month. Out of this religious activity the Friends' Church was organized and David Lewis installed as pastor; a man who with undying zeal gave his last breath to the Gospel and to his Christ as he passed away in his pulpit in Whittier, California.

Shortly after the Friends located in their new church the Methodists organized a church in the school house, now a residence, on Clarendon Avenue. Rev. Chadwick was the pastor to this mission, a man who truly followed hard after the things of God, a pioneer of the old faith, a true man whose voice we have heard lifted so many times for that which was right and true. Soon the Methodists called for funds for a church, with the result that they soon had a church home of their own, and this in turn has been replaced by a splendid new structure on Highland Avenue, of which they may be justly proud.

The prohibition sentiment that has always been so marked on the Hilltop drove the only saloon out of business, this gave the Presbyterians an opportunity to lease the building and start a church. In two years this mission had developed to such an extent that it became necessary to erect a church, which was erected on South Eureka Avenue.

From a small beginning the Hilltop has expanded to a mighty growth, but we are still in our infancy, our fine streets, our pure air, our well housed and well-fed common people makes it a joy to live on the Hilltop. We once considered it a pleasure to be able to call everybody by name on the Hilltop, but that was years ago and now there are thousands that we cannot hope to know, but we do know that we are glad they are here.—W. H. Deems.

HILLTOP OUTING AT BUCKEYE LAKE, WEDNESDAY, JULY 29

One of the biggest events of the year will take place at Buckeye Lake on Wednesday, July 29, when the Hilltop has its annual picnic there. Great preparations have been made for all the former picnics but the Improvement Association has made the greatest ever for this one, with the desire that this be the biggest outing the Hilltop has ever had. Special cars will leave Hague Avenue and West Broad Street at eight o'clock, bound directly for the lake. Round trip fare for adults is fifty cents and for children, twenty-five cents. An elaborate program of races, games and other forms of outing entertainment has been prepared. There is every assurance that everybody will enjoy themselves.

This is a fine chance for everyone to show his loyalty to the Hilltop. There should be an immense crowd attend and enjoy this outing. Let everybody show an unusual amount of enthusiasm and interest. Help make it a grand success. Let this outing be an indication of the growth, progressiveness and genial environment of the Hilltop.

SNYDER-JOERGLER

Thursday morning at 8:30 in the St. Aloysius Church, the marriage of Miss Maty Jane Snyder, daughter of Mr. and Mrs. John Snyder, 355 South Eureka Avenue, to Mr. Joseph Aloysius Joergler was solemnized with High Mass conducted by Father Schwarz. After the wedding ceremony a wedding breakfast was served the bridal party at the home of the bride's parents.

ON MOTOR TRIP

Mr. and Mrs. R. Ong, of Martin's Ferry, and Mr. and Mrs. Chas. Rhiend, of Smithfield, motored to the Hilltop last week, and after spending several days with Mr. and Mrs. D. B. Ong, left for Toledo, Cleveland and other places of interest.

Mr. and Mrs. R. C. Dunlap, Mr. and Mrs. S. Evans, and Mr. and Mrs. I. D. Bull were guests of Mr. and Mrs. Burton G. Bretz, 82 North Terrace Avenue, last Sunday.

The Sunshine Class, of Hoge Memorial Church met at the home of Mary Clark, 114 Midland Avenue, Tuesday and finished one of the quilts for the Baby Camp.

J. R. B. SOCIETY ENTERTAINED

The spacious parlor of the Nurses' Home on the State Hospital grounds was the scene of a pleasant social affair when Miss Oral Perkins and Miss Cora Klein were hostesses Tuesday evening to twenty-nine members and friends of the J. R. B. Society.

In the absence of the President, Mrs. Ross Bennet, the Vice President, Mrs. Fred Forsberg, took the chair and the business of the society was transacted.

Following the business session was a very enjoyable social time. The penny contest served as a splendid stimulant for brain fag and as a result the favors were bestowed upon Mrs. Selwin Fox and Miss Virgie Carter.

Dainty refreshments consisting of ices, nabiscos and Adam's ale were served by the hostesses, assisted by Miss Pearl Nulty and Miss Emily Case.

T. AND T. CLUB ENTERTAINED

The members of the T. & T. Social Club were delightfully entertained with a luncheon Thursday, July 9th, at the home of Mrs. James S. Adams, 92 North Ogden Avenue. The afternoon was pleasantly spent with games and music, also an interesting feature being the piecing of blocks for an old-fashioned "Album Quilt." Mrs. Day, sister of the hostess, was an honored guest.

OPEN-AIR MEETING

There will be an open-air, non-sectarian mass meeting for men and women at Glenwood Park, Sunday, July 19, at 2:30 P. M. The meeting will be addressed by Rev. W. E. Fetch, D.D., of Wesley Chapel. The Sunday song books will be used. Special music will be rendered by the West Park Quartet and the Hilltop Band.

FIRST DIVISION WILL ENTERTAIN

Mrs. Van Meter and Mrs. Phalar will entertain the ladies of the First Division of Glenwood Ladies' Aid at the home of Mrs. Van Meter, 15 South Oakley Avenue, Tuesday afternoon, July 21. Each member is urged to be present and bring a guest.

Mrs. Lilla Lappin, of Leesville, is visiting at the homes of Ford S. Clark, 114 Midland Avenue, and W. F. Clark, 311 West Fourth Avenue.

The Hilltop W. C. T. U. and Y. P. B. will hold a Lawn Fete, Friday evening, July 17, on the corner of Broad and Eureka. Ice Cream, Cake, Candy and Watermelon will be served.

POPULAR YOUNG PEOPLE UNITED IN MARRIAGE

St. Aloysius Church was the scene of a pretty wedding Wednesday morning, June 16th, when Miss Nora Murnan of 123 North Eureka Avenue and Mr. Gustav A. Page, 157 Whitethorne Avenue, were united in marriage by the Rev. R. E. Schwarz. Miss May Maloney was bridesmaid and Mr. E. Murnan, brother of the bride, best man. As the party entered the church to the strains of the wedding march, they were preceded by two charming little maids, Nellie O'Conner and Grace Myer, as ring-bearer and flower girl. During the ceremony, Mrs. F. A. Behmer, sister of the groom, sang "Oh, Promise Me." An "Ave Marie" was beautifully rendered by Mrs. Joseph Bopely and Mrs. Edward Dienst. The decorations were white and green. Mr. and Mrs. Page will reside for the present at 123 North Eureka.

Owing to the sudden death of Mr. David Brown, uncle of the bride, invitations to the wedding breakfast and reception were recalled.

MISCELLANEOUS SHOWER

Mrs. W. C. Logan, 50 South Wheatland Avenue, gave a miscellaneous shower Wednesday evening of last week in honor of her sister, Miss Jane Snyder, 355 South Eureka Avenue, who was united in marriage Thursday, July 16th, to Mr. Joseph Joergler. Fifteen guests were present and enjoyed the entertainment and refreshments which had been prepared. Miss Snyder was the recipient of many beautiful presents.

LADIES' AID OF BRIGHT MEET HERE

The Ladies' Aid of Bright met at the home of Mrs. J. F. Rawn, 2275½ West Broad Street, Thursday of last week in honor of Mr. Rawn's mother, who is a member of that society. Twenty-eight ladies were present to enjoy the chicken dinner which had been prepared for them.

Mrs. Howard Davis and Miss Adda Mead, of Cleveland, were guests at the home of Mrs. Nathan Bennet, 58 South Wheatland Avenue, Monday of this week.

Misses Junita and Louise Hauer, 26 South Oakley Avenue, will leave Monday of next week to join the Y. W. C. A. camp at Big Darby for one week.

OUR RURAL CAR LINE

In seeking various ways in which improvements of our community could be made, we have mentioned before the desirability of having double tracks to Hague Avenue. This is an improvement we want especially to emphasize. In fact, extension of the car tracks from Highland to Hague Avenue is not a civic luxury but a necessity. How often has every Hilltopper who lives west of Highland Avenue waited impatiently on the Highland Avenue switch for nine or ten minutes while the eastbound car ambled slowly in? And do you realize that the greater portion of the track on the Hilltop is single? How absolutely rustic and countryfied this seems. As a stranger remarked to us, "Judging from the car service on the Hilltop, it is difficult to tell whether you are in Grove City or Lithopolis." And he was quite right. The Hilltop ought and must have double tracks to Hague Avenue, and it will have them if the people in our community awaken from their deep indifference and support Mr. Fred Postle, "our member in council," who is industriously working for this much needed reform. We shall endeavor to keep the Hilltoppers in touch with the new moves in the case and we sincerely hope that they, in return, will show that they are not indifferent, but keenly interested.

ANNOUNCEMENT

Beginning with the next issue, The News will adopt a new policy in regard to the printing of lawn fete, bake sale and other money-making entertainment announcements. It is neither wise nor profitable to print such items free, so from now on a small fee will be charged for the publication of all announcements of lawn fetes, bake sales or any entertainment where money is made.—Business Manager.

HILLTOP OUTING AT BUCKEYE LAKE, WEDNESDAY, JULY 29

One of the biggest events of the year will take place at Buckeye Lake on Wednesday, July 29, when the Hilltop has its annual picnic there. Great preparations have been made for all the former picnics but the Improvement Association has made the greatest ever for this one, with the desire that this be the biggest outing the Hilltop has ever had. Special cars will leave Hague Avenue and West Broad Street at eight o'clock, bound directly for the lake. Round trip fare for adults is fifty cents and for children, twenty-five cents. An elaborate program of races, games and other forms of outing entertainment has been prepared. There is every assurance that everybody will enjoy themselves.

This is a fine chance for everyone to show his loyalty to the Hilltop. There should be an immense crowd attend and enjoy this outing. Let everybody show an unusual amount of enthusiasm and interest. Help make it a grand success. Let this outing be an indication of the growth, progressiveness and genial environment of the Hilltop.

SNYDER-JOERGLER

Thursday morning at 8:30 in the St. Aloysius Church, the marriage of Miss Mary Jane Snyder, daughter of Mr. and Mrs. John Snyder, 355 South Eureka Avenue, to Mr. Joseph Aloysius Joergler was solemnized with High Mass conducted by Father Schwarz. After the wedding ceremony a wedding breakfast was served the bridal party at the home of the bride's parents.

ON MOTOR TRIP

Mr. and Mrs. R. Ong, of Martin's Ferry, and Mr. and Mrs. Chas. Rhiend, of Smithfield, motored to the Hilltop last week, and after spending several days with Mr. and Mrs. D. B. Ong, left for Toledo, Cleveland and other places of interest.

Mr. and Mrs. R. C. Dunlap, Mr. and Mrs. S. Evans, and Mr. and Mrs. I. D. Bull were guests of Mr. and Mrs. Burton G. Bretz, 82 North Terrace Avenue, last Sunday.

The Sunshine Class, of Hoge Memorial Church met at the home of Mary Clark, 114 Midland Avenue, Tuesday and finished one of the quilts for the Baby Camp.

J. R. B. SOCIETY ENTERTAINED

The spacious parlor of the Nurses' Home on the State Hospital grounds was the scene of a pleasant social affair when Miss Oral Perkins and Miss Cora Klein were hostesses Tuesday evening to twenty-nine members and friends of the J. R. B. Society.

In the absence of the President, Mrs. Rosa Bennet, the Vice President, Mrs. Fred Forsberg, took the chair and the business of the society was transacted.

Following the business session was a very enjoyable social time. The penny contest served as a splendid stimulant for brain fag and as a result the favors were bestowed upon Mrs. Selwin Fox and Miss Virgie Carter.

Dainty refreshments consisting of ices, nabiscos and Anan's ale were served by the hostesses, assisted by Miss Pearl Nulty and Miss Emily Case.

T. AND T. CLUB ENTERTAINED

The members of the T. & T. Social Club were delightfully entertained with a luncheon Thursday, July 9th, at the home of Mrs. James S. Adams, 92 North Ogden Avenue. The afternoon was pleasantly spent with games and music, also an interesting feature being the piecing of blocks for an old-fashioned "Album Quilt." Mrs. Day, sister of the hostess, was an honored guest.

OPEN-AIR MEETING

There will be an open-air, non-sectarian mass meeting for men and women at Glenwood Park, Sunday, July 19, at 2:30 P. M. The meeting will be addressed by Rev. W. E. Fetch, D.D., of Wesley Chapel. The Sunday song books will be used. Special music will be rendered by the West Park Quartet and the Hilltop Band.

FIRST DIVISION WILL ENTERTAIN

Mrs. Van Meter and Mrs. Phalar will entertain the ladies of the First Division of Glenwood Ladies' Aid at the home of Mrs. Van Meter, 15 South Oakley Avenue, Tuesday afternoon, July 21. Each member is urged to be present and bring a guest.

Mrs. Lilla Lappin, of Leesville, is visiting at the homes of Ford S. Clark, 114 Midland Avenue, and W. F. Clark, 311 West Fourth Avenue.

The Hilltop W. C. T. U. and Y. P. B. will hold a Lawn Fete, Friday evening, July 17, on the corner of Broad and Eureka. Ice Cream, Cake, Candy and Watermelon will be served.

POPULAR YOUNG PEOPLE UNITED IN MARRIAGE

St. Aloysius Church was the scene of a pretty wedding Wednesday morning, June 15th, when Miss Nora Murnan of 133 North Eureka Avenue and Mr. Gustav A. Page, 157 Whitethorne Avenue, were united in marriage by the Rev. R. E. Schwarz. Miss May Maloney was bridesmaid and Mr. E. Murnan, brother of the bride, best man. As the party entered the church to the strains of the wedding march, they were preceded by two charming little maids, Nellie O'Conner and Grace Myer, as ring-bearer and flower girl. During the ceremony, Mrs. F. A. Behmer, sister of the groom, sang "Oh, Promise Me." An "Ave Marie" was beautifully rendered by Mrs. Joseph Bopely and Mrs. Edward Dienst. The decorations were white and green. Mr. and Mrs. Page will reside for the present at 133 North Eureka.

Owing to the sudden death of Mr. David Brown, uncle of the bride, invitations to the wedding breakfast and reception were recalled.

MISCELLANEOUS SHOWER

Mrs. W. C. Logan, 50 South Wheatland Avenue, gave a miscellaneous shower Wednesday evening of last week in honor of her sister, Miss Jane Snyder, 355 South Eureka Avenue, who was united in marriage Thursday, July 16th, to Mr. Joseph Joergler. Fifteen guests were present and enjoyed the entertainment and refreshments which had been prepared. Miss Snyder was the recipient of many beautiful presents.

LADIES' AID OF BRIGHT MEET HERE

The Ladies' Aid of Bright met at the home of Mrs. J. F. Rawn, 2275 1/2 West Broad Street, Thursday of last week in honor of Mr. Rawn's mother, who is a member of that society. Twenty-eight ladies were present to enjoy the chicken dinner which had been prepared for them.

Mrs. Howard Davis and Miss Adda Mead, of Cleveland, were guests at the home of Mrs. Nathan Bennet, 58 South Wheatland Avenue, Monday of this week.

Misses Junita and Louise Hauer, 26 South Oakley Avenue, will leave Monday of next week to join the Y. W. C. A. camp at Big Darby for one week.

OUR RURAL CAR LINE

In seeking various ways in which improvements of our community could be made, we have mentioned before the desirability of having double tracks to Hague Avenue. This is an improvement we want especially to emphasize. In fact, extension of the car tracks from Highland to Hague Avenue is not a civic luxury but a necessity. How often has every Hilltopper who lives west of Highland Avenue waited impatiently on the Highland Avenue switch for nine or ten minutes while the eastbound car ambled slowly in? And do you realize that the greater portion of the track on the Hilltop is single? How absolutely rustic and countrified this seems. As a stranger remarked to us, "Judging from the car service on the Hilltop, it is difficult to tell whether you are in Grove City or Lithopolis." And he was quite right. The Hilltop ought and must have double tracks to Hague Avenue, and it will have them if the people in our community awaken from their deep indifference and support Mr. Fred Postle, "our member in council," who is industriously working for this much needed reform. We shall endeavor to keep the Hilltoppers in touch with the new moves in the case and we sincerely hope that they, in return, will show that they are not indifferent, but keenly interested.

ANNOUNCEMENT

Beginning with the next issue, The News will adopt a new policy in regard to the printing of lawn fete, bake sale and other money-making entertainment announcements. It is neither wise nor profitable to print such items free, so from now on a small fee will be charged for the publication of all announcements of lawn fetes, bake sales or any entertainment where money is made.—Business Manager.

Why go down town to buy when our merchants on the Hilltop can supply your wants as well or better?

GREAT PREPARATIONS MADE FOR HILLTOP OUTING

Preparations for the big Hilltop picnic, which will be held at Buckeye Lake, Wednesday, July 29, are being made on a mammoth scale by the Improvement Association. All sorts of games and sports are on the program, besides the many attractions offered by the Park. As usual, the Hilltop Band will be out in full force, playing many pieces on the way to the Lake and more after they arrive there. All stores and shops on the Hilltop will be closed Wednesday and everyone will be given an opportunity to attend the outing. Members of the Association state that they expect a crowd of from 700 to 1000. Thru Buckeye Lake cars will leave Hague and Broad Street at eight o'clock Wednesday morning. The round trip fare for adults is fifty cents, and for children is twenty-five cents.

It is hoped that all who can will make an effort to attend this picnic, the largest ever given by the Hilltop.

Everyone ought to pack his or her lunch and join the crowd for the Lake. A good time for all is assured. The spirit in which this picnic is attended will, in a great measure, indicate to the rest of the city the attitude of the Hilltop. Let the rest of Columbus see that the people of the Hilltop are the most congenial, neighborly, friendly, and enthusiastic people in the city. So if attendance to the outing does not appeal to one as an excellent recreation, which it undoubtedly is, it certainly can not fail to be an indication of one's community pride and patriotism.

RETURNS FROM SOUTHERN TRIP

Miss Bessie Sperry returned Monday from a three weeks' trip in the South, where she was a guest of her brother, Howard, at Atlanta, Ga. During her stay there they took daily excursions to many interesting places. Wednesday of last week she returned to Harrison, near Cincinnati, where she was the guest of Mrs. J. G. Francis until Monday of this week, when she returned home.

ANNUAL REUNION

The sixth annual reunion of the Palsgrove-Remaly family was held at Glenwood Park Sunday. Between thirty-five and forty members were present. A splendid dinner was served at noon. This was followed by many short speeches by the various members. Mr. Gatton, South Harris Avenue, is Chairman of the Association.

INTERESTING MEETING

The Ladies' Home and Foreign Missionary Society met at the pleasant home of Mrs. Frank Sperry, 45 South Harris Avenue, Thursday afternoon, July 16. Mrs. Haller led devotional, Mrs. Churton led the discussion of the text-book, and Mrs. Durr read some interesting articles on Cuba and Porto Rico. The most important business for the afternoon was naming the program committee for the coming year, which was as follows: Mrs. Hatfield, Mrs. Sperry, Mrs. Deems and Mrs. Churton. The meeting then adjourned and the social hour following, during which the hostess served refreshments appropriate to the very hot afternoon. There will be no meeting during the month of August, and the next regular meeting will be at the home of Mrs. D. Jerman, 45 Clarendon Avenue, the third Thursday of September.

PORCH PARTY

Miss Mary Finley's birthday was celebrated by a porch party Monday evening, July 20, at her home, 263 Whitethorne Avenue. Those present were Misses Mattie Taylor, Loyola Schirtzinger, Marie Wey, Lillian Ruddlesden, Katherine Buschmann, Fannie Quinn, Minnie Elliott, Helen Reese, Jessie Lambert, Lillian Stone, Charlene Finley, Mary Finley. Messrs. Chas. Richards, James Jeffries, Curtiss Bender, Harry Overly, Earl Davis, Orling Swisher, Leroy Clinger, Jerome Gregory, Lee Cain.

ENTERTAINED TO SIX O'CLOCK DINNER

Mr. and Mrs. T. C. Mitchell, 36 South Wheatland Avenue, entertained at six o'clock dinner Thursday evening in honor of Mr. and Mrs. Samuel Rudolph, of Leavenworth, Kan. Those present were Mr. and Mrs. Samuel Rudolph, Mr. and Mrs. Elmer Rudolph and son Robert. Mr. and Mrs. Fred Rudolph and daughter, Mary, Mr. and Mrs. Clarence Smith, Miss Jean Malloy.

WONDER OF HOSPITAL CORPS

Mr. Alfred Malloy, of near Chillicothe, underwent an operation for appendicitis in Mt. Carmel Hospital, Monday of last week. Mr. Malloy is 79 years of age and is the oldest man in the history of the hospital that has been operated on for appendicitis. Mr. Malloy is an uncle of Mrs. T. C. Mitchell, 36 South Wheatland Avenue. He is reported to be recovering nicely from the operation.

HILLTOP RESIDENT DIES AFTER LINGERING ILLNESS

After a brave struggle against the inevitable for the past fourteen months, William Williams passed to the great beyond last Tuesday evening at his home at 2736 Sullivant Avenue, aged 63 years.

Mr. Williams was a man, kind, honest and true, and numbered his friends by the score. He was especially fond of children and a great favorite of each one he knew. He was an employe of the city, working at the City Sewerage Pumping Station until about fourteen months ago he was taken ill and had to give up his work, but with the greatest hope that he might be able to go back to it again.

His wife, two sons and one daughter, Mrs. Jennie Boyles, of Chillicothe, survive him.

The services at the house were conducted by Rev. J. H. Hatfield. Many beautiful floral pieces were brought as tributes of love and affection for him.

Mr. Williams' earth journey is ended, and thru the evening mists of life's sunset he was borne by angel hands to the eternal shores of spirit, out of the twilight, forth from the shadows, into the glory of eternal day.

And while we mourn the loved

Gone from this earthly shore,

The spirit of the loved one dwells

In joy forevermore.

July 20, 1914. A NEIGHBOR.

BIG FOUR WRECK

A wreck of small consequence occurred last Sunday afternoon back of the State Hospital Grounds, when the tender of a Big Four eastbound flyer left the rails. The train was running at the rate of 45 miles an hour when the accident occurred, and the tender ploughed up the track for nearly sixty yards before it stopped. Traffic was tied up for more than an hour, but no serious damage was done, with the exception that a Knight of the Road, who was doing the "Blind Baggage," received painful bruises.

VISITORS FROM KANSAS

Mr. and Mrs. Samuel Rudolph, of Leavenworth, Kansas, were guests this week at the home of Mr. and Mrs. T. C. Mitchell, 36 South Wheatland Avenue. Mr. Rudolph is a brother of Mrs. Mitchell, and they have not seen each other for 35 years.

CLEAN-UP TIME

Now is the time of the year when everyone bathes frequently and looks out especially for his bodily cleanliness. It is also the time of the year when the communities should be kept spick and span. No better season could be found for the breeding, propagation and spreading of disease germs. Every rubbish heap is the breeding ground of hundreds—rather thousands—of minute forms of bacteria. Therefore rubbish and garbage should not be allowed to accumulate at all, but should be removed as fast as it is formed. The city, as a whole, has had its "clean-up" day, but there still remains an opportunity for the Hilltop to have its own "clean-up" day—or, what is better—to continually clean up. Never let filth accumulate in great quantities, but remove it as fast as possible. This is a splendid way to insure the health and welfare of the community against disease and sickness. The weeds in the alleys and vacant lots ought to be cut down, trash and rubbish removed, and garbage kept in tightly-closed cans. In this way the Hilltop can be made much more beautiful and far more healthful to live on.

THE CORNER OF ELDON AND WEST BROAD

We regret that we have not before mentioned one of the most beautiful street corners on the Hilltop, in *The News*. The yard of Mr. Eldon Smith on the corner of Eldon and West Broad Street renders the corner one of the most attractive on the Hill. The yard is very carefully and neatly plotted with flower beds and nicely trimmed bushes. Were there a few more such yards in our community we wouldn't have to agitate any street beautification contests.

Mr. and Mrs. George Young, of 33 Eldon Avenue, entertained Mr. and Mrs. Frank Parker, Wednesday, July 16th, with six o'clock dinner in honor of Mrs. Neal Cole, of Baltimore, Md.

FIRST BIRTHDAY ANNIVERSARY

A number of little folks were entertained at the residence of Mr. and Mrs. J. T. Games, swinging and other childish amusements were indulged in and after partaking of ice cream, candies and other dainties, the little folks were sent home at an early hour, seemingly happy and well pleased with their afternoon's entertainment.

Mr. and Mrs. L. W. Muncie and daughter, Mary, of 109 North Warren Avenue, and Mrs. Muncie's sister, Mrs. Game, of 415 King Avenue, are spending the week at Cedar Point.

Mrs. Bert Morgan and daughter, Myra, 31 North Warren Avenue, left Thursday morning for a week's trip to Toledo and Detroit. Mrs. B. B. Wright of New Lexington, Mrs. Morgan's sister, who is visiting her, will accompany her on her trip.

The band concert and lawn fete given by the Band and Tri-Mu Class of the Glenwood Sunday School Thursday evening of last week on the corner of Broad and Eureka, was well attended. The music rendered by the Band was enjoyed by all. About fifty dollars was cleared from the sales.

Two of the best amateur games played in the city for many a day were played on the Central Avenue grounds, last Saturday. The Hoge Memorial team playing against the Third Street M. E. team. Both teams were in fine trim and played excellent ball. From the time the Umps. called, "Play Ball!" until the last man was out in the ninth inning of the second game it was a continuous battle. Davis and Cooley were the battery for the Hoge Memorial, while Butler and Brindell did the pitching and catching for the Third Street men. Davis was in fine form and defeated the Third Street men 3 to 0. In the second game Talhelm and Owens were the battery for the Hoge Memorials against Hamlin and Parmer.

Talhelm was not as steady as Davis, and lost only after a hard fight. The final result being 3 to 2. The batting of Robinson and the fielding of St. Clair were the features, while Hamlin starred for the Third Street people.

DUNLAP TRI-MUS WIN

The Dunlap Tri-Mus of Glenwood Sunday School, supported by Mr. Dunlap, won a close and exciting game from Clintonville by a score of 8 to 5, last Saturday afternoon. Tomorrow afternoon they will play a double-header with the Wilson Avenue, at Capital University.

Many employees of the Green-Joyce Company who reside on the Hilltop enjoyed a pleasant picnic, Tuesday, at Buckeye Lake, where the store held its first annual outing.

DEATH CLAIMS LIFE OF MRS. ERNEST GILL

The angel of death entered the home of Mr. W. A. Rider, 93 Belvidere Avenue, Sunday night, July 26th, and claimed the life of Mrs. Ernest Gill.

Ethel Rider Gill was born October 10th, 1882, in Alton, Ohio. In early life she moved with her parents to this city, where she has since resided. On January 24th, 1912, she was united in marriage with Mr. Ernest Gill. Shortly after her marriage she contracted tuberculosis, which was the cause of her death. October 29th, 1913, accompanied by her husband she went to Florida, where they spent the winter with Mr. Gill's parents in the hopes the change of climate might benefit her health, but they were compelled to return to this city April 9th, 1914, with her health in a rapidly failing condition. All that medical skill and loving care could do was done, but to no avail.

Funeral services were conducted from the residence Tuesday at 2:30 P. M., conducted by her former pastor, Rev. P. E. White, of the Indianola M. E. Church, in the absence of her pastor, Rev. T. C. Turley. Interment was made in Green Lawn Cemetery.

Mrs. Gill, before her illness, was an active member of the Glenwood M. E. Church, being a charter member of the Glenwood Legion, and her lovable disposition won for her many friends both in the Church and social circles in which she was connected, and the many and beautiful floral designs bore record of the high esteem in which she was held by her many friends and associates.

Besides her husband, she leaves an aged father, one brother, W. S. Rider, and four sisters, Mrs. C. E. O'Harra, Mrs. Lena Elliott, Mrs. J. W. Burkett and Miss Myrtle Rider, together with a host of friends and acquaintances to mourn her untimely death.

PASTOR AND FAMILY ON VACATION

Dr. and Mrs. J. H. Hatfield and daughters, Ruth and Martha, left Saturday morning for a month's vacation at Lakeside, on Lake Erie. During the pastor's absence there will be no services in the Presbyterian Church excepting Sunday School until September 1st.

BUCKEYE LAKE PARTY

The Priscilla Embroidery Club, or "The Merry Twelve," will spend next week in the Vinton Cottage at Buckeye Lake. Among those going are Misses Annis Turner, Myrtle Dean, Virgie Carter, Margaret Bentz, Louise Hoar, Mary Turner, Murie Hoar, Nellie Miller, Ada Gillaway, Emma Zink.

VISITOR FROM PENNA.

Miss Lillian Donaldson, of New Brighton, Pa., is a guest of Mrs. Daniel Churton, 45 South Wheatland Avenue. She will also visit with Mrs. L. S. Paxton, 48 South Richardson Avenue, and Miss Mabel Katz, 504 Vermont Place, before returning home.

REPUBLICAN CLUB ORGANIZED

Endorsed Candidates for Congress,
County Clerk and Central
Committeeman.

Last Thursday evening a large number of representative Republicans of the Eleventh Ward met at the home of Harry Butler, 71 North Burgess Avenue, for the purpose of laying plans to further the interests of all good, clean, worthy Republican candidates in this respective ward as well as others of the city, county and State. After considerable preliminary discussion the consensus of opinion prevailed that the best interests of all would be served through a formal organization. Said organization was consummated and will be known as the Eleventh Ward Republican Club, with Harry Butler president and Mansell Legg secretary.

A great deal of enthusiasm was manifested by those present and a unanimous endorsement was extended to Cecil J. Randall for representative; Merch E. Swanson for county clerk and Charles Williams for county central committeeman. While there were no further out and out endorsements the large majority present were for Willis for governor; Galbreath for secretary of state; James B. Kahle for common pleas judge, and David C. Warner for sheriff.

Arrangements have been completed to hold a Republican rally at the corner of Eureka and Broad Friday evening, July 31. All Republican candidates are invited to be present and we urge every thinking Republican to come out and hear the questions of importance discussed.

Among the enjoyable events of the past week was the Palsgrove-Remely reunion, held at Glenwood Park, July 19. The weather being ideal they came from far and near with well-filled baskets. After a sumptuous dinner was served the President, John Gayton, Jr., assumed charge of the meeting. The opening address was made by John J. Remely, followed by Mrs. Wm. Bentler. E. H. Remely, historian, made a brief address, also read the history of the family. The minutes of the previous meeting were read by the Secretary, Pearl G. Gaytor. Others who responded to toasts were: Wm. Bentler, Mr. Miller, Mr. Heller, after which followed the election of officers for the coming year. The old officers elected were: Pearl Gayton, Secretary and Treasurer, and E. H. Remely, Historian. John J. Remely was elected President. The afternoon was spent in games and social chat.

(Note:—For lack of space we are obliged to omit the names of those who were present.—Ed.)

MANY HILLTOPPERS

ENJOY ANNUAL OUTING

Wednesday morning, July 29th, dawned bright and clear on the "Hilltop," and many of the residents were out bright and early making final preparations for the Hilltop outing.

The Hilltop Band met at Highland Avenue and Broad Streets and marched to Broad and Hague, where eleven special cars awaiting to convey the crowds to Buckeye Lake over the Ohio Electric lines. Over 1,000 tickets were sold and it was a happy, enthusiastic bunch that left for the lake.

On arrival at the lake contests that had been arranged were given, and games of various kinds were engaged in.

The picnic lunch at the noon hour was one of the most important events, and the well-filled baskets were soon emptied. In the afternoon many of the "picnickers" enjoyed the boating, roller skating and other amusements of the park.

The crowds returned home, many of them at a late hour, after spending a happy day.

Much credit is given to the Hilltop Improvement Association and business men for the splendid outing that had been arranged. The Association is growing and each year the Hilltop outing is interesting more and more people in the splendid associations to be found in this section of the city.

TO REDECORATE CHURCH

During the month of August, the entire interior of the Hoge Memorial Presbyterian Church will be remodelled and redecorated. While it is the intention of the congregation to have extensive improvements made on the building in the near future, nevertheless minor improvements will be made at present. The walls and ceiling of the auditorium, which have been somewhat discolored and cracked owing to the settling of the foundation, will be repainted. Then the choir loft and pulpit will be raised considerably. The whole basement will be painted and the lights and other fixtures rearranged.

The total cost of the improvements has been estimated at four hundred and fifty dollars. Sunday morning at the regular church service over two hundred and thirty dollars were subscribed by various members of the congregation in six minutes. The remaining amount will easily be raised among those who were not present at the Sunday morning service.

NOW LOCATED AT SANDUSKY

Mrs. Wm. Slyh and son are guests at the home of Mrs. Slyh's parents, Mr. and Mrs. Edward Herbert, South Terrace Street. Professor Slyh, who was located at Rockville the past year, has accepted a position in the Sandusky schools and has moved his family to that city.

Mr. and Mrs. John Conklin have returned from a visit to the lakes.

HILLTOP IMPROVEMENT ASSOCIATION

No country, state, county, city, party, society or business ever succeeded nor ever will succeed without organization. Having this in view a few of the citizens of the Hilltop met and formed what is known as the Hilltop Improvement Association.

One of the first things done was to appoint a committee to draft a constitution and by-laws. This was done and a fine set of rules and laws written and adopted. No one ever reads any of them, however, only two parts, and every member knows them by heart, and they are sections two and three of article one, and are as follows:

"The purpose of the Association shall be the betterment of the Hilltop, its people and their homes."

"The Association shall not be used to further the interests of any one person in particular and in no way politically."

Any resident of the Hilltop is eligible to membership if found worthy by the Association, and it is a proud reflection that so few citizens of this district are objectionable. It is a grand thing to live in a section of the city so free from vicious or "undesirable" citizens.

It is a fact well known that no other organization in the city has so uniformly succeeded in all its undertakings as has ours. We have not asked for the impossible, and have in every way tried to be fair and just with those in authority, or those having the power to grant our requests and are consequently proud of our record.

No member has ever tried to use the Association for a stepping stone to personal advancement, but has patiently and with a self-sacrificing spirit gone about the work allotted to him and the result has been a harmonious and glorious pathway of pleasure strewn with tokens of victory.

We have had our differences of opinion, honestly and vigorously championed, but when our meetings close they close indeed in harmony and we leave our meeting places as brethren marching elbow to elbow and willing to go out and make any sacrifices that will redound to the good of the Hilltop.

If there is a moral to be drawn from this it is in my mind the necessity of thorough organization, whether in the state, the nation, or the home, an organization that makes you always ready for any of the trials of life that may arise,

and ready to at any and all times cope with the difficult problems that constantly meet us.

L. B. TURNER.

Unfortunately a few people possess the erroneous idea that a newspaper, especially one of the dimensions of The News, is merely a medium for airing to the general public personal grudges. We are sorry that people bring their petty grievances to us to be printed along with bitter retorts, for we are unable to publish them. Personally we would not care to publish such items of slanderous purport, and legally we would not dare to. So let us remember that the press no matter how small it be, does not stoop to pusillanimous acts, but rather strives to encourage a spirit of open, straightforward, clean-cut intercourse between the members of society.

77th BIRTHDAY ANNIVERSARY

On July 21st, Mrs. Daniel Wood, wife of Rev. Daniel Wood, of South Ogden Avenue, was the recipient of many tokens of friendship from their many friends on the West Side of the city, the occasion being her 77th birthday. The many cards and flowers sent in by members of the Friends Church on Sulivant and Highland Avenues, where Brother Wood has served as pastor in former years, and also a host of friends on South Ogden Avenue and vicinity were deeply appreciated by Mr. and Mrs. Wood. Three weeks ago Mrs. Wood suffered a stroke and has been confined to her bed since, one side having been affected. At this time, however, she is feeling better, and her many friends wish for her a speedy recovery. (Received too late for publication last week.)

MOTORED TO ATHENS

Mrs. John Miller, 41 South Ogden Avenue, accompanied by Mr. and Mrs. McClanahan, of Dana Avenue, returned Thursday from a visit with friends in Athens. They made the trip in an automobile.

MINEHART-COOPER WEDDING

Thursday evening, August 6th, at 8:30 o'clock, in the presence of sixty friends and relatives, the marriage of Miss Effie Minehart and Mr. James F. Cooper was solemnized at the bride's home, 58 South Highland Avenue. The ceremony, including the ring service, was performed by Rev. Benjamin D. Cocherl, pastor of the Sullivan Avenue Friends' Church.

Mrs. Hattie Compton, of Sullivan Avenue, and Mr. H. Hammerstein were the attendants.

Exactly at 8:30 o'clock, the bridal party descended to the strains of Wagner's "Bridal Chorus," from "Lohengrin," sympathetically played by Miss Lucy E. White, of 52 South Oakley Avenue. After the ceremony a wedding supper was served.

The bride wore a dress of heavy white point embroidery and carried a bouquet of bride's roses, ferns and smilax, while the matron of honor was similarly dressed and carried a bouquet of pink roses. The house was decorated in ferns, palms, smilax and gladiolas, while the color scheme of pink and green was employed thruout.

For several years Miss Minehart was a well-known vocalist known thruout Ohio. Mr. Cooper is in the employ of the Pennsylvania Railroad. Among those present at the ceremony were: Mr. and Mrs. L. B. Justus, Alner and Clyde Justus, Mr. and Mrs. E. D. Doty, Everett Doty, Miss Miller Lawhead, Van Wert, Mrs. J. F. Haering, Mr. Clarence Haering, Margaret Hartman, Mrs. Rose Hartman, Mrs. Paul Hartman, Richard Hartman, Miss Ruth Hartman, G. L. Millikin, Mrs. R. Haering, Edwin Haering, Mr. and Mrs. G. W. Minehart, Mr. and Mrs. Harry Pettit, Miss Lucy E. White, Mrs. W. H. Beckett, Dayton.

LOWE-WALKER

A very quiet home wedding took place at the residence of Mr. and Mrs. Johnson, at Lancaster, when Mr. Charles Walker, son of Mrs. Mary E. Walker, 386 South Park Avenue, and Miss Lida Lowe, of Columbus, were married. The ceremony was performed by Rev. Bloom. A few of the intimate friends of the bride and bridegroom were present. The couple will be at home to their friends after September 1, at Bremer, Ohio, where Mr. Walker is connected with the Oil Well Supply Company of that city.

BUCKEYE LAKE PARTY

L. O. Linville and family, 153 White-thorne Avenue, and Mrs. Edith Cook and sons, Oscar and Howard, are enjoying a week's rest at Buckeye Lake. Mr. Oscar Cook was an attendant at the C. E. Summer Conference at Summerland Beach during part of the week.

Mr. and Mrs. J. A. Morgan and little daughter, Dortha, 125 South Wheatland Avenue, returned Tuesday from Linworth, after a two days' visit with relatives.

HILLTOP TEMPERANCE RALLY

Rev. Stevenson and Colonel Perry Discussed the Question Thoroughly.

At a gathering in the Glenwood Park Sunday afternoon, Rev. W. C. Stevenson, of Russell Street Baptist Church, and Colonel Perry, of auctioneer fame, discussed the temperance question in their own unique ways. Both of these gentlemen brought the truth of the situation home to their audience in a way that cannot fail to bring results at the fall election.

The speakers made it very plain that the church members hold the balance of power in this state and in the United States and that they are responsible for the present conditions. To sum up their talks briefly, "Get right with God, and do with thy might whatsoever thy hand findeth to do."

The voters of the Hilltop may well be proud of the temperance atmosphere so prevalent in every nook and corner in our fair community. Our slogan should ever be, "On to the Scioto, then the state, next the United States."

Voters of the Hilltop, be careful at the election. Support the men who received their nomination through clean campaigning. Keg parties and fraud should be condemned by your votes.

VISITOR FROM CALIFORNIA

Lindley Ong, of Pasadena, California, is a guest at the home of his uncle, W. H. Deema, 55 South Ogden Avenue. In company with his uncle and aunt, Mr. and Mrs. Del. Ong, he is enjoying a ten days' motor trip to places of interest. Mr. Ong was formerly a resident of Wheatland Avenue, and will be remembered by his many friends.

ENTERTAINED WITH LUNCHEON

Mrs. L. S. Paxton, 48 South Richardson Avenue, entertained to luncheon Friday of last week in honor of her guest, Miss Lillian Donaldson, of West Brighton, Pa. Plates were laid for the following persons: Mrs. John Porter, Mrs. S. K. Todd, Mrs. Daniel Churton, Miss Lillian Donaldson, and Miss Eva Burnside.

GILLILIAN REUNION

A reunion of the Gillilian family will be held in Glenwood Park on Wednesday, August 19. All members of the family are expected to be present. Among those on the program for the exercises are Strick, W. Gillilian and Rev. Frank Gillilian.

Miss Jennie Ogg, 135 North Warren Avenue, has returned home after a two weeks' visit with her sister, Mrs. E. T. Hayes, of Athens. She was accompanied by Miss Carrie Williams, who will be her guest for several days.

Mr. H. J. Page, 170 Clarendon Avenue, manager of the house furnishing department of the Green-Joyce Company, left Sunday for a week's business trip to New York.

ENDEAVORERS ENTERTAINED

DELIGHTFULLY ENTERTAINED

The J. R. B. Society spent an enjoyable evening Tuesday, August eleventh, at the home of Mrs. Fred Frosberg, 1953 Fairmont Avenue. The assisting hostesses were Mrs. Charles Vorpe and Miss Pearl Nulty.

Part of the entertainment consisted in testing two of the five senses. It was surprising to find how few had good sense of smell and taste. As a result of the test favors were bestowed upon Miss Emma Fishburn and Mrs. F. C. Jones. The guests were further favored with selections on the piano by Mr. Vorpe.

The selection of lilies of the valley and sweet peas as the class flowers, the appointing of several committees, together with the amending of the constitution comprised the important business transacted.

The evening's entertainment closed after dainty refreshments were served, part of which consisted of Neapolitan cream of the class colors.

CALLED HOME ACCOUNT SICKNESS

Miss Lillian Donaldson, who has been the guest of Mrs. L. S. Paxton, 48 South Richardson Avenue, and Mrs. Daniel Churton, 45 South Wheatland Avenue, was called to her home in New Brighton, Pa., Tuesday night, on account of the illness of an only brother.

"Remember the Sabbath Day to keep it holy." How often have the ministers and preachers reiterated this command to the ever restless, ever moving throngs of humanity. And how often has man heeded this command by force of habit rather than actuated by any truly spiritual reverence. It is deplorable that men, even in our own community, are so deeply engrossed in their business affairs that they cannot even spend the Sabbath in relaxation of mind and body, but are apparently compelled to rush feverishly along without a single pause. What wear and tear of the mind and body this ceaseless toil produces! But what havoc it plays with the soul. There should, by the Divine plan, be six days of labor, and the seventh of rest. A day for the quiet contemplation of the wonders and beauties of nature. A soul which is in harmony with the glorious wonders of nature cannot be wearied by the trivial mishaps of the everyday life. Not only does failure to observe the Sabbath destroy the morals of the individual, but it creates a low standard of morality for the community. In what a lamentable state is a community when its residents are forced to make cement walks, build fences, mow lawns, erect buildings and do all manner of manual labor on Sunday! Let the Hilltoppers strive to keep their community from falling into this bad habit. If the material growth of the Hilltop is so rapid that residents have to work on Sunday at the expense of spiritual back-sliding, then the material growth is unnatural and should be retarded until it is in perfect harmony with the spiritual growth.

THE NEWS takes greatest pleasure in announcing that two of its candidates were successful in the primary election. Also it regrets to announce that Mr. Merch Swanson was defeated, but there is some consolation in the fact that he was not last in the race, and "accidents will happen in the best regulated families," anyhow. Mr. Herbert Sherman, altho not of our community, was nominated with all honors as candidate for Prosecuting Attorney by the Republicans, and the indications all are that he will easily be elected in November. Mr. Cecil Randall, who has lived in the Eleventh Ward for fourteen years, was easily nominated by the Republicans as candidate for the Legislature. And if primary elections cast any shadows as to what will happen in the election, in November Mr. Randall will be fully as successful as he was in the primaries. When THE NEWS endorsed these men, we made

the statement that we were convinced that they were the men for the offices and since then several thousand voters of Franklin County have backed up our statement.

FRIENDS OF THE PRESIDENT

Events have probably so shaped themselves to prevent President Wilson from making any political speeches in behalf of the congressmen who are seeking re-election. But they need not despair. If they have done their duty, they have made for themselves the best possible argument. If they have remained in Washington where their public business was, they have at least given a surface indication of their fitness for the public service, and the people at home are certain to know it. If they have stood by the president in the unending session and have done what they could to make effective the party's program of reform, the people are pretty sure to know that. They will share in the admiration that is felt for the president. They will be recognized as the friends of the president and will be the beneficiaries of the great wave of sympathy that is now moving toward him, bent low with the burden of work, worry and sorrow. This is as potent an influence as might be exerted by any words he might speak. The great desire of the people now is to sustain the president. They can best do it by sustaining the men who have stood and are still standing by him.—Exchange.

A LITERARY PLEASURE

Oh, the joy of early rising
No one ventures to deny,
For the beauty is surprising
When the dawn is in the sky.
There is a brisk exhilaration
In arising from your doze
For ecstatic contemplation
Of the splendor Nature shows.

If you've never seen the glory
Where the early sunbeam creeps—
Well, to tell a truthful story
You have had some fine old sleeps.
Early morning's charm—don't doubt it
Though you never get a look,
You can always read about it
In some nicely written book.

Glenwoods Run Up Big Score; Welch Pitches Excellent Ball

Glenwood, due principally to the work of Welch, and the slugging aggregation, secured a score every inning against Third Avenue M. E. last Saturday, at League Park. The fielding was rather ragged, but was flashy at times. Both catchers threw well and held their pitchers up in great style. Next Saturday will close the season, so be on hand to witness a great game.

Batteries: Glenwood—Welch, Denner, Born and A. Case. Third Ave M. E.—Ewing, Powers, Giebel and Morris.

INTERESTING POST CARDS

Of Burning Residence on Hilltop Last Week

C. A. Henderson, real estate dealer, at 2281 West Broad Street, has an interesting set of photo post cards in his possession. The cards are views of the large double dwelling in the new addition north of Eureka Avenue which was totally destroyed by fire early last week, and show the building when the fire first broke out, in different stages until the building was destroyed. The pictures were taken by a traveling photographer who happened to be in that vicinity when the alarm was sounded. The building was out of reach of the department, which probably accounts for the total destruction. The building was owned by Henderson & Ong, and was partially insured.

GRINSTEAD-HALL

Marriage Ceremony Performed Tuesday Afternoon

A very quiet and pretty wedding took place Tuesday afternoon at the home of Rev. Wagner, of the United Brethren Church, 1004 West State Street, when Miss Ester Grinstead, of the South End, and Mr. George Hall, 41 Midland Avenue, were married by Rev. Walker. Mr. Hall is employed in the Grocery Department of the Green-Joyce Company. Immediately after the ceremony the bride and groom left for Springfield, where they will remain for about a week, after which they will be at home at 41 Midland Avenue.

LETTER OF INTEREST

FROM WAR DISTRICT

The following article is a part of a letter received from Mr. George Hammersley, of Alsager, Eng., by Daniel Churton, at 45 South Wheatland Avenue, and will probably be of interest to many of our readers, as it bears news direct from one of the war countries. Mr. Hammersley is past seventy years of age and has always taken an active interest in the political growth of the country.

Alsager, Eng., Aug. 7th, 1914.

Dear Friends: Your good letters received with thanks. I cannot answer some of the questions about business now—the overshadowing thing is the terrible outbreak of war, and its early effects. We've had nothing like it before in this country. It has come so suddenly and unexpectedly to most people, and trade is paralyzed for the moment. It will recover a little when the German war vessels are cleared out of the trade sea routes, but until then merchants can't get freightage or insurance and so goods are blocked. Working potters have hardly realized it yet because it's the holiday week in any case, but when they turn up for work on Monday they will find "Work suspended till further notice," on some of the gates, and others will try to give them one or two days' work for a time. We don't know what is before us and the country generally. By the paper you will see that as a sense our government is justified, seeing that the German army was well determined on the invasion of Belgium and passing thru that neutral country to get a military position against France. Yet, personally, I am not quite contented that our statesmen have permitted our friendship toward France to drift toward a seeming enmity toward Germany.

We ought to be the "friends of all and enemies of none." Nevertheless, there has been a "jingo" party in Germany that (like the corresponding mischief makers in England) have been talking war for a good while and creating a very sensitive and dangerous feeling which has now culminated in war.

Provisions here are going up by leaps and bounds and very irregular, but the worst feature is the danger to all manufacturers.

We must hope for the best. There is an over-ruling Providence who can bring good out of evil.

Kindest regards.

Yours affectionately,
GEO. HAMMERSLEY.

EDITORIAL

The Hilltop is entering upon a period of remarkably rapid growth. Countless dwellings are being erected upon the few vacant lots of the old settled streets and great new additions have been thrown open, upon which houses are already being planned. And now our community is in a condition where either its present beauty may be marred or its future beauty positively assured by the contractors and builders. In spite of the building restrictions on some property tracts, amidst a number of well built and beautiful residences, one may find a roughly thrown together house, with a "God have mercy" look, whose situation is a blot on the otherwise beautiful site. One cheap looking house can spoil a whole street of excellent dwellings as easily as a single drop of ink in a cup of clear water will turn the entire liquid to a slightly dark shade. Certainly every present Hilltop resident who is building more houses here, ought to realize that by erecting buildings which conform to all the requirements of the modern home, he is greatly increasing the value of the property of the entire community. And another menace to our community beauty is the downtown "professional" real estate man, who carelessly slaps up a number of slipshod "houses to rent" wherever he can find a vacant lot. The law gives the community protection against such men, and if they become obnoxious on the Hilltop, the residents should rise up and stop them before they do any great damage.

RETURNS FROM ENGLAND

C. J. Slater, 33 Avondale Avenue, arrived in New York on August the 12th, after a seven days' trip on the liner Philadelphia, which sailed from Southampton the 5th. The vessel was stopped by a French torpedo boat in the English channel, but when the identity of the boat was made known they were permitted to pass on. Mr. Slater is a brother of C. H. Slater, 27 North Ogden Avenue, and has been making a three-months' visit with friends in England and other European countries.

FAREWELL PARTY

A party was given in honor of Mr. Howard Gladden, 59 North Warren Avenue, Wednesday evening. A six o'clock supper was served to the twelve guests, after which the guests enjoyed many games and some excellent music. Mr. Gladden left early Thursday for Lordsburg, New Mexico, where he has accepted a fine position in the offices of the Southern Pacific Railway.

WITH O. N. G.

Robert Hughes, 45 Midland Avenue, left Thursday of this week with the Signal Corps of Battalion B, O. N. G., for a ten days' outing at Sandusky. Sixty-three members of the corps left for camp on horseback.

PHILATHEA OUTING

A delightful and well planned outdoor party took place when the members of the Philathea Class of Glenwood Sunday School held their first annual outing Thursday of last week in Franklin Park. The day was an ideal one and a merry party of just one hundred enjoyed the bountiful and delicious picnic luncheon spread on the grass at the noon hour. The afternoon was spent in games and the children were entertained with auto rides about the park and pictures were taken of the class. Their teacher, Mr. Cheney, enjoyed the day with them and may well be proud of his large and still growing class. The Philathea's are willing and eager to give their best efforts in making Glenwood Sunday School one of the largest and best in the city.

ENTERTAINS FOR GUEST

Despite the inclemency of the weather a jolly crowd of young people gathered at the home of Miss Hazel Linville of Whitethorne Avenue, last Friday evening, where a party was given honoring Miss Maud Swearer of Willow Spring, Powell. A most enjoyable evening was spent playing various games, after which dainty refreshments were served. Miss Swearer returned to her home at Powell Sunday morning.

On Sunday afternoon, September 13th, an "Every Member Canvass" will be made of the members of Glenwood M. E. Church to secure pledges of financial support for the coming conference year.

A committee of over one hundred men has been appointed and every member will be visited on that day.

Mrs. C. L. McKenney of 57 South Eureka Avenue entertained, August 29th, with a 6 o'clock dinner. Those present were Miss Grace Carruthers of Groveport, O.; Miss Beulah Arnold of La Rue, O.; Misses Cecile and Goldie Six of 67 Midland Avenue and host and hostess.

Rev. Frank R. Draper and wife, who have been spending several weeks in Bay City, Mich., were guests Saturday of Rev. Draper's brother, W. R. Draper and wife, at 30 South Eureka Avenue.

Dr. Elmer Steiner, formerly of Dayton, has opened a dentist's office in the Dr. Emerson office at 2493 West Broad Street.

FIRE CAUSES DAMAGE

The fire department was called to the home of Mr. and Mrs. Frank Harper, 87 North Terrace Street, Saturday morning of last week about 11 o'clock to extinguish a small fire which had been started by striking a match in a room where Mrs. Harper had been cleaning clothes with gasoline. Fire was confined to the one room and damaged nearly all the contents of the room. The building was not damaged to any extent. No insurance was carried on the household goods.

PAVING PROGRESSES

South Eureka and Broad Street was the scene of much interest Saturday afternoon and evening. The work of putting the asphalt on the street was nearing completion and the contractors were pushing the work with the greatest speed possible. Miss Bentz, a daughter of one of the contractors is time-keeper and shows great efficiency in handling the workers. Many people who enjoy the "half-holiday" on Saturday spent a part of their time watching operations.

ROBBERS AT WORK

Two hold-up men entered the office of The Hilltop Undertaking Co. at 2573 West Broad Street, Saturday night at 11:20, while Mr. F. L. Sifrit, Secretary of the company, was sitting at his desk. One of the men knocked him down and took a leather pocketbook containing between \$8.00 and \$10.00. Mr. Sifrit was not seriously hurt and reported the matter to the police. Both men were white.

EDITOR ON VACATION

E. L. Hensel, editor of The Hilltop News and a Senior at West High, is enjoying a vacation among the hills near the Ohio River at Portsmouth, Ironton, Coal Grove and Huntington, W. Va. Mr. Hensel will be gone two weeks and we look forward to some thrilling tales of adventure upon his return.

GLENWOOD S. S. ERECTS "DRY" BULLETIN BOARD

The members of the Glenwood Methodist Episcopal Sunday School on Highland Avenue erected a "bulletin board" on the vacant lot on West Broad Street, just west of Dr. Howard Whitehead's office, Monday evening.

The occasion was fittingly celebrated by short addresses by Mr. Charles Walton, the Superintendent; Rev. C. E. Turley and Rev. T. L. Haaf of the East Ohio Conference. This bulletin board will from time to time carry announcements concerning the temperance campaign that is now being carried on throughout the entire state.

[The Glenwood people are always doing something worth while and we feel it our duty to take off our hat to a live organization of this character. How much better it is to say "come on boys" instead of "go on boys, we will come along a little later."

The Hilltop News stands for everything that is elevating and every movement for the betterment of our clean community will have our endorsement and support. While meditating along this line, Mr. Voter, remember we have a candidate on the Hilltop who aspires to become a member of the Legislature. Furthermore, allow us to say that he is the type of a man we need if we want to protect our homes and families in the future. Vote for Cecil J. Randall.—Ed.]

JONES-OWEN REUNION

FALLEN LEAVES

Much poetry has been written to the falling autumn leaves. All poets are inspired by the beautifully colored leaves as they waft gently to the terra firma. However, the leaves soon lose their admirable qualities when they gather in great rifts on the streets. Then they ought to be gathered up and burned. It would give our local streets an especially nice appearance if the leaves were disposed of as soon as they fell and not allowed to collect in any large quantity. A splendid way to dispose of them is to spread them on the backyard garden plot where they can rot. This not only helps to make the ground more fertile but does away with the disagreeable odor of burning leaves. The leaf-falling season is not quite here yet but when it comes let every Hilltopper remember what littered streets mean to the Hilltop and act accordingly.

The clear-headed, active man weaves brain cells into his daily work and conversation. Pure food is necessary for their repair and replacement. This is life—tear down to build up better. Remember, dear readers, that the News only carries advertisements of concerns that handle the better grades of foods. Buy from them and encourage the building up of bigger and better stores all over this part of the city. Every property owner on the Hilltop increases the value of his property every time he spends a dollar with our merchants. The popular writer tells us that "a man is what he eats." Wrong! A man is what he "assimilates."

OBSERVE LABOR SUNDAY

Columbus Pastors Requested to Hold Special Services

Columbus pastors have been asked by the Federal Council of the Churches of Christ in America to observe next Sunday as Labor Sunday. The council's commission on church and social service recommends that the churches co-operate with trade unions and employers' associations in the observance of the day.

The model subject for sermons Sunday is cited as "Causes of Industrial Warfare." The ministers are urged to pray for "the workingmen," "the children who work," "women who toil" and "the employers."

A NEW CONSTELLATION

For the last two nights Jupiter and the Moon have been keeping company in the skies, and on Tuesday night they joined the big light on the Statehouse dome and formed a splendid constellation. From The State Journal front door they seemed to be in a line, of apparent 20 degrees in length, the moon being half way between Jupiter and the dome light. Against the blue sky this celestial group was resplendent.

Thus our effulgent orb on the dome joined the "heavenly choir" and filled the soul of the observer with a silent harmony; and when he saw "Old Glory" blending its beauty with the magnificent constellation, he then realized how near earth was to heaven and how natural Old Glory seemed among the stars and the ineffable blue of the skies.—Ohio State Journal.

A PREDICTION

A Yale professor has been peering into the future and this is the vision unfolded to his gaze:

If you and I could visit the world 500 years from now we would look in vain for the British empire, the American republic, or the German empire. All will have vanished. But China will be as she is today, a great nation.

The permanency of China may be attributed to the fact that she has done very little preparing for war in times of peace. She has not bothered about great fleets or armies. She has not been spending her millions for dreadnaughts. She has held the armor plate men and the naval experts off at arm's length. She has minded the injunction that "they that take the sword shall perish with the sword." If the professor has based his prediction upon this state of facts, he is right.—Ohio State Journal.

THE POOR MAN'S CAKE

One cup baking molasses, ½ cup sugar, ½ cup lard, 3½ cups of flour, ½ cup water, ½ teaspoon of soda, ½ teaspoon ginger, ¼ teaspoon cinnamon. Stir all together, except the soda. Dissolve soda and add last. Bake in a moderate oven.

Mrs. E. P. Wright.

Harry Brokaw, of Chicago, has been visiting his parents, Mr. and Mrs. W. L. Brokaw, 154 North Euclid Avenue, a few days the past week.

Mrs. George Geyer, 38 South Wheatland Avenue, is confined to her home on account serious illness.

GOODNESS BY COMPULSION

The path of history is strewn with the wreckage of schemes conceived in the altruistic spirit but in ignorance of or indifference to actual conditions. The defect of many well-meaning devices for bringing in the golden age is that they have no relation to the present age. They would be admirable if they would work; they are skillful and interesting contrivances which are complete in themselves, but make no provision for attachment to the existing order of things; and they become, therefore, only curious museum pieces. All devices for making society better constructed on the theory that society is a piece of mechanism that can be taken to pieces and put together with neatness and dispatch as a watch can be repaired belonging to this class of inventions. If these devices could be successfully introduced, they would simplify life and make it deadly uninteresting.

At this moment, there is a general attempt to "mechanize" the habits and standardize the conditions of men. This is the irrational excess of a rational endeavor to compel men to be more just in their relations one to the other. One illustration of this attempt to solve the problem of life by mathematics is the endeavor to make the application and practice of eugenics both compulsory and universal. There is a great deal to be said for eugenics, but to one who happens to remember the vital history of many men of genius, or who has had a wide knowledge of men and women, the plan of rigidly enforcing by State action the programme proposed by some well-meaning people would be to establish an intolerable tyranny. It is one thing to protect society from the reproduction of the imbecile, the insane, and the criminal; it is a very different thing to treat all men and women as if they were imbecile, insane, or criminal. It is very desirable that healthy children should be born, and a rigorous public sentiment will immensely aid in this direction; but the end cannot be secured by general compulsory State regulation and inspection.

There were well-planned schemes a few years ago to house workers in sanitary villages built on scientific principles, the houses to be uniform in size and architecture, the streets to run at right angles, with little open spaces every three blocks, the water and lighting to be standardized, the garbage to be placed in cans of uniform shape and size, and good habits to be enforced on the residents by minute and rigidly enforced regulations. Cleanliness and order were secured, the streets were clean, the health record was excellent; the only point at which the scheme broke down was in the feeling of the people for whose well-being it was devised. They hated it. They felt as if they were caught in a mathematical table! They preferred inferior physical conditions with the sense of freedom; they preferred to be individuals in worse surroundings rather than automatons in a mechanically created community.

The plain fact is that, while many admirable and inevitable improvements in external conditions are being made and society is being helped forward by law and regulation, men and women will never be made to love and pursue the good and beautiful by statute. The fundamental reform must always be in character, not in conditions.

HILLTOP CHURCHES SHOULD OBSERVE PEACE SUNDAY

President Wilson Issues Proclamation to People of U. S.

President Wilson Tuesday signed a proclamation calling on the people of the United States to pray for peace in Europe.

The president's proclamation sets aside Sunday, October 4, as the day of prayer.

The proclamation follows:
By the President of the United States of America, a Proclamation:

Whereas great nations of the world have taken up arms against one another and war now draws millions of men into battle whom the counsel of statesmen have not been able to save from the terrible sacrifice;

And whereas in this, as in all things, it is our privilege and duty to seek counsel and succor of Almighty God, humbling ourselves before Him, confessing our weakness and our lack of any wisdom equal to these things;

And whereas it is the especial wish and longing of the people of the United States, in prayer and counsel and all friendliness, to serve the cause of peace;

Therefore, I, Woodrow Wilson, president of the United States of America, do designate Sunday, the fourth day of October next, a day of prayer and supplication and do request all God-fearing persons to repair on that day to their places of worship, there to unite their petitions to Almighty God, that, overruling the counsel of men, setting straight the things they cannot govern or alter, taking pity on the nations now in the throes of conflict, in His mercy and goodness showing a way where men can see none, He vouchsafe His children healing peace again and restore once more that concord among men and nations without which there can be neither happiness nor true friendship nor any wholesome fruit of toil or thought in the world; praying also to this end that He forgive us our sins, our ignorance of His holy will, our wilfulness and many errors, and lead us in the paths of obedience to places of vision and to thoughts and counsels that purge and make wise.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this eighth day of September, in the year of our Lord one thousand, nine hundred and fourteen, and of the independence of the United States of America the one hundred and thirty-ninth.

WOODROW WILSON.

By the president:

William Jennings Bryan,
Secretary of State.

Mrs. Donovan and Miss Mattie Legg spent a few days at Buckeye Lake.

CONGREGATION HONORS PASTOR

With a Reception in the Hoge Memorial Church.

One of the most happy events of the season was the reception on Thursday evening tendered Dr. J. H. Hatfield and family, of the Hoge Memorial Church, by the members of the church and congregation. The details of the reception were planned and executed by the Ladies' Aid Society, assisted by the members of Dr. Hatfield's Bible Class.

The church was beautifully decorated with golden rod and golden glow, and presented a pleasing appearance, blending so perfectly with the mellow colors in which the church has recently been redecorated.

A short program of vocal and instrumental music was rendered, after which light refreshments, consisting of ice cream and wafers, were served in the dining room.

Dr. Hatfield and family returned last week from their summer's vacation which was spent at Lakeside, and have taken up the work for the coming year with renewed vigor.

The pastor has spent seven years with this congregation and has seen it grow from a membership of thirty-six to a membership of five hundred and twenty-five, and the present building is already taxed to accommodate the regular membership.

CITY SCHOOLS CROWDED

Superintendent Shawan spent Wednesday morning visiting schools in an effort to relieve crowded conditions in buildings all over Columbus, as a result of a gain of 1263 over last year's school attendance, according to Tuesday's registration day figures. The total registration was 25,030.

In the primary grades a gain of 961 over last year's mark of 20,715 for the first day of school was shown. High schools, with a registration of 3227, gained 281. The Normal school registration was 127, a gain of 21 over 1913.

In some of the primary grades big gains were shown, West Broad being among the highest, showing a gain of 80. West High School showed a gain of 20.

Many children who were late in registering remain to be cared for, and it is likely that half-day sessions may have to be put into effect in overcrowded schools.

BUSINESS HOUSES CHANGE LOCATION

Monday of this week the Pergrin Hardware Co., formerly located at 2346 West Broad Street, moved their stock into their new building just a half block west.

Miss Eva Burnside will move her Millinery store into the front room vacated by the Pergrin Hardware Co., either the latter part of this or the first of next week. The rear room of the same building will be occupied by L. N. Michaelis, plumber.

The Hilltop News office will also be located at 2346 instead of 2402 West Broad Street.

Several other changes will probably occur in business circles in the near future.

Miss Mary Phippin, of Ithaca, N. Y., is visiting at the home of her parents, Mr. and Mrs. John Phippin, 69 South Warren Avenue.

TEMPERANCE MEETING IN GLENWOOD CHURCH

Last Sunday afternoon the auditorium of Glenwood M. E. Church was well filled with men and women of the West Side who gathered to hear the Rev. T. H. Campbell, D. D., pastor of King Ave. M. E. Church, give his great temperance sermon on "Dry or Die—America's Dilemma."

Dr. Campbell handled the subject without gloves and gave many unanswerable reasons why the saloon should be abolished from our fair land. The sermon abounded with clean humor, clear logic, faultless argument, convincing oratory and a vast array of facts, all of which fully sustain Dr. Campbell's reputation as a public speaker. The following ministers were present: Revs. S. F. King, J. R. Prather, H. D. Shultz, W. H. Miller, G. E. Tift, William Kirby and C. E. Turley. The Hilltop Band met at the corner of Highland and Broad, where they played several pieces after which they marched to the church where they furnished music for the meeting.

DEATH OF MISS FLANAGAN

The death of Miss Kate Flanagan occurred Sunday morning at 9 o'clock, at the home of her sister, Mrs. Austin, 2323 West Broad Street, of cerebral hemorrhage, at the age of 63 years.

Miss Flanagan was a daughter of Patrick and Margaret Flanagan, and was born and reared in Columbus. She received her school and church training and took her first communion under Father Fitzgerald at St. Patrick's Church.

She is survived by her sister, Mrs. Austin Hutt, and family, and a number of nieces and nephews in New York City.

A host of friends in New York City and Waverly will mourn her death. Funeral services were held in St. Aloysius Church Tuesday morning at 6 o'clock. The body was shipped to Waverly for burial.

GOLDEN WEDDING ANNIVERSARY

The golden wedding anniversary of Mr. and Mrs. William Clark will be celebrated at their home, 457 South Hague Avenue. Mr. and Mrs. Clark were married at Hilliards, but have lived in Columbus for many years past. Eight children are living, all of whom are expected to be present except Charles O., who lives in New Hampton, New Hampshire. The other seven children, four girls and three boys, live in Columbus.

Mr. Clark is a Civil War veteran, having enlisted in Co. E, 65th O. V. I. and re-enlisted in 1865, in Co. C, 191st O. V. I.

Fourteen grandchildren and five great-grandchildren have been born to their children. Two boys have died, one in infancy and the other at the age of 16 years. The Hilltop News extends congratulations and wishes them many more years of happy wedded life.

MOTORED TO SPRINGFIELD

Mr. and Mrs. John Fippin and daughter, Miss Mary, of 69 South Warren Avenue; Mrs. F. P. Sperry, 45 South Harris Avenue, and Mr. James Fippin, of Camp Chase, motored to Springfield, Monday, to attend the funeral of Mr. James Fippin's sister, Mrs. Samuel Brighton.

SLAT-HUSKY BALL GAME DRAWS LARGE CROWD

Of Enthusiastic Admirers to the Park to Witness Game

The Baraca Class of Glenwood Sunday School staged their Slat-Husky ball game at Young's Western League Park on Labor Day to the delight of several hundred spectators.

The program, which consisted of running races, ball throwing contest, kangaroo court and ball game, started promptly at 1:30.

After the preliminary races, the rules of the court were announced in a "short" speech by the Hon. Judge G. S. Marshall, who made it plain that "disorder" would be the rule of the afternoon. Then the ball game managers of the opposing teams, Swanson and Van Meter, met at home plate, shook hands, and after that friendship ceased. Play started with the Slat at bat. Phenomenal work by the Husky pitcher prevented more than seven or eight runs being scored in the first inning.

The Huskies evened matters in their half, using questionable tactics (hitting everything to the sunfield).

After the second inning the Huskies were placed in a dilemma, their pitcher being arrested on the charge of non-support on the part of his teammates. He was found guilty by the court and forced from the game. A raw recruit by the name of Turley went to the pitcher's box and to the amazement of everybody began to whiz them over a la Mathewson, putting a decided crimp in the Slat's chances of victory. Much could be said of the "inability" of each and every player, but our policy being to make friends we demur on the ground that "silence is golden." However, we could not help noticing the Alphonso-Gaston stunts pulled off by the outfielders.

The Huskies came out in front in the seventh inning with a ten-run lead and were never headed, the final score being: Huskies 34, Slat 24.

The game will likely be protested, as the umpire was manifestly prejudiced against the Slat. Late in the game was arrested and taken before the court. He is now "doing time."

Several of the gentler sex were taken before the court during the afternoon. They were charged principally with being "suffragettes," and were all found guilty. Judge Marshall is to be congratulated for the effective manner in which the rules of the court were enforced and the diligence of his patrolmen in bringing in those who were inclined to be peaceable and orderly.

The Slat-Husky game will not soon be forgotten by those who had the pleasure of being present.

DOUBLE WEDDING

A double wedding was solemnized at the home of Mrs. Bratt, 407 White-thorne Avenue, when Miss Sarah F. Bratt and Mr. Joseph Breunig, and Miss Clara L. Collin and Robert Reardon were united in marriage by Rev. C. E. Turley, pastor of the Glenwood M. E. Church. Both young couples left for a wedding trip, Mr. and Mrs. Breunig going to Waverly and Chillicothe for a few days.

BECOME A SUBSCRIBER

The Hilltop News is now approaching a high spot in its existence. It is nearing the point where it shall blossom out from a little advertising bulletin, eked out with news items, to a dignified weekly newspaper, supported only in part by advertisements, for the subscriptions from now on will play a great part in helping maintain the paper. For twenty-eight weeks the publishers of The News have endeavored—and we trust have succeeded in the endeavor—to place at the disposal of each Hilltopper every week a little local paper full of news of local interest. We have endeavored to promote a spirit of neighborly and friendly interest among the Hilltoppers. And we have assisted every resident in locating the various business places of our community. And in drawing the people's attention to the business men, we have aided the business man. In return for these services we have requested no more than the people's good will and interest in the progress of the paper. But, since such an interest has been manifested, and since it became necessary to enlarge the size of The News in order to get all the material in it, we shall have to ask for something more tangible now. Owing to the increased expense in publishing the larger paper, we shall have to ask for subscriptions. More care and pains will be taken with the new paper and it shall become a news paper supported by subscriptions in a great measure. In other words, we shall give to the Hilltoppers the best possible service and we shall always stand for the improvement of the Hilltop, the betterment of any disagreeable conditions, and for everything, in fact, which will be of benefit to the Hilltop.

So we seek the support of every Hilltopper. We not only need a friendly interest, but we need financial support. Therefore let every Hilltopper be loyal to the paper which is loyal to him and when our solicitor comes to your door do not turn him down, but subscribe. In subscribing you will benefit yourself, the Hilltop and us. So forget that feeling of tightness in the region of the purse and subscribe. Remember, it is not charity, for you shall receive as much if not more from The News than you put in it.

WHY NOT ON THE HILLTOP?

Can any one give a good reason why we persist in creating "streets" and "avenues" in our new suburbs when what we are really creating are "Ways," "Roads" and "Lanes," and should so name them? We say when we move out to the suburbs that we do so because we want "to get out of the city," and then we deliberately drag the nomenclature of the city with us. A "street" is essentially a word that we associate with a city thoroughfare; it is, in fact, according to a dictionary definition, "a public highway with buildings on one or both sides, in a city." An "avenue" is, according to dictionary authority, "a wide or principal street; a broad thoroughfare." Now try to imagine some of the so-called "avenues" in our suburbs as "wide or

principal streets," or "broad thoroughfares." Perhaps you live on such an avenue; a "Maple Avenue," say, a city block or two long and twenty feet wide! Would it not more truly reflect its real character and its surroundings had it been called "Mapleway," or "Maple Road"? And, above all, should we not be using our language a little more correctly? One progressive little community is taking hold of this erroneous nomenclature and has changed a "Home Avenue" to "Homeway"; a one-block "Maple Avenue" has become what it is: "Mapleway," bordered with maple trees, and "Chestnut Avenue" has become "Chestnut Lane." Why not be right instead of wrong in the use of the language, particularly when it is just as easy to be right?—Ex.

THE SIMPLE LIFE

Simple living is not so much an economic question as it is a moral question, the morality part relating to the duty one owes to himself and others to keep himself well in body, soul and mind. That is the object of simple living—not to save money. The idea is to make a person's brain clear and clean, so he will think clear thoughts and take to clean living. A brain that is backed by rich and luxurious living is very apt to be clogged with passions and prejudices, with selfishness and sordidness. Not always, of course, but that is the tendency. A person can contaminate a great portion of his spirit and come mighty near destroying his faith in God, by eating all sorts of rich and expensive foods. You may take a boy and feed him on luxurious and seasoned diet and his future destiny is collapsed.

Of course, some people will turn with ridicule on the idea, and describe simple living as a boiled turnip and a glass of water, but simple living means an appetite for simple things, that make for health, work and a gentle spirit. The old religious fast days had a basis of truth in them—if you want to get near God stop your fat living.—Ex.

WHERE TO GET MONEY

Chairman Underwood calculates that customs receipts as a result of the decrease in European imports will fall off at least a hundred billion dollars this fiscal year. That hole must be filled and there ought to be no dispute as to how to fill it. The present tax on beer is one dollar per barrel. This tax was doubled during the Spanish-American war, and produced virtually double the revenue. To double it now would probably increase the government's revenue by at least fifty millions a year, and perhaps sixty millions. Another fifty may easily be raised by increasing the tax on spirits and tobacco.

If there are any sources under the sun from which taxes may be extracted with a clear conscience and an easy mind, those sources are liquor and tobacco.—Exchange.

Many Hilltoppers who are interested in The Hilltop News have been inquiring about our subscription rates. We have solicitors canvassing the Hilltop and each house will be visited. Our rates are \$1.00 per year, in advance, 25c for three months, 10c per month, or single copies will be sold by the carrier. We hope to complete this canvass and have our lists arranged by October 1st. Up to that date we will continue to pass them as before.

Umbenhaur's Ethreal Soap (CLEANING COMPOUND)

Does not turn White Kid Gloves or Shoes yellow, but leaves them pure white. A most excellent preparation for removing Grease Spots, etc., from all kinds of Clothing. 15 and 25 cents.

It is not an unusual thing to see groups of Hilltop neighbors engaged in a game of croquet at as late an hour as ten o'clock at night. This is a good wholesome game and from current reports a number of very proficient players are being developed. If there is a vacant lot near your home, seek the owner and get permission to use it for croquet, tennis or some other game. How much better your own home will appear with a clean, well kept lot adjoining. If you can not play by daylight it is easy to arrange for artificial light.

LAST CALL

Have you felt that early morning breath lately or are you a sleepy-head?

It's pretty near time to begin to think about getting in your supply of potatoes and juicy red apples that smell so bully when the lid is first taken off the barrel, and hickorynuts that you can crack when the wind is whistling and the snow is blowing.

A Franklin County farmer says the squirrels are working overtime, laying in bountiful hordes of nuts—a sure sign that the winter will be a cold one.

Better wake up before Jack Frost gets you!—Ex.

SIDEWALK ALONG GLENWOOD PARK

A contract for laying a sidewalk along Glenwood Park was granted by the City Board of Control Tuesday. The pavement will be of cement, and P. J. Connelley was the contractor, the bid being \$900.

ROBBERS AT WORK

H. T. Wilson, 104 North Eureka Avenue, went to visit his sick mother at 46 South Ninth Street yesterday and while he was attending her somebody entered the house and took his watch and \$3. He reported the theft to the police.

VISITORS AT RUSSELLS POINT

Misses Clara and Amelia Journey, Florence and Geneva Sulzberger, spent Sunday with A. C. Matheny and family at Russells Point, returning with them to Columbus, Sunday evening.

If you are a newcomer to the Hilltop you will need the assistance of the Weekly News and we need your assistance. Come along and be friendly. Place your name on our subscription list.

WATER SHUT OFF

"You'll never miss the water till the water's turned off," might well have been substituted for that old adage Monday evening of this week, when without any notice the water was turned off.

A break in the new 36-inch water main in Gift Street, between Rich Street and Sullivant Avenue, left the entire city without water for over two hours.

The break occurred about 7:15, just when many housewives were washing their dishes after the evening meal. It also caused much inconvenience to hotel-keepers, confectioners and soda fountain owners.

This main line supplies the West and South Sides with water. The neighborhood where the break occurred was flooded until the water was shut off.

J. R. B'S ELECT OFFICERS

The regular meeting of the J. R. B. Class of Glenwood M. E. Church was held at the home of Miss Bina Martin, 155 South Richardson Avenue.

New officers were elected for the coming year as follows: President, Mrs. Rose Bennet; first vice president, Miss Orel Perkins; second vice president, Miss Jones; secretary, Miss Bina Martin; treasurer, Miss Cora Klein.

Games of an interesting nature were played. A "Baby Picture" contest was held, Mrs. Susie McKinney winning the first prize and Miss Ethel Richardson the consolation prize.

Refreshments were served and a general good time was had by all present.

EIGHTIETH BIRTHDAY ANNIVERSARY

Mrs. Herman Michaelis, of 160 North Terrace Avenue, celebrated her eightieth birthday anniversary Wednesday, September 2nd. All the children, grandchildren and great-grandchildren were present. She was remembered with many beautiful floral offerings. A dainty luncheon was served and a most enjoyable evening was spent by everyone present.

LADIES FIRST

When The Hilltop News announced that they would receive subscriptions there was a question as to who should be the first subscriber. Miss Jeanette Gladden, of North Warren Avenue, and L. O. Linville, optician to the Hilltop, were contestants for first place, but the unwritten law of the sea, "Ladies first," holds good on land, and we give No. 1 to Miss Gladden.

MONTHLY MEETING

The regular meeting of the Ladies' Aid Society of the Hoge Memorial Church met in the church parlors Thursday afternoon. The social hour was dispensed with an account of decorating the church for the reception which was given to the pastor and his family Thursday evening.

IN PROTESTANT HOSPITAL

Mrs. George Geyer, 38 South Wheatland Avenue, was taken to Protestant Hospital Tuesday. Wednesday morning an operation for removal of a tumor was successfully performed. Her many friends on the Hilltop hope for her complete recovery.

MISSIONARY SOCIETY WILL MEET

The Women's Home and Foreign Missionary Society of Hoge Memorial Presbyterian Church will meet at the home of Mrs. Daniel Jermon, 47 Clarendon Avenue, Thursday, September 17th, at 2:30 o'clock. The leaders will be Mrs. Hughes and Mrs. Owen.

Did you hear Col. Perry in the United Evangelical Church last Sabbath evening? If not be sure to hear him the next time he appears on the west side.

IMPROVEMENT ASSOCIATION HOLDS RALLY MEETING

City Officials Attend—Hallowe'en Celebration Talked Of

On Tuesday evening, the Hilltop Improvement Association held its first fall meeting in the new Peregrin Hall. This meeting was the first of a series which will be held to get the Hilltop men acquainted with the city, county and state officials. All the city officials were invited to this meeting and all accepted the invitations excepting the mayor and vice mayor. Among those present were: Mr. George Borden, Director of Public Service; Col. Byron L. Bargar, Director of Public Safety; Chief of Police Carter; Mr. Hoover, Superintendent of Sewage Disposal Plant; A. J. Thatcher, Secretary of Mayor Korb; Dr. Kahn, City Health Officer; and Councilmen Stribling, Nailor, Westlake and Postle. Mr. W. M. Ginder came in place of City Auditor Cain, who was unable to be present.

All of the officials delivered short addresses concerning the welfare and development of the Hilltop. They unanimously pledged their support to all projects which would tend to further the interests of the Hilltop. Mr. Stribling said that before his term of office expired he hoped to see the city purchase all the territory between Glenwood Park and Sullivan Avenue, and turn the entire tract into one large, beautiful park.

In his speech, Mr. Westlake set forth the possibility of having the Hilltop connected with central Columbus by an elevated railway. He showed how beneficial it would be to the Hilltoppers to have a direct connection with the business center of the city.

Dr. Kahn complimented the Hilltop as being the most sanitary community in Columbus. In all his inspection as health officer he claimed he had found no cleaner or healthier section of the city.

Before the addresses and during the evening the Hilltop Band rendered some splendid selections. Miss Shockey executed several solos very nicely.

A lunch was served, consisting of ham, neufchatel sandwiches, pickles, buttermilk, ice cream, cakes and cigars.

The prevailing sentiment of the meeting was to make the Hilltop a bigger, better place to live next year. An especial attempt will be made to get the people from the other parts of the city out on the Hilltop to see its various beauties for themselves.

Altogether it was one of the most enthusiastic meetings the Association has ever held. Over 200 were present. At its next meeting, the Association will request the presence of the County officials.

PIANIST IN ORCHESTRA

Miss Lucy White, 52 South Oakley Avenue, has accepted the position of pianist in the Northminster Presbyterian Orchestra. The new Northminster Church will be dedicated on the twenty-seventh of the month, at which time Miss White will make her first appearance with the orchestra.

COUNTY FEDERATION

Of Young People's Societies to Be Perfected.

The young people's societies of the Protestant churches of the city, Christian Endeavor, Epworth League, and Baptist Young People's Society, will perfect a permanent organization at a meeting to be held the first part of October, which will be known as the Federation of Young People's Christian societies of Franklin County.

The purpose of the union is to make more effectual the work of the young people of the church in civic and moral issues. A committee has been appointed comprising members of the various societies as follows: Christian Endeavor, S. C. Wetherby, J. L. Powell, George E. King; Epworth League, Miss Bertha E. Jacobs, Robert M. Waid and Boyd B. Haddock, who will be chairman, and from the Baptist are Philip Weaver, Rev. A. M. Dixon and B. H. Jackson.

Arrangements are now being made by this committee for a rally to be held on Tuesday, October 6, either at the Central Presbyterian Church or Memorial Hall, when the organization will be perfected and the Hon. Seaborn Wright, of Georgia, a famous Southern orator and church worker, will be the principal speaker.

SURPRISE PARTY

A surprise party was given last Tuesday evening in honor of Mr. and Mrs. J. G. Mathias, at their home, 43 Belvidere Avenue. A very pleasant evening was spent by those present. Ice cream and cake were served. Those present were: Mrs. Maranda, Mrs. Wangler, J. Walters, G. F. Anderson, Mr. and Mrs. M. R. Mathews, Misses Carrie Sawyer, Mary Michalis, Mary Kiley, Otis Neff, Nellie Roberts, Georgia Brown, Martha Greely, Neva Barrows.

Among the many social affairs given in honor of Mrs. A. McKenney, of Dayton, Ohio, was a dinner in which Mrs. Lorin Blum, 93 North Park Avenue, entertained Mrs. Emory, Mrs. Elvin Congo, Mrs. Harry Turrell and Mrs. Bert Friend.

DRY WORKERS ORGANIZE

The Hilltop Proposes to Help Ohio Go Dry November 3rd

The Hilltop voters have organized for the purpose of carrying on a systematic campaign for state-wide prohibition. At a well attended meeting held in the Glenwood Methodist Church, last Friday evening, under the supervision of Rev. C. W. Eldredge, all of the preliminary work was completed and a committee representing every church in the Eleventh Ward was appointed to select a leader. Said committee met Sabbath afternoon at the home of S. E. Todd, 31 South Warren Avenue, and after careful consideration it was deemed expedient to divide the ward into two distinct sections and selected for their leaders Merck E. Swanson, 51 N. Ogden Avenue, for the Hilltop and Frank Holycross, 110 North Princeton Avenue, for the section east of Ryan Avenue. The men selected are well qualified for the work and they now have the campaign well under way.

Polls are being taken by the precinct captains and reports given out at the meeting held in Hoge Memorial Presbyterian Church, Thursday evening, are very encouraging. At this meeting it was agreed that each precinct captain make a special effort to get every man on the Hilltop to attend the temperance rally in Memorial Hall, Sunday afternoon. They are to meet at the corner of Highland Avenue and Broad Street at 1:45 p. m. to go to the rally in a body.

Every man on the Hilltop who has the best interests of his home and friends at heart should be up and doing for the great cause of temperance. Should the Liberal League succeed in carrying their amendment everything that has been gained by the temperance people in the past is lost.

Rev. Hatfield in a brief talk said it was the chance of our life to help our brothers. Rev. Shultz said it was up to the church members of this state to vindicate their principles. If we fail the church members are responsible. The Hilltop News stands ready to do its part in this great work.

INTERESTING LETTERS

FROM SOUTH AMERICA

Mr. Cannon Writes of Return Trip Via Liverpool

Most interesting letters are now being received by Mrs. Charles E. Cannon from her husband who sailed the middle of July for Rio de Janeiro, Brazil, via Europe. He visited Liverpool, London and Paris, leaving the latter city to sail for Brazil the day the war trouble there became critical. Much anxiety as to his being able to get away was felt until a cable was received announcing his arrival in Rio.

His letters tell of rioting in the streets of Paris, extreme difficulty in getting enough American money changed to get out of France, seeing German passenger boats which were held up in Lisbon and other ports, unable to leave or unload their passengers of war, rumors reaching their boat, traveling at night with blanketed lights, sighting a German war boat off the north Brazilian coast, going out of their course and putting on all speed to escape it, hugging the Brazilian coast as closely as possible because of reported battleships in Brazilian waters. He reports the financial condition of Brazil very serious, owing to the large amount of European capital invested there. Banks were entirely closed for several days.

ENTERTAINS FOR NEPHEW

Mrs. Mary Baker, of 42 South Harris Avenue, entertained Friday evening, September 11, in honor of her nephew, Mr. Edgar Planck, of Warren, who is visiting friends and relatives in Columbus. Mr. Planck is staying at the home of his uncle, Mr. William Link, of 59 North Park Avenue.

An enjoyable evening was spent in games and amusements, after which refreshments were served.

Those present were the Misses Irene Planck, Edith Baker, Carrie and Martha Beach, Laura and Nettie Link, Bertha Fisher, Catherine and Emma Fisher, Messrs. Guy Myers, Curtis Link, Glenn Grooms, Harvey Grooms, Albert Link, Edgar Planck, Louis Baker and the hostess.

GIVEN SPLENDID POSITION

Mr. Carl Barnes, 118 North Burgess Avenue, who has been an employe of the Columbus Citizen Telephone Company, has been given the position of Assistant Wire Chief of the Ohio State Telephone Company. Mr. Barnes first started working as a messenger boy and worked his way up from that to night wire chief of the Columbus company. His new position with the State Telephone Company is an enviable one which he has well earned.

ENTERTAINS CLUB

Miss Edna Meldrim entertained the Violet Embroidery Club at her home, 175 Midland Avenue, Tuesday evening. New officers for the year were elected as follows: President, Flossie Morehead; Vice President, Edna Meldrim; Secretary, Inez Frost; Treasurer, Vergie Huffman. Refreshments were served and a good time was enjoyed by all.

EDITORIAL

Last week one of our subscription solicitors came upon two ladies in the same section of the Hilltop who absolutely refused to subscribe for *The News*. They gave as their reason that they had found the Hilltoppers the most distant and unsociable people with whom they had ever come in contact. Therefore the ladies didn't want to have a thing to do with them and they didn't take any interest in the affairs of the Hilltop.

That was a peculiar and disagreeable spirit for those two housewives to manifest. Certainly the fault must have lain with them. It has been one of the chief aims of *The News* to bring the people of the various parts of our community into a close and friendly contact. And when these two ladies were offered the means of getting in touch, not only with their near neighbors, but with the whole community, they turned down the offer. Anyone who cherishes a sour and crabbed disposition is sure to be avoided by his fellow-men. Just so, to have the world friendly to you, you must be friendly to the world.

SUBSCRIBE AND BOOST

There is yet ample opportunity to subscribe for *The News*, if you have missed our solicitor when he called, or were unable to order the paper at the time. All subscriptions will be gratefully received at our office or by our business manager. Now is the time to show your true interest in the welfare and development of the Hilltop. Every subscription for *The News* is a boost for our community. Be a booster. Be loyal to the paper that has been loyal to you and subscribe before it is too late.

BE PATIENT

Our solicitors for subscriptions to *The Hilltop News* are busy. It is quite a task. They will eventually call on you. If they do not send your name to 2346 West Broad Street.

The News does not charge for printing news items and other interesting bits of local information. On the other hand we are always glad to get them, either by mail, phone, or person, at our office or at the residence of the editor.

HILLTOP NEWS MOVED!

On Wednesday of this week, *The Hilltop News* moved from its old location at 2402 West Broad, to 2346 West Broad Street, where quite an elaborate little office has been fitted out. Hereafter we will always welcome our old and our new friends at the office. We extend an invitation to all the Hilltoppers to "drop in" and see us next week when we are "fixed up."

There was at least one advantage of the cold weather. When the Airdome was closed we found out what fine quality and what a generous number of films we saw for our nickel there.

COMMON "CENTS" MAKE DOLLARS

Now, you've all got lots of common sense, so let us tell you how to make dollars with them. You people who wear glasses, when you have the misfortune to break a lens, don't imagine that you must go to High Street, to the man that made them to have them repaired, because if you have the broken lens, or even a part of it, we can duplicate it for you and save you time and money.

And to you who don't wear glasses (but ought to) let us say that in our new optical parlors, which will be running under "full steam" by October 1st, we will be able to give you service second to none in the city, and at a saving of from 10 to 25 per cent. We will be located in the Cussins & Draper Department Store, 2363 West Broad Street.

RUBBISH COLLECTION

ON THE HILLTOP

To be Made at Once, so says Councilman Postle.

Owing to the complaints made to Councilman Fred Postle, that the refuse and rubbish on the Hilltop was not being properly cared for by the city wagons which are supposed to gather such material, Mr. Postle inquired into the affair this week. He wishes to announce that he was informed by Mr. Stribling, who has charge of this department, that the Hilltop would be taken care of immediately. To facilitate the collection of rubbish, the city has been divided into 22 districts, each district having two teams and two men. By this arrangement, ample provision has been made for the Hilltop district. In fact, the men are at work on some part of this territory at present and will cover the whole Hilltop very shortly. However, the residents must observe certain rules in disposing of their rubbish or it will not be collected. For the benefit of all the Hilltoppers we print below a list of the rules which govern the collection of rubbish by the city wagons:

1. The owner, tenant or occupant of buildings must provide a suitable water-tight metal can with cover, and place or cause to be placed therein all garbage accumulating on the premises.
2. There must also be provided barrels or other tight receptacles into which shall be placed ashes; all such rubbish as tin cans, bottles, crockery, corn husks, cobs, waste paper and rags must be kept separate from ashes and placed in the same kind of receptacle as used for ashes.
3. All cans or receptacles shall be of a suitable size, and not larger than can be conveniently handled by one man.
4. Whenever the yards abutt upon alleys, the garbage or refuse receptacle must be placed at a convenient point in the yard next to the rear alley so that they may be easily reached by the collector. Where there are no alleys, the can is to be put in the yard not more than twenty-five (25) feet distant from the rear of the house.
5. All refuse such as paper, ashes, floor sweepings, corn husks or cobs, cans, crockery, glass or bottles must not be placed in garbage can, or garbage placed in the receptacles used for rubbish.
6. All refuse and garbage receptacles must be on the premises, and not on the streets and alleys.

These rules are covered by ordinances 26158 and 26159 and all violators are subject to a fine of not less than \$5.00 nor more than \$100.00 for the first offense, and for the second and each subsequent offense not less than \$10.00 nor more than \$200.00.

Collectors are not permitted to enter houses for the removal of refuse, nor are they to accept any money for their service.

Householders are requested to report to the department any inattention on the part of the employees. Telephone Citizens No. 2760. Bell Main 2202.

We collect from private residences only. No collections are made from business houses.

We ask your co-operation, in enforcing these rules.

DANCING PROHIBITED

In All City Public Parks by City Council.

In order to knock out a dancing pavilion in Glenwood park, council Monday night passed an ordinance prohibiting dancing in all public parks of the city. Councilman Westlake was the author of the ordinance. He complained that "rough crowds" attended the dances in Glenwood park.

Councilman Sherman and Connolly pointed out that if the dance hall regulation ordinance passed by council last January were in effect it would not be necessary to prohibit dancing in the public parks. In passing the ordinance councilmen explained that it was not because they were opposed to dancing, but because of conditions existing at Glenwood park and because the dance halls are not regulated. The ordinance will not affect dancing in Olentangy, Indianola or Smith's parks.

HILLTOP BOY ATTACKED

By Unknown Men and Rendered Unconscious.

Police are puzzled over an attack upon Earl Sanders, 341 South Wheatland Avenue, which occurred at 8:30 last night. Sanders was found unconscious in a wagon, with a whip lash tied around his neck, when the horse which he had been driving found its way home. George Sanders, his father, saw the horse returning with no driver in sight, and his investigation disclosed the son lying helpless and senseless in the bed of the wagon.

When young Sanders had been resuscitated, he told Officer Van Giesen that two men accosted him while he was driving along Sullivan Avenue near the Baby Camp. They climbed onto the wagon and attacked him, beating him over the head with their fists and then tying the whip lash about his neck. He said there was no provocation and evidently no intent to rob, for they took no money or valuables from him. He said he was unable to explain the motive behind the assault.

NEEDED IMPROVEMENTS

Proposed by Councilman Westlake to City Council.

Councilman Westlake introduced an ordinance in council Monday night proposing the repaving of West Broad Street from Sandusky Street to Shady Lane, the city's share of the cost amounting to \$65,000.

Westlake also introduced a resolution directing the service director to furnish an estimate of the cost of a new West Side market house to be located at West Broad Street and Central Avenue.

The necessity for repaving West Broad Street can best be appreciated by taking an auto ride over said street, and the Hilltop West Side people should demand a market house for the West Side which will equal other city market houses.

Mrs. Chas. G. Herbert and daughters, Emily and Mary, of Los Angeles, Cal., who have been guests at the home of Mrs. J. C. Owen and Mrs. C. C. Cook, left for their home Wednesday morning.

LAWN PARTY

Given by Mr. and Mrs. Albert C. Lillie.

One of the most delightful and charming lawn parties of the season was given at the home of Mr. and Mrs. Wm. M. Ferguson of 90 North Warren Avenue, Tuesday evening of this week. Mr. and Mrs. Albert C. Lillie acting as host and hostess, when the ladies of the Acme Embroidery Club entertained their husbands. The lawn was brilliantly lighted by electricity and made a magnificent place for the various games of the evening.

The lady winners of the guessing contest, Mrs. Elliott and Mrs. Moore, tied on first prize, which in the draw Mrs. Elliott won, the well known master piece, "Young Handel at the Organ." The first men prize was "The Whistler's Mother," sacred to the heart of all men, given Mr. Elliott.

The consolation prizes, "A Scene in Flowers" and "A Hunting Scene," were awarded Mrs. Niday and Mr. Brown.

A dainty buffet luncheon was served, after which the ladies of the club extended a vote of thanks to the Hilltop hand for their choice selections rendered during the evening.

Those present were: Mr. and Mrs. Moore, Mr. and Mrs. Niday, Mr. and Mrs. Elliott, Mr. and Mrs. Shockey, Mr. and Mrs. Bishop, Mr. and Mrs. Mayer, Mr. and Mrs. Wilson, Mr. and Mrs. Amarine, Mr. and Mrs. Patterson, Mr. and Mrs. Clark, Mr. and Mrs. Davis, Mr. and Mrs. Brown, Mrs. Marburger, Mr. and Mrs. Lilly, Mr. and Mrs. Ferguson.

CHAMPIONSHIP CUP

Secured by the Tri-Mu Class of Glenwood S. S.

Last spring the Tri-Mu Basketball team won the West Side Sunday School championship, not having lost a game. They then went for the city Sunday School championship, being scheduled to play Plymouth Congregational, the winners in the North Side League. The Tri-Mu team was ahead at the end of the first half, then the rules were changed and the team not being notified until after play had started, lost in the final score by three points. The manager protested and he has fought all summer for the cup, and finally succeeded in getting it last Saturday.

The cup is a beautiful trophy and on the back will be written the names of the players who won it: Alva Myra, captain; Slyb Matheny, Carlos Matheny, Ernest Howard, Donald Corn, Walter Castoe, Earl Watson and Walter Randolph.

REV. TURLEY COMES BACK

We are glad to know that Rev. C. E. Turley, pastor of the Glenwood M. E. Church, has been returned to this pastorate for another year. Rev. Turley has won many friends during the past year who will be glad to know that he will remain as pastor at least another year.

J. R. B.'S WILL MEET

The J. R. B. Class of Glenwood Sunday School will hold a meeting in the basement of the church Thursday afternoon and evening, October 1st, to make aprons for the bazaar. Every member bring material for one apron and supper for one.

WEST-VS. ALUMNI

AT YOUNG'S WESTERN PARK

First Game of Season. Results in a Score of 0 to 0.

On Friday afternoon, September 19th, under the burning rays of a desert sun, on the dusty arena of Young's Western stadium, a new scene in the high school football drama was staged when the West team met, in mortal conflict, its stars of former years.

In their battle array the Alumni were magnificent. On the tackles were the mighty Edmiston, dressed in half-hose and low cut jersey, edged with cream colored ribbon, and "Red" Smith, in an outfit of blue, red and yellow as apropos to his peculiar shade of hair. At guard was the fair-haired Swede, Allen Scoles, plowing his way thru blood and flesh almost to the cherished goal, while flanking him stood Martin, in modest dishabille, apologizing for any rough usage. Embossed in the apex of the battle line crouched the valiant Talhelm, so redoubtable on the waxed floor. At quarter, Sheldon Mann, encased in maroon jersey, which showed to such advantage his perfectly rounded arms and form that he was the object of much admiration from a lady on the side lines, as was also Walter Randolph to another lady, as in a moment of weakness, he leaned heavily on the lineman's stick and broke it. At back Clair, Spence and Johnson, men of brawn and brain and fat, sans practice, sans wind, labored dutifully and sweatfully, while Eddie Jones, grimacing demoniacly, protected the right wing of the side linemen.

Think of it! This squad of giants composed of two married men, two bank clerks, one farmer, one manufacturer, three college chappies, one fisherman, and one Cap't. Clair!

No wonder the Buff and Brown team shook in its shoes as the dust rose from the shock of conflict. And no one was so amazed as they when the final score stood 0 to 0.

It was a great day and is to become an annual event, to be hereafter celebrated with much pomp and ceremony.

IMPORTANT MEETING

The monthly business meeting of the Hoge Memorial C. E. Society will be held in the church this evening at 7:45. This is the first business meeting since the summer vacation and a full attendance is urged. Misses Bessie Sperry, Dorothy King, Martha Hatfield, and Oscar Cook are the members of the refreshment committee, and a good social time may be expected. In connection with the regular business of the society, active participation in the temperance fight now on will be planned.

DELEGATE TO SYNOD

Dr. J. H. Hatfield of the Hoge Memorial Presbyterian Church, attended the Columbus Presbytery at Circleville, Monday and Tuesday. Dr. Hatfield was appointed to lead the devotions at the meetings and he was made a member of the committee to revise the rules. He was further honored by being elected a delegate to the Synod in Chillicothe on October 13-15.

Columbus, Ohio, September 25, 1914

EDITORIAL

We cannot impress too much upon the minds of the Hilltoppers the value of fostering a spirit of community interest. There are many reasons why the community, in which a man's home is, is dearer to him than the territory in which he works. The Hilltop is the residence place of a people who are neighborly, friendly, law abiding, courageous, and democratic. The most pleasant and most enjoyable part of the day is spent on the Hilltop, far removed from the noisy, dirty business section of the city. Again many of the residents of this community own their property and take a greater interest in the progress and improvement of the Hilltop. Too, the physical isolation of the Hilltop from the West Side and the other parts of Columbus makes the spirit of community interest almost inevitable.

And how may such a spirit be fostered? There are several ways. The prime one is to patronize the Hilltop business men. Every bit of patronage they receive enables them the more to produce the improvements of the community. Then the Hilltoppers should support every movement that aims at the betterment of the Hilltop. Let every resident attend as many local functions as possible. Show your interest in the band and the many other things which are essentially local. Tell the rest of Columbus of the beauties of the Hilltop. Point out the advantages of living here. Sing the praises of a community whose people dwell together in a union of friendship and neighborliness.

THE EQUINOX

When the soft, fair weather struck the autumnal equinox, which was Tuesday, it changed to a rainy day, with an accompaniment of chill and cloud. Just as the sun had crossed the line, the lightning came up in the west, and kept up its flashing until the whole sky was suffused with its ethereal flame. The night came on with a sky full of stars, but by 9 o'clock a thin covering of cloud shut them out of sight, and in an hour afterward the rain came in a gentle drizzle, which was hardly enough to wet things generally. And before 11 o'clock the stars were out again, big Jupiter in the south, gazing frankly at you, and Vega in the west with a smile as sweet as a woman's, and Aldebaran, beaming softly in the east—all gleaming now in a cloudless sky. And then in the night the clouds all came back, bringing the rain with them, a shower of tears, as it were, because the old sun had left the northworld and gone south, with all his baggage of fruits, flowers, birds, zephyrs and green leaves, which he had checked through to the Southern Cross. —Ohio State Journal.

If you are looking for business you must give the public to understand that you appreciate their patronage by giving them good service.

THE HOPEFUL SIDE

Another sign of better times is the increase of postal bank deposits. In Chicago alone during August there was an increase of \$184,000. All this occurred in the summer vacation period, when the show houses were filled, and beef cost 28 cents a pound. All this indicates that the financial status is one of large surplus. If there are hard times now, there are lots of good times mixed up with them, and it is the duty of all to get in with the good times and talk hope, rather than with the bad and talk despair. Where does all the money come from that buys red meat, goes to shows, burns up tobacco, increases the postal deposits, and fills the colleges fuller than ever? The thing to do is to earn something, there are plenty of chances, spend what you get and keep a stiff upper lip.—Exchange.

LAST FREE ISSUE OF NEWS

This is the last time that the Hilltop News will be delivered free. Beginning next Friday it will be passed only to the subscribers. If our solicitor has not yet reached your house, she will do so by the first of next week. Remember the old saying, "He who hesitates is lost," and don't hesitate but subscribe now. If the solicitor has already called at your home and you have not yet subscribed you may do so by calling at our office, 2346 West Broad Street. Don't be a knocker, but be a booster and subscribe! Don't be a person who has eagerly read the paper as long as it was passed free and then refuse to take it when a small subscription fee is asked. Show your loyalty to the Hilltop and your interest in its growth and betterment. Support the News and you may be sure that it will support you.

POLITICS OF NEWS

To settle all doubt which may rest in the minds of any concerning the politics of the News, we will here endeavor to state concisely the political inclination of the paper. In the first place permit us to say that it has none. The business manager is a Democrat and the editor is Republican, and there has been no compromise, so the paper is positively non-partisan. Therefore we will from time to time extol the praises of such men as we deem worthy, regardless of their politics. Please bear this in mind.

There are occasions too important and too impressive to be devoted to trivial things. Lord Roberts observed recently that, notwithstanding the desperate war, masses of people in Great Britain were excited over cricket and football. He burst out with these words "This is not the time to play games, wholesome as they are in times of piping peace. We are engaged in a life and death struggle." The rebuke has had its effect on public sentiment throughout the British Isles. We need words like that to stir the people of Ohio on the temperance question.

Councilman Westlake at the meeting of the Hilltop Improvement Association gave out a little hint that there would be

EASTMAN KODAKS

F. H. UMBENHAUR

Hilltop 27

something doing on the Hilltop Hallway. Why not commence early to prepare for this celebration? Get up a good program, offer some fine prizes and have all Columbus looking this way on that day and evening. All that is necessary is a little energy and action. Come on, brothers, the News is ready to share its part of the burden.

The man who buys a home on the Hilltop now is placing his money to great advantage. There is no place in the city where you can buy property so reasonable as on the hill. Do not forget this, home seekers.

It is almost impossible these days to think or say anything, outside the bounds of one's pressing duties, except on the subject of the war that is raging, or the great temperance campaign that is being pushed in many of our states.

The latest application of electricity is that of killing the green fly by means of an electric spark. We hope the inventor will soon make it applicable to mosquitoes.

GLENWOOD MISSIONARY SOCIETY MEETS

The Glenwood Home Missionary Society held its regular monthly meeting Thursday, September 17th, at the Deaconess Home, South Washington Avenue. An interesting program was given with Mrs. A. L. Reid as leader. Mrs. N. L. Stevenson gave a report of the Young Ladies' Society—The Queen Esther Circle. Mrs. Swigert gave a reading entitled "The Methodist College Girl in Home Mission Work." Mrs. Reid read a poem and Mrs. C. E. Turley rendered two beautiful solos, with Miss Earle and Miss Hecker as accompanists.

A fine donation of canned fruit and groceries was taken to the Home, amounting to \$9.00. The ladies had the pleasure of going upstairs and seeing the room which their new Deaconess, Miss Aggy, will occupy. The room had been redecorated and was partly furnished, but with the addition of new furnishings for the bed, a new rug, chair, and dainty white curtains—a gift of the Queen Esthers—the room has a very cozy appearance.

"GOING UP"
Is a very common expression used when approaching the elevators in the downtown office and business buildings. Now owing to the fact that every ounce of glass used in the manufacture of spectacles is imported from France and Germany, and with both nations so busily engaged "killing each other" that all manufacturing, with the exception of that of ammunition, is perfectly paralyzed and at a standstill, we need not be surprised to hear that lenses have wholesale man will yell, "Going up." taken the role of the elevators, and the Procrastination is the thief of time, time is money, so if you put it off that pair of glasses that you must have will cost you more money after while. CORYZA RAGES IN CITY; VICTIMS ARE COUNTLESS

Health Officer Reports Epidemic of Disease—Fit of Sneezing Marks Beginning.

It is called Coryza. It is what everybody has. It usually begins with a fit of sneezing, then there is a sense of fullness in the head, often breathing is difficult and in many cases there is difficulty with the digestive organs. Children have attacks of vomiting. Their elders get dyspepsia and a grouch. Dr. Louis Kahn, who says that coryza is practically epidemic in the city, is probably due to the sudden cold spell a couple of weeks ago and that the present hot weather is tending to wear it away. It shows itself no respecter of persons, neither does it regard age, sex nor previous condition of servitude. This particular malady, like its near kin, the grip, is highly contagious. As a rule, when one member of the family gets it a majority of the family become victims. Grown-ups usually manage to fight it off without keeping their rooms, but children often are confined to their beds for a day or two. Coryza usually yields to the treatment prescribed for colds. Columbus, it seems, is not alone in suffering from this malady. Traveling men who come to town have it and tell of it in other cities.

"L. T. L. OPERETTA."

Mrs. Mae Alexander Edler, Elocutionist, is directing rehearsals for a playlet, "The Little Vagrants," which is to be presented at the West Broad Street school house on Hague Avenue, for benefit of the L. T. L.'s. Mrs. Beeson, who is superintendent of the L. T. L.'s, and Mrs. Patterson, assistant superintendent, are putting forth every effort for the success of the play. The program will be printed in next week's issue. "The Little Vagrants" is a two-act Operetta, in which children are stolen by gypsies, a lady is arrested for spy, while children are taken for vagrants. Date of play will be given later.

ANOTHER COUPLE HELD UP IN FIELD

Another case of two men holding up a man and woman while the latter were walking across a field at night is charged in a report made to the police Tuesday night by Blanche Galvin, 1156 1/2 West Broad Street, and E. G. Chamberlain, 502 South Harris Avenue. They reported that while walking across the field at the junction of the Big Four and Pennsylvania tracks at the Olentangy river Tuesday evening two white men ordered them to halt. The men took \$2.55 from Chamberlain, it is claimed, and then were frightened away by Miss Galvin's outcries.

The Ladies' Aid Society of Glenwood M. E. Church will hold their regular monthly meeting in the church Thursday, October 1st, at 2 p. m. The election of officers will be held at this meeting.

BE A BOOSTER ROOSTER

By Homer C. Bennett

In Western Christian Advocate.
Do you know there's lots o' people, Settin' 'round in every town, Growlin' like a broody chicken Knockin' every good thing down? Don't you be that kind of cattle 'Cause they ain't no use on earth. You just be a booster rooster, Crow an' boost for all you're worth.

If your town needs boostin', boost 'er. Don't hold back and wait and see If some other feller's willin'. Sail right in, this country's free; No one's got a mortgage on it, It's just yours as much as his, If your town is shy on boosters, You get in the boostin' biz.

If things don't just seem to suit you, And the world seems kinder wrong, What's the matter with a boostin', Just to help the thing along? 'Cause if things should stop a goin', We'd be in a sorry plight, You just keep that horn a blowin', Boost 'er up with all your might.

If you see some feller tryin', For to make some project go, You can boost it up a trifle, That's your cue to let him know That you're not a goin' to knock it, Just because it ain't your "shout" But you're goin' to boost a little, 'Cause he's got "the best thing out."

If you know some feller's failin', Just forget 'em 'cause you know, That same feller's got some good points, Them's the ones you want to show; "Cast your loaves out on the waters, They'll come back" 's a sayin' true, Maybe they will come back "battered," When some feller boosts for you.

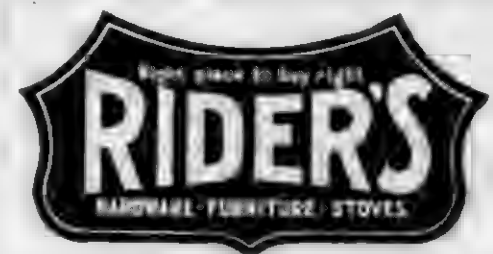

Moral

BOOST FOR AUDITORIUM.

Neighbors, don't forget that the gas gets a little scarce on the Hilltop when cold weather comes. Look over the advertisements in the News and you will find the place to buy coal.

SHALL THE HILLTOP PROVIDE CLUB ROOMS FOR YOUNG MEN

A Timely Article Contributed by Interested One. Action Needed.

Have you decided just what will be offered the young men of the Hilltop, the ones who have been in the habit of spending most of their evenings in the saloon or around the card table, as well as the boys just growing into manhood who have not yet been led astray, after the saloon is gone? They will be lonesome and will naturally drift where there is something doing, and if nothing better is offered them they will go where there is music and mirth, even though it be the house of doubtful repute, the gambling den or the bootleggers' out of the way "Shop."

Surely the ministers and wide-awake citizens of the Hilltop can offer our boys something better than that.

There have been several new buildings erected recently, one of which advertised its second floor for a lodge room. Can not our people unite and make a worth-while club-room for our young men to spend their evenings in? Surely interesting games, music and the things that have been done in other places could be combined to at least a measure of the success such movements have accomplished heretofore.

Suppose our ministers and Sunday School Superintendents find the right rooms, then get busy and see whether the people will not go in their pockets and find the rent for a year, tell the different Sunday School classes what is needed in the way of furniture, and see how the movement will spread. Then find say thirty responsible men who will take turns and spend one night each month at the club room to see that all games, etc., are conducted in a proper manner. Barring cards, let the games be something not too simple and silly to interest the average young man of from sixteen to thirty.

Occasional debates on the right subjects would be interesting and a few more ways of mentioning the cigarette might not be harmful, for while the writer may have missed just those times, we have never heard, or even heard any one else speak of hearing anything worth while said about the use of the cigarette.

If this club room can be organized, let it not be connected with any particular church, but simply be a united affair for the young boys and men of the Hilltop, for in that way it will best reach all, as they will not feel that they are indebted to any particular church. At the same time let the influence of the Maker and His Church as a whole be felt at all times.

LOCAL IMPROVEMENTS

Bids on municipal, tax free, bonds aggregating \$300,000 were opened by the Trustees of the Sinking Fund at the City Hall, Wednesday morning. The bonds taken will cover general improvement work already contracted or started. The bonds taken at once cover the paving of Oakley Avenue from Palmetto to Sullivant Avenue.

The \$900 cement walk from Glenwood Park to Fairmont Avenue is nearly completed. This walk will add greatly to the appearance of West Broad Street.

A ROYAL RECEPTION

Tendered Pastor of St. Paul's Evangelical Church.

Last Tuesday evening 100 of the members and friends of St. Paul's United Evangelical Church convened in the auditorium of the church, on South Warren Avenue, to tender their pastor, the Rev. H. D. Shultz, a formal reception.

F. R. Ellison was made the master of ceremonies. L. I. Rowe offered prayer. I. H. Amore spoke on "The New Pastor." James A. Hill spoke on "La s and Labor." F. R. Ellison spoke on "The Importance of the Units in the Whole."

The pastor responded by expressing his appreciation of what he saw and heard this evening, and emphasized the indispensable necessity of a Spirit-Filled Church-Membership. Mrs. Edith Harvey and Miss Bartha Ellison rendered piano solos. The Brass Quartette, consisting of Earl, Floyd and Homer Ellison and Frank Pencile, was greatly enjoyed and appreciated. The vocal solo by Ruth Ellison and the chorus, "VOTE DRY," created quite a good deal of favorable comment.

After this pleasing program, all repaired into the lecture room of the church, where the ladies served sumptuous refreshments.

St. Paul is hopefully looking forward for a prosperous year.

CHANGE LOCATIONS

This week has witnessed several important business changes on the Hilltop. First, Carile & Kerr have occupied their new store room on the corner of Oakley and Broad Streets. They will use half the downstairs and the entire second floor. The other half of the first floor will be used by Draper & Cousins, who have moved from their old location across Broad Street. Both of these stores are extremely large and are two of the largest now on the Hilltop.

The room vacated by Miss Eva Burnside, milliner, has been occupied by the Smith Variety Store and the Hilltop Undertaking Co. has moved into the room vacated by Draper & Cousins.

Surely all these enlargements and new firms indicate that the Hilltop is entering on a new era of commercial activity, which it has never before experienced.

T. & T. SOCIAL CLUB CHANGES NAME

Mrs. Daniel Jerman and Mrs. Lelia Cooley were hostesses at a delightful party at the residence of the former, 47 Clarendon Avenue, Thursday evening. The club was reorganized for the coming year, and the new name, "Entre Nous Club," was adopted. The festivities of the evening began with the old-fashioned "Bean Bag" game, which afforded great amusement, followed by a "Flower Contest," the winners being awarded suitable prizes.

The guests were then invited to the dining room, the beautiful table decorations calling forth much admiration, and delicious refreshments were served.

An artistically decorated basket formed the centerpiece, from which the guests drew dainty hand-made gifts, the work of Mrs. Jerman.

This was a most delightful surprise, completing a very delightful evening. The members present were: Mrs. J. H. Hatfield, Mrs. L. S. Paxton, Mrs. J. C. Owen, Mrs. John Porter, Mrs. Daniel Churton, Mrs. F. S. Clark, Mrs. C. C. Cook, Mrs. O. E. Jones, Mrs. E. B. Hughes, and the hostesses.

RECEPTION

Tendered to Friends by Mr. and Mrs. Barbee.

On Saturday evening, September 26th, 1914, at Valley-Brook Farm, on North Hague Avenue, the beautiful home of Mr. and Mrs. James Barbee, the following were the guests: Misses Mary Neuner, Mary Jones, Esther Jones, Lydia Jones, Clara Roofing, Amy Tinapple, Edna Holt, Esther Michels, Marguerite Michels, Ida Michels, Helen Michels, Laura Fladt, Marie Renner, Bertha Renner, Annabelle Seiple, Eunice Postle, Flora Durban, Irene Planck, Vada Thompson, Edith Baker, Mrs. Trafzer and daughter Nellie, and Mrs. Lloyd Loudenslager; Messrs. Roy M. Shrum, Alfred C. Trabue and Roger R. Barbee, who entertained with a marshmallow toast; Buell Legg, William Steele, E. L. Krauss, Perry Stout, Vernon Stout, Clarence Stout, Albert Tinapple, William Tinapple, Clyde Tom, Leigh Tom, Curtis Linka, Ralph Holt, Howard Planck, James Brown, Earl O'Harra, George Trabue, Lloyd Loudenslager, Howard Barbee from Ashland, O., Carl Durban, John Dawson and Karlence Shrum John Dawson and Karl Legg.

The grounds were brilliantly lighted by Japanese lanterns and three large camp fires, around which the young folks gathered to toast marshmallows, play games and tell stories.

FIRE DRILLS SATISFACTORY

Fire Chief Lauer Wednesday announced the result of his annual inspection of the public and parochial schools of Columbus, testing the ability of the children to empty their school-rooms on a fire alarm.

Beginning Monday morning, Chief Lauer visited every school building, unknown to the pupils or teachers, and turned in a fire alarm which brought every child out of the building. Chief Lauer said conditions were generally satisfactory.

North High School, with an attendance of 910, made the best record, considering the large attendance, emptying the building in one minute and five seconds.

Lane Avenue School, with 107 pupils, emptied the building in 20 seconds.

"Several children 'burned up,'" said the chief. "Whenever a child is left in the building after an alarm of fire, we mark on our record 'burned up,'" he explained. In two or three schools the chief said, crippled children were left in the rooms.

Following is the record of the schools in which the Hilltop is interested, attendance and time of the fire drill being given:

West High, 427; time, 50 seconds.
West Broad, 500; time, 55 seconds.
Highland Avenue, 590; 1 minute.
St. Aloysius, 140; 50 seconds.

A CHORUS CHOIR

Beginning next Sunday the Glenwood Church services will be re-enforced by the presence of a large chorus choir. Mrs. Chas. S. Keeney has been employed as director and several rehearsals have been held already. Mrs. Keeney comes with highest recommendation from other churches where she has directed the choirs. She will also direct the Ladies' Chorus of the Columbus Oratorio.

REV. WM. KIRBY DELIVERS TEMPERANCE ADDRESS

To a Capacity House at West Park M. E. Church Sunday Afternoon.

Never in the history of the temperance movement has there been greater enthusiasm manifested by all the people, and the meeting in the West Park Avenue Methodist Church was no exception last Sunday afternoon. Long before the time for the meeting to open the auditorium was filled to overflowing and when the Hilltop band arrived with the delegation from the west end the galleries were packed to overflowing. The meeting was opened by a stirring song service followed by an address by Rev. William Kirby, pastor of the Highland Avenue Friends Church. Habakkuk, the second chapter and the twelfth verse furnished the foundation of his lecture. His arguments were clear cut, persuasive and convincing. Throughout the discourse his pictures of every phase of the liquor traffic were vivid and far reaching and brought forth many ovations of applause and a strong endorsement of every man, woman and child within his hearing.

Throughout the lecture Rev. Kirby urged the temperance people and church members to be up and doing and see to it that they register early and insist upon their friends to do likewise. He said that he was not an enemy of the men engaged in the liquor traffic but of their business. "I love the men and only hope that my efforts may be successful in placing them in a better business where they can do better than they are now doing financially and that their manhood may be lifted to a higher and better plane." He also said that some of the temperance men did not believe that the women will be successful in securing the right to vote. "Why, do you know that this campaign was brought on a year ahead of scheduled time because the liquor men are afraid that the sensible voters of Ohio are going to give the right of equal suffrage to the women." Yes, these hard-headed "boodlers" can read the signs of the times and know that their business is doomed when the women get to voting.

The meeting was brought to a close by giving every one an opportunity to sign the total abstinence pledge. All of the audience marched around and gave the hand of fellowship to Brother Kirby before they left the auditorium.

INTERESTING MEETING

Mrs. C. W. Lentz was hostess last Thursday afternoon to the members of the Sunset Literary Club.

This was the first after vacation meeting and the president, Mrs. Lentz, outlined a very interesting outline of study for the coming year. Committees were appointed to arrange the programs, and a very interesting year is anticipated.

Mrs. Lentz served dainty refreshments. The day of meeting was changed from the second and fourth Thursdays of the month to the second and fourth Wednesdays. The next meeting will be with Mrs. J. M. Ater, 77 North Harris Avenue, Wednesday, October 7.

A new cement sidewalk is being placed in front of the new Pergrin Block.

EDITORIAL

Next Sunday is Peace Sunday of the world. A day set apart on which to thank God for our national peace and to petition a universal peace. And strangely enough, this day comes when Europe is in the throes of the greatest war of the world. One in which innumerable lives and vast wealth are being destroyed. A war which may change forever the nations of Europe. A war which is creating thousands of widows and orphans. One which is leaving in its path, misery, woe and desolation.

Then contrast this condition to the peaceful and prosperous state of our own happy nation. We truly have more than enough to thank the Master for. First, we are a democracy, free from the dire results attending the rash actions of a military, egotistical monarch. Then we have a chief executive who guides wisely, humanely and unimpeachably the affairs of our government. We have had a prosperous harvest and the nation's great granaries are filled. The United States is in a peaceful relation with all other nations. We have freedom of speech and freedom of religion. There is scarcely anything more to be desired. Happy, contented, industrious, prosperous, we should, with glad hearts, attend divine services Sunday and render thanks to the Almighty. And while rejoicing in our own peaceful state let us not forget to seek peace for the wretched and struggling countries across the Atlantic. Thomas Edison, the great inventor, said that God, alone, could put an end to the European conflict. And he was right. So let us remember to petition the end of this disastrous struggle and seek more and more to advance the universal brotherhood of mankind.

HOPEFUL SIGN

We like to refer to one sign of good times, and that is the universal increase in college attendance. All the big colleges are deluged with students, and the smaller colleges report a large increase. The latter fact is especially gratifying. It is well to fill up the small colleges, which are particularly inclined to true educational ideals. It would not be so good a sign if the big colleges were over-crowded while the smaller ones were slimly attended. So, if you are going to college and the big colleges are crowded, don't turn your back on the little college, if you really want an education.

The business side of the fact is also interesting. If the state of the country were not healthier than some people want to think, there wouldn't be so much money spent for education. The boys would be kept in the shops and on the farms. So the wholesome fact is, we are going to have plenty of corn and education.—State Journal.

The room at the corner of South Wheatland and Broad Street is being remodeled and fitted for an up-to-date business block.

BUSINESS IN THE EAST

The First National Bank of Boston has sent out letters to New England industries inquiring as to the business situation and the answers are said to be wholly optimistic. The principal industries consulted were textiles, jewelry, fertilizers, chemicals, spices, paper, office supplies, confectionery, pianos, paints, machinery equipment, leather and shoes.

It is well enough for the people to understand these matters and not get gloomy and confused because of the war. The first excitement is passing, so far as this country is concerned, and while we cannot lose interest in the great conflict, we are sure we can see through the clouds, so far as this country is concerned.—State Journal.

This is the first issue of the News that will be delivered to subscribers only. Hereafter there will be absolutely no papers continually passed free of charge. If you have not yet subscribed it is not too late. Call at our office, 2446 West Broad Street, or call Hilltop 2329.

NOTICE TO OUR READERS

In spite of all our efforts our solicitors have been unable to cover all the Hilltop, so we will pass the News free in that territory, only where they have not yet been. Territory already covered by the solicitors will not be passed free.

FORMER RESIDENT

Passes Away At Advanced Age.

Mr. S. M. Marsh, for a number of years a resident of the Hilltop, died at the home of his son Frank, in Portsmouth, where he had been since August, in the hope of regaining his health. But he grew gradually worse until death relieved him of his terrible suffering.

He was a carpenter contractor and had recently been making his home with his daughter, Mrs. C. E. Gibson, of 20 South Wheatland Avenue. Always pleasant and courteous, he leaves many friends who sympathize deeply with his wife and children in their bereavement.

ECONOMY IS THE

ROAD TO WEALTH

If you possess the proper spirit you will want to make some one happy this Christmas by giving them some present, no matter how small, and in order to do so most of us find it necessary to begin to save a little, perhaps only a few cents at a time, during the period of several weeks or may be months. Well, one way to do this is to use discretion in buying the everyday necessities of life. For instance, if you will let us do the repair work on your spectacles and eye glasses you will save about 25 per cent plus street car fare over going to High Street. And when it comes to getting your eyes and making your new glasses you will only know how much you can save when you have compared the price and service with downtown stores. One trial will convince you that we will both make money.

PLEASANTLY ENTERTAINED

Tuesday evening, September 29, Mrs. J. M. Abram entertained a few relatives from up town. A very enjoyable evening was spent, especially by the children present.

Those present were: Mrs. Bertha Klein and son, Reuel; Mrs. Will McCormick and two children, Thelma and Laurence; Mrs. Alta Dow and son, Basil; Mrs. Maggie Humphrey and two children, Ruth and Clarence; Mrs. Lillie Taylor and children, Elizabeth, Beatrice and Mary, and Mrs. Lewis McCormick and granddaughter, Esther.

Will is very well known among the Hilltoppers and is a member of Highland Avenue Friends Church. He has recently been employed at Bert Young's grocery store on Whitethorne and Broad. We are sure all the residents of the Hilltop will join in best wishes for Mr. Abram's success.

BE LOYAL TO THE HILLTOP

Last week a North Side store passed hand-bills on the Hilltop, advertising a West Side day. It is to be hoped, however, that the Hilltop people will disregard these advertisements and be loyal to their own local merchants. Remember the dollar spent at the North Side store is a boost for the North Side, while a dollar spent on the Hilltop is a boost for the Hilltop. Be a Hilltop BOOSTER!!

UNION MEETINGS

Union prayer-meetings are being planned for the month of October by the Hilltop churches, meetings to be held in the several churches. The meetings will be turned over to the temperance advocates and interesting times may be expected. Pastors who will be interested in the meetings are: Rev. Turley, Rev. Hatfield, Rev. Kirby and Rev. Shultz.

MANAGER OF HILLTOP STORE

Mr. Geo. C. Stewart, of 90 South Ogden Avenue, is to be the manager of the Carlile & Kerr Co.'s new Hilltop Furniture Store. As Mr. Stewart is a thorough furniture man in every detail and branch of the business, we bespeak for him the full measure of success he so justly deserves.

WEDDING BELLS

On Friday evening at 8 o'clock Mr. Richard S. Wallace and Miss Bernice Irene Kauffman, 37 North Oakley Avenue, were united in marriage in the Glenwood parsonage by Rev. C. E. Turley. Mr. and Mrs. Wallace will reside on Summit Street.

INFORMAL SHOWER

The ladies of the "Entre Nous Club" gave an "informal shower," Wednesday afternoon, for Martha Winifred, the new daughter of their club sister, Mrs. James S. Adams, 92 North Ogden Avenue.

CLIPPINGS WORTH WHILE

IN 1916

The President of the United States is a fair fighter. In the campaign two years ago, when a bullet laid Colonel Roosevelt low, he stopped his own campaigning till his adversary was recovered. And now he asks the Democrats of his home state not to indorse him for renomination, because he wishes to leave that matter open and unprejudiced.

But, of course the Democratic nominee in 1916 will be Woodrow Wilson if he is then alive and well. For he is making the record upon which his party must

stand and it will be glad, indeed eager, to stand upon it.

It is much easier to foresee the Democratic nomination than the other or others. A while ago it looked as if the old bosses of the G. O. P. were hungry enough to swallow T. R. again in the hope of winning a recall to the pie counter. That was before the 1914 primaries and the Maine election had revealed the size of the Progressive party's slump.

Since then, the old timers have shown signs of revived confidence and now they talk as if they expected to be strong enough to ignore T. R. and all his works and to tackle the future under a flag of reaction undisguised.

But where will they find a standard bearer? Who among them possesses popular appeal? Our political stage today holds only three major figures; and beyond Wilson, Roosevelt and Bryan the background is indistinct.

A guessing match on the standpat leader two years hence might supply pastime for coming winter evenings.—Columbus Citizen.

IN THE AIR

It begins to look as if the political fight in this state was to be fought mainly on the temperance question. That seems to awaken more interest than the tariff or state affairs. In the Progressive speeches at Memorial Hall, Monday night, strong declarations against the liquor traffic were vigorously applauded. It seems to be in the air. Whether it is simply the wake of the "flying squadron," or the emphasis put upon it by Progressive speakers, or the effort to get the so-called home rule amendment in the constitution, we cannot say. But wet or dry is the principal issue in this campaign, whatever the platforms or the hustings may say. Never did the churches take such an interest in politics as they are doing this year. Nearly all of them have hung out banners, proclaiming their temperance faith in the present conflict. It is a very handy issue before the people, for a person may vote wet or dry and for his party ticket, too.—State Journal.

ROBERT MORRIS CHAPTER OF EASTERN STAR ORDER

Holds First Inspection in Lodge Room Tuesday Evening.

Robert Morris Chapter, U. D., of the Order of the Eastern Star, held its first inspection Tuesday evening in the chapter room at the corner of Burgess Avenue and West Broad Street.

The Deputy Grand Matron of Ohio, Mrs. Hannah McGaughey, was the inspecting officer, and all Past Grand officers, Past Matrons and Past Patrons present were invited to the East.

In her report and remarks, after seeing the work exemplified, the inspecting officer commended most enthusiastically all the officers for the excellent work done, especially since the chapter is so young. She had practically no criticisms to make but in her address very forcibly laid stress on the beautiful principles taught by the work.

Nearly all the members of the chapter were present and visitors from sister chapters in the city numbered 85, which was very gratifying to the Worthy Matron, Mrs. Anna Fleming, who has been untiring in her efforts to make the chapter a success, and to all who have the best interests of the chapter at heart.

Before the chapter was closed, in the name of the late Mrs. Mary Hooper, who was to have been the Worthy Matron, a family Bible was presented by Dr. Rebecca Combs to Robert Morris Chapter, U. D., and placed on the altar.

Grand officers, Past Grand officers, Past officers and visitors responded very graciously with words of commendation and help and the unanimous expression that the new chapter is a valuable addition to the Order of the Eastern Star as well as a source of pride to the Hilltop.

Mrs. McGaughey was given a beautiful fern dish in appreciation of her kindly advice and as evidence of the esteem in which she is held by the members of Robert Morris Chapter, U. D.

The chapter was closed in due form.

NORTH—WEST GAME

SATURDAY AFTERNOON

On Saturday afternoon at 2 p. m. at Ohio State field, will take place one of the biggest football games of the season, in fact, the game for the west side rooters, when West High meets North. This is certainly going to be an important game. North has won two big games by big scores. West has defeated both Kingston and Mr. Vernon, and the team is showing surprisingly good form. There is a pretty good chance for West to humble the North fellows and reverse last year's score. At least, West can hold them to a low score. Here is a chance not only to see a good football game, but also to boost our High School. Let every Hilltopper who can go up to State field and cheer our boys on to victory. The tickets from the fellows on the team are only "two bits," so buy one. Come on out, show your patriotism and root!! It will do you good. Let's have the biggest crowd of rooters at the West-North game that the west side has ever turned out.

Mrs. Mason Morris, 42 North Warren Avenue, has returned home after a trip to Athens County.

A HILLTOP BOOSTER

Luther Brown Turner was born in Ewington, Gallia County, Ohio, May 4, 1862, and with the exception of two years spent in Meigs County while a small boy, lived in Gallia County until November, 1906, when he moved to the Hilltop, and expects to finish his days here.

He was educated in the district schools and at Ewington Academy and began teaching school when eighteen, teaching in the winter and working on the farm in summer.

He graduated from Starling Medical College in 1892, and located at Bidwell,

DR. L. B. TURNER

Gallia County and practiced there until 1906, when he came to Columbus.

He was a member of the local Board of Education practically all of the time he was at Bidwell, helping to organize and establish a graded school and a high school of the second grade but now of the first grade.

He was married November 4, 1888, to Blanche Edwards and they have three children, all at home, Brown, Annis and Lauren.

He was one of the charter members of the Hilltop Improvement Association and was the First Vice President. He is now serving his third term as President of that organization.

This Association and West Gate Lodge No. 263 F. & A. M., of which he is W. M., are his pet hobbies and it is always a pleasure for him to be with them at their meetings, few of which he misses. This is the seventh time he has been elected Master of a lodge, having served Vinton Lodge No. 131 F. & A. M. five times in that chair.

He was for four years a member of the Gallia County Board of United States Pension Examiners, resigning from that position when he came to Columbus.

This is his first venture into the political field since coming to Columbus, being the Democratic candidate for Coroner for Franklin County. He was elected twice as Township Trustee before beginning the practice of medicine, and was once defeated for Coroner in Gallia County, it being normally about two thousand Republican.

He is for the Hilltop first, last and all the time.

NEW STORE ROOM

N. C. Ault, of North Eureka Avenue, is erecting a store room between Oakley and Eureka Avenues, which will be occupied by the R. L. Heid Jewelry Store when completed. It is expected to be ready for occupancy by the fifteenth of this month.

SNOW CLEARING EQUIPMENT

Bought by the Ry. Light Co.—Old Equipment Being Overhauled.

The following announcement will no doubt be gratefully received by the residents of the Hilltop, especially those who have suffered the inconvenience caused by the deep snow and the impossibility of the West Broad Street cars to reach the Hilltop during the winter snow storms.

With a view to keeping service on the street railway lines free from the delays and blockades consequent upon heavy snow storms, the Columbus Railway, Power and Light Company has purchased additional snow clearing equipment. This will greatly reinforce the present equipment of the company which was found inadequate many times last winter. In addition the old equipment is being overhauled and new motors of the newest type being installed. The new equipment consists of two motor cars equipped with sweepers and one equipped with plows or scrapers. It is the opinion of operating officials that this equipment will be sufficient to meet the heaviest requirements and keep service open.

ELEVENTH WARD DRY FEDERATION

Wire Secretary of State Bryan a Resolution.

At a meeting Monday night of the Eleventh Ward Dry Federation, comprising representatives of the four Hilltop churches, Hoge Memorial Presbyterian Church, Glenwood M. E. Church, St. Paul's United Evangelical Church, and the Friends Church, a committee, William Kirby, S. K. Todd, D. J. Marshall, was instructed to wire Secretary of State Bryan a resolution adopted, appealing to him "as a man who has placed himself squarely in the van of all moral progress and who has established a high American standard of statesmanship" to use his influence in behalf of state-wide prohibition in Ohio.

ENTERTAINED WITH CAMP FIRE DINNER

The members of the Hilltop Embroidery Club entertained their husbands with a Camp Fire Dinner Monday evening, in the Skidmore Woods, the trip being made in automobiles. Those present were Mr. and Mrs. G. A. Payne and their guest, Mr. Forman; Mr. and Mrs. L. M. Seiler, Dr. and Mrs. F. S. Fox, Dr. and Mrs. H. H. Emerson and nephew Donald, Mr. and Mrs. G. W. Matson and son David, Mr. and Mrs. C. Randall.

MASS MEETING

On Sunday afternoon at 2:30 there will be a non-sectarian mass meeting at the Avondale United Brethren Church, which will be addressed by Rev. Stafford, whose topic will be "The Battle With the Bottle." Rev. Stafford was very influential in the making East Columbus dry.

PARLOR MEETING

A Parlor Meeting was held at the home of Mrs. Karl Webber at 2385 West Broad Friday afternoon in the interests of the women of the 11th Ward. The speakers for the afternoon were: Mrs. Samuel Derby and Mrs. G. B. Kaufman.

GEORGE S. MARSHALL

ADDRESSES HILLTOPPERS

On Temperance Issue in Glenwood Church Wednesday Evening.

The Hilltop church people, who have enlisted in the campaign for prohibition in Ohio, had a successful and interesting meeting Wednesday evening in Glenwood M. E. Church. The auditorium was well filled with men and women. The devotional exercises were led by Rev. William Kirby, of the Friends Church, assisted by Rev. J. H. Hatfield of the Presbyterian Church.

Rev. Mr. Kirby presented for scripture lesson verses from fourth chapter of Nehemiah, describing the rebuilding of the walls of Jerusalem while enemies scoffed. He described the modern Sanballats of the liquor traffic with their sympathizers, the Tobiahs, who are "very wroth."

After the prayer service Mr. George S. Marshall, former mayor of Columbus, gave a practical address on the temperance question. Preliminary, he explained the taxation amendment, and recommended that it should be defeated. Mr. Marshall said he was not optimistic as to the result, owing to the tendency of the larger cities of the State, heretofore, to go "wet." He believed the majority of men in Columbus drink, and many of the church people were afraid to show their colors at banquets and upon social occasions. He urged the necessity of good examples for the boys and men in matter of drinking and cigarette smoking. The speaker discussed at some length the attitude of labor towards the prohibition amendment, and argued that the best interests of the working man are on the "dry" side of the fight, ensuring protection for home and family. The liquor traffic represents worst form of what is known as capitalism. Business men were advised to take an open stand for principle in the present contest.

Mr. N. J. Kidwell, an ex-Confederate soldier of Virginia, who was one of the participants in Pickett's celebrated charge at Gettysburg, addressed the audience in an interesting and entertaining manner. Mr. Kidwell is not only a veteran soldier, but thoroughly American, and an uncompromising "Reb." when it comes to the liquor traffic.

The meeting next Wednesday evening will be held at the Friends Church. Another interesting program is expected.

DELEGATE TO GENERAL CONFERENCE

Last Sunday evening the Rev. H. D. Shultz left for Barrington, Ill., where the General Conference of the United Evangelical Church is now in session. Rev. Shultz was elected an alternate delegate to said General Conference by the Annual Conference, which convened in Warren, O., a few weeks since. He expects to return home about the 14th or 15th of October. See notice for next Sunday's services in St. Paul's Church.

EDITORIAL

All the time we have been setting forth to our readers the advantages to be gained from patronizing our local business men, we supposed, of course, that the merchants were supporting each other with their trade whenever possible. Altho there is a mutual patronage among our merchants, we know of a few cases where some of them have bought goods down town, which they could have purchased here on the Hilltop. This is always poor business. You cannot expect support if you do not give support. The business men of the Hilltop should set a good example by establishing a firm mutual patronage among themselves.

Almost every day we hear some one remark about the substantial growth in business circles the Hilltop is experiencing, and we have reason to believe such remarks are true. Now, as never before, Hilltop business men are reaching out into new fields, and the erection of the substantial block at the corner of Broad and Oakley has given business men a confidence that will enable them to push forward at a rapid stride. All the time many of our prominent residents are planning for the improvement and betterment of the Hilltop. Are you supporting them in every way possible, or are you indifferent in a matter which means much to all?

Over \$5,000,000 are paid into the State treasury annually by the liquor dealers of the State. No, that is not true, it is paid by the man who pushes the nickel over the saloonkeeper's counter. Yes, and it don't stop at that, he pays several millions more for the liquor dealers to invest in bonds and stocks that he can easily obscure from the tax collector or assessor. Why not let him put this money into a tangible business and pay taxes on it as you do on your humble home? This done there will be no shortage of funds to run the schools and State institutions as well as furnishing plenty of revenue to build new institutions.

In another column you will see a photo and biographical sketch of Dr. L. E. Turner, 2408 West Broad Street, (which appears as the first of a number of "Hilltop Boosters," which we expect to publish from time to time. Dr. Turner's smiling countenance is well known on the Hilltop and no one works any harder to secure the best there is for the Hilltop residents. Show him your appreciation of the splendid services he has performed when the opportunity affords itself.

It is surprising what little heed is paid to the city ordinances forbidding automobilists and motorcyclists from dashing along our streets at break-neck speed. Down town the police have begun to show some signs of compelling

people to obey the law. The other day about a score of men were arrested and fines to the amount of over \$300 were collected. We invite some of these policemen to come out on the hill, as they can easily find plenty to do in this line.

A leaf by itself is a pretty small affair, but when quite a number of leaves get together and attempt to cover up a lawn they can do so pretty effectively. Let every one keep hard on the trail of these fall pests until they are gone. Take them into the back yard garden or burn them, but do not allow them to lie on the lawns. Help keep the general appearance of the Hilltop as neat and clean as you can.

Peace Sunday services in the various churches on the Hilltop brought out large crowds to every church and the pastors were all enthusiastic in declaring for universal peace. The consensus of opinion prevails that armaments are not a protection for a nation. We recognize the same standard of morality for nations as we do for individuals.

A great crisis is upon us in this State and if ever there was a time when men in responsible positions must exercise the greatest possible care in administering the affairs of the commonwealth it is now. Labor has been appealed to, by the enemies of christianity, morality and justice. We shudder, but our faith in humanity still sustains us.

Our merchants should be alive and keep the public informed as to the various lines of merchandise they are selling. A liberal amount of space used in the News will help hold business on the Hilltop. Mr. Businessman, take this to yourself.

The Hilltop business section has begun to take on a metropolitan appearance. It will not be long until we will be able to secure everything we need on the Hilltop.

Are you broad minded and willing to listen to facts? If so attend the mass meeting in the Airdome, Friday evening.

Who is your customer—"Never again" or "Come again?"

NOTICE TO SUBSCRIBERS

We wish to announce to our subscribers that we have our subscription list arranged to date, but in all new business enterprises it takes time and the canvassing of the Hilltop and arranging the names by street numbers has been an arduous task. If for any reason you do not receive your paper, kindly call Hilltop 1106, and we will look into the matter. We have used every precaution to prevent mistakes, but they will sometimes creep in. It is our desire to serve our subscribers in the most perfect way possible.

The Hilltop Y. P. B. will give a Box Social at the home of Miss Celestia Swanson, 51 North Ogden Avenue, Friday, October 16th. All the young people of the Hilltop are invited to this social by the society.

UNIQUE LEGAL PROCEEDINGS

For the first time in the history of the local courts, if not in the State, a defendant in a criminal case was taken out of the State for the purpose of securing the depositions of a number of witnesses to be used upon his trial, when Sheriff Resch, acting under the order of Judge M. G. Evans, on Tuesday conveyed William Edwards to Ashland, Ky. Sheriff Resch was accompanied by Mr. Fred W. Postle, of Eldon Avenue, attorney for Edwards, and Mr. Henry S. Ballard, Assistant Prosecuting Attorney, on behalf of the State. Edwards is under indictment charged with the crime of robbery and his defense is that he was in Ashland, Ky., at the time of the commission of the alleged offense. Sheriff Resch, his prisoner and the attorneys returned Wednesday.

CITIZENS' MEETING

If interested in the general welfare of the Hilltop and surrounding territory attend the mass meeting to be held in the Airdome, corner of West Broad and North Park Avenue, Friday evening, October 9th. The most important features of the coming election will be discussed by Dr. Fetch and Rev. Turley and others. The discussions will be fair and broad and in the strictest sense instructive. If there is any question in your mind as to how you should vote on any of the constitutional amendments don't fail to be present as you can learn the facts at this meeting. The Hilltop band will furnish plenty of good music.

SUNSET LITERARY CLUB

The Sunset Literary Club was entertained at the home of Mrs. J. M. Ater, 77 North Harris Avenue, Tuesday afternoon of this week. The principal business taken up was the arranging of the program for the coming year. After the business session a pleasant social hour was spent by the members present.

A panoramic picture of all the students and faculty was taken at the Ohio State University, Wednesday, on the campus. It will be sent to the Panama Exposition as part of Ohio State University's exhibit.

STREET CAR COLLISION

Henry Schnell, 492 Mithoff Street, motorman on the Camp Chase line, had his left leg broken and was badly bruised and scratched last Tuesday morning when his car, eastbound, crashed into an Ohio Electric line car at the Hague and Broad switch. J. R. Pell, 430 West Town Street, motorman of the Ohio Electric line car was but slightly scratched. Failure of the block system to work is blamed for the accident.

UNSELFISH POLITICS

An unselfish character is the real thing in politics, the only thing to found a political faith upon. Wherever politics encourages selfishness it loses its character. That is really what disperses men into all sorts of political contention. If one would dissect a professional politician's heart, and analyze it, he would find it to be filled with spoils, grabs, soft snaps, big salaries, automobiles, long vacations, and everything but sound principle and the public welfare. If it was the principles of the party that men cared for most, there wouldn't be so much excitement, so much rancor, so much distrust of one another. When we hear one politician assailing another and denouncing him as a liar and a villain we think it would be safer to vote for the denounced than the denouncer.

When politics destroys friendships, it is of a poor quality. When it cripples candor, it proclaims its own deceitfulness. When it pictures the other side as hopelessly rotten, it is rotten itself. Human nature in its baleful aspects is apt to afflict all faiths, and we should be very careful not to allow that sort of human nature to break down our standards of beauty and truth.—Ohio State Journal.

Mr. Jones is well known on the Hilltop, having made his home with T. A. Jones and family, and has the best wishes of his many friends.

He is manager of the East Side branch of the Doddington Lumber Company.

The Hilltop Scrubs suffered a defeat, Saturday morning, at the hands of the West Breads, by a score of 18 to 0. The Scrubs put up a fairly good game but they were outclassed.

The West Breads are ready to book games with any 105 or 110 lb. teams.

OHIO

The sun never shone on a country more fair

Than beautiful, peerless Ohio.

There's life in a kiss of her rarified air, Ohio, prolific Ohio.

Her sons are valiant, and noble and bright;

Her beautiful daughters are just about right;

And the babies, God bless them, are clear out of sight—

That crop never fails in Ohio.

When the burden of life I am called to lay down,

I hope I may die in Ohio;

I never could ask a more glorious crown Than one of the sod of Ohio.

And when the last trump wakes the land and the sea

And the tombs of the earth set their prisoners free,

You may all go aloft, if you choose, but for me

I think I'll just stay in Ohio.

ENTHUSIASTIC REPUBLICAN MASS MEETING

Hears Discussion of the Important Issues in Campaign

The Hilltop resounded with martial music from the drums of the Old Guard Drum Corps Tuesday evening of this week. The occasion was that of the Republican rally held in Pergrin's Hall on West Broad Street. At eight o'clock a large crowd of enthusiastic Willis supporters had gathered and the meeting was presided over by Mr. Nailor, of South Highland Avenue. The chairman's opening remarks were well timed and evidenced his strong conviction that the Grand Old Republican Party was the pioneer organization that had ever stood for all that was found in the category of progression for the betterment of our nation. A short address was made by our Hilltop candidate for representative, Mr. Cecil J. Randall, who earnestly urged every voter to support the whole Republican ticket from top to bottom. Messrs. Lewis, Linton and Westfall made addresses that were pointed and argumentative to say the least.

The presence of a number of prominent politicians and candidates was very noticeable. Among the candidates in the audience was David C. Warner, aspirant for the office of sheriff of Franklin County. He is a worthy man and is without a doubt the most popular candidate for that office with the Hilltop voters.

The Republican Club was enthusiastically received. Their parodies are striking and amusing.

FORMAL OPENINGS

Of New Business Houses Thursday Evening.

Thursday afternoon and evening was a gala day for the Hilltop. For several weeks the Hilltop merchants who have recently occupied new places of business have been preparing for their formal openings. The new stores as well as the older ones were polished and decorated for the reception of the Hilltoppers. Plants and flowers were effectively used in the decorations, and all the stores presented a pleasing appearance.

The Hilltop Band furnished music for the occasion, and souvenirs of all kinds, including spoons, carnations, cigars, chewing gum for the children, etc., were given.

The stores which united in this formal opening were the Carlile & Kerr Furniture Co., the Pergrin Hdwe. Co. and The Cushins & Draper Co., associated with whom are Mr. L. O. Linville, Optician, and Mr. Fred Sulzberger, Jeweler.

The Hilltop is proud of the new business blocks erected and the new stores which have come in our midst, and showed their appreciation of the fact by the numbers which attended these openings.

CHAPLAIN OF BLUE LODGE.

Dr. J. H. Hatfield was appointed Grand Chaplain of the Blue Lodge of Master Masons for the session which was held this week. Dr. Hatfield also took part in the services at the laying of the cornerstone of the York Lodge on 6th Avenue and High Street.

BIG TEMPERANCE PARADE

Demonstration of All Hilltop Churches.

One of the largest temperance demonstrations in the history of the Hilltop will take place Sunday afternoon, when all the Hilltop churches unite in a mammoth parade. The affair will not be of the Sunday Schools alone, but of the entire congregations. The Glenwood people and Friends will start west from Highland Avenue at 2 P. M. and will be joined by the Presbyterians at Eureka Avenue, and by the Evangelical people at Warren Avenue. At Hagus and West Broad Street a lecture will be delivered by a prominent speaker, after which the parade will return to Highland Avenue where another speech will be delivered. Music will be furnished by the Hilltop Band. The superintendents and ministers are confident that the parade will be very successful. Certainly there will be an immense crowd to march in a community which has been dry for so many years. This parade will not only serve to strengthen the resolutions of those who are already in favor of prohibition but it may cause many who are still hanging on the fence to get on the "right side" when they see how many, enthusiastic, are earnestly fighting to down the liquor traffic. The four local churches extend a most cordial invitation to every one who wishes to join in this huge and emphatic protest against the saloon.

BIRTHDAY-WEDDING ANNIVERSARY.

Mr. and Mrs. John Smith.

A very enjoyable evening was spent at the home of Mr. and Mrs. John Smith, 67 South Eureka Avenue, last Monday, the occasion being Mr. Smith's birthday and also their wedding anniversary. Mr. and Mrs. Smith were the recipients of many beautiful gifts. The color scheme carried out in the decorations was pink and white crepe paper draped from the four corners of the room, pink and white carnations formed a background for a large birthday cake which was decorated with pink and white candles. The guests were entertained with selections on the piano player, after which Mrs. S. J. Randall and Mrs. Salmar presided at the piano. This was followed with an elaborate lunch. Those present were: Mr. and Mrs. Welch, Mr. and Mrs. Powers, Mr. and Mrs. Kintz, Mr. and Mrs. Moss, Mr. and Mrs. Friend, Mr. and Mrs. L. M. Seiller, Mr. and Mrs. G. O. Payne, Dr. and Mrs. T. S. Fox, Miss Story, Mr. and Mrs. C. Williams, Mr. and Mrs. Salmar, Mr. and Mrs. Legg, Mr. and Mrs. Case, Mr. and Mrs. Imes, Mr. and Mrs. Williams, Mrs. Davis, Mr. and Mrs. McKinney, Mr. and Mrs. Rollus. Out-of-town guests were Mrs. S. J. Randall from Fort Robinson, Nebraska; Mr. and Mrs. Hensel and family from Galloway; Mrs. A. P. Deafenbaugh from Bellaire, Mrs. Frank Rockwell from Newark, and the host and hostess.

VISITS OLD LADIES' HOME.

Mrs. Henry Carter, Mrs. John Shrum, Miss Virgie Carter, Misses Kate and Bina Martin and Miss Edith Close visited the Old Ladies' Home Sunday afternoon and attended the preaching services conducted by Rev. P. E. White, formerly pastor of the Glenwood M. E. Church.

RECEPTION TENDERED.

To Pastors and Co-Workers in Glenwood M. E. Church.

One of the most enjoyable events of the season was the reception at the Glenwood M. E. Church Tuesday evening, given in honor of their pastor, Rev. C. E. Turley and Mrs. Turley, Miss Ary G. Agy, the church deaconess, and Mrs. Keenan, the musical director.

The reception was held in the church parlors where a large and enthusiastic audience greeted them. A short but interesting program in charge of Dr. Whitehead was given. Miss Mary Riddle rendered a choice selection on the organ, which was followed with prayer by Rev. Bluma, of the Grace Street M. E. Church. The opening address was given by Rev. George E. Tift, of the West Park M. E. Church, in which he voiced the sentiments of the members of the Glenwood Church in words of praise and appreciation for the splendid work done by Rev. Turley during the past year.

At the close of the program the guests were invited to the dining room where dainty refreshments were served, and an hour was spent in a social way.

The members departed for their homes with the hope that the ensuing year would be a banner year for Glenwood.

KILLED BY BIG FOUR FLYER.

G. L. Bennett, Hilltop Resident, Instantly Killed Friday.

One of the saddest accidents of the year occurred last Friday night when George L. Bennett, aged 58, of 56 South Wheatland Avenue, who was walking on the Big Four tracks, west of the city, was struck and instantly killed by the "Big Four Flyer." Conductor John Fee was the first to notice the body and to notify the authorities. G. L. Stephens, superintendent of the Green Lawn Cemetery Company, identified the remains by a pair of boots and an overcoat. Coroner Benkert had a Brown-Myers ambulance convey the remains to the morgue.

Bennett was formerly a caretaker at Green Lawn Cemetery, a position which he has filled for 34 years. He was a widower and is survived by five sons and two daughters. The sons are: William T. Bennett of Indianapolis, George L. Jr., Sherman S., John A. and Howard Bennett of Columbus. The daughters are Mrs. Mary C. Davis and Mrs. C. L. Martin, 246 West State Street, at whose home the funeral services, conducted by the Brown-Myers Company, were held Monday afternoon. Burial was at Green Lawn Cemetery.

He is also survived by an aged mother and sister, Mrs. Alice Walcutt, at 58 South Wheatland Avenue, with whom he had made his home for several years.

STATE WORKER.

Mrs. M. M. Marshall, 95 Midland Avenue, attended the State convention of the W. C. T. U. at Newark, last week.

Mrs. Marshall is both State and County Superintendent of the Soldiers' and Sailors' department. Her duties consist of visiting the hospitals and conducting religious services at the Barracks. She is very desirous of securing all kinds of magazines and religious literature for distribution. This may be sent to her home, or to the home of Mrs. Vanmeter, 115 South Oakley Avenue. Mrs. Vanmeter is superintendent of the Hilltop Union.

WAYNE B. WHEELER

FAILS TO APPEAR

Hilltop Pastors Conduct Interesting Meeting—Good Sized Crowd

Wednesday evening the church people of the Hilltop gathered at the Hoge Memorial Presbyterian Church in the regular union prayer meeting. Wayne B. Wheeler was to be the special feature of the evening but for some reason failed to fill the engagement. However, after the prayer service, Rev. Shultz of the St. Paul's Evangelical Church, called upon Rev. William Kirby of the Friends Church for a short address. The Reverend responded in his usual well balanced, striking and argumentative manner. Rev. J. H. Hatfield and Rev. H. D. Shultz followed with telling remarks gleaned from various sources and from personal conversations with men in various parts of the State. They both confirm the opinion that Ohio is going dry, but cautioned the voters to be careful and not allow themselves to be overwhelmed with confidence but to be out and fighting to the very last moment.

Several laymen made some remarks that should be given full and careful consideration.

Mr. Merch Swanson, chairman of the Eleventh Ward, announced a special meeting to be held Monday evening, October 26th, in Pergrin Hall. Some very prominent speakers will be present and the public in general is invited. If you are for the "Home Rule Amendment" you are especially invited to attend, as the argument will be conducted on fair lines. Come.

LITERARY MEETING.

The Sunset Literary Club held a postponed meeting at the home of Mrs. Daniel Churton, 45 South Wheatland Avenue, Wednesday, October 21. Seven members responded to roll call, and a number of new names were proposed for social membership. Several matters of interest to the club were discussed and voted upon, after which Mrs. J. M. Ater read some very interesting and instructive sketches concerning Cities and Municipal Government. The hostess served hot chocolate and wafers to the ladies. The next meeting will be on the regular meeting day, Wednesday, October 28, with Miss Marie Haines, 25 South Warren Avenue.

HARLAN BORN IN HOSPITAL.

Mr. Harlan Born, of West Broad Street, a student at Ohio Wesleyan University, returned home last Saturday to undergo a serious operation at Grant Hospital. His condition necessitated his remaining at the hospital for a few days, but he is recuperating his health very rapidly now. He expects to return to school next week. Many of his friends and members of the Tri-Mu class remembered him with beautiful flowers, which he appreciated very much.

PREPARATIONS FOR

ATTRACTIVE LAWN.

The firemen of engine house No. 17 have greatly improved the lawns of the house and have prepared three flower beds which give the promise of being very beautiful and attractive next spring. As it is now, our engine house is the best and prettiest in the city and it is well worth being proud of.

EDITORIAL PROHIBITION.

We are hearing a great deal these days about what a terrible loss in taxes will take place if we vote Ohio dry. Voter, who pays these taxes, any way? Who is it makes it possible for the brewers of Columbus to have representatives on the board of directors of nearly every national bank in this city? Who is it makes it possible for these men to live in palatial mansions on the avenues and ride in fine automobiles? In the police court Monday morning a young man appeared who had been arrested for assault and battery on his wife. They were married in September. Saturday, October 10, he drew his wages and proceeded to visit a saloon where he began to invest his money. His wife never saw him until Sunday 2 P. M., and then he had left \$1.15. Last Saturday night he repeated the offense. Multiply this concrete example by several thousand and you have the answer to the question, "Who Pays the Taxes?" It has been estimated that twenty-one cents added to each thousand dollars' worth of property will more than make up the deficit that may arise. Surely, no one, for the sake of a few paltry dollars, is willing to perpetuate an institution that means hardship and desolation and betrayal and debauchery and death.

Voter of the Hilltop, consider carefully, and on November 3, in the dignity of a clean, noble manhood march to the polls and cast a vote against the brewers' home rule amendment and for State-wide prohibition.

Do this for the sake of the men who would lead temperate lives if the temptations were removed, for the sake of the wives and mothers whose hearts are broken and whose hopes are crushed; for the sake of our boys and girls who ought to have it made as easy as possible for them to do right and as difficult as possible to do wrong; for the greater glory of the grand old State of Ohio, vote for STATE-WIDE PROHIBITION.

REV. C. E. TURLEY.

TO THE HILLTOPPERS

The Hilltop News has been, is, and always will be a publication which has as its main purpose the improvement of the Hilltop. We have suggested several reforms in various lines, but they have never made any apparent impression on the Hilltoppers or, at least, not that we could notice. We gladly welcome all communications from the Hilltoppers about anything we print, or you think ought to print. For instance, that reform of the car service, which we mentioned last week. We haven't received a single letter about it. We can never secure anything unless we take some definite action. Faint heart never won fair lady. Neither did backwardness ever help any community to surge to the front as an ideal place to live. Remember, our car service is the only drawback to residing on the Hilltop. Let us see if we

cannot remedy this. Write to the News and express your plans and opinions. We are eager to get in touch with you Hilltoppers and see if, together, we can't accomplish something big—worth while.

BROAD AND SOUTH OGDEN.

Last May or April, a real estate man commenced to build a flat on the corner of Broad and South Ogden Avenue. He succeeded in having the basement excavated and the foundation laid before neighbors got out an injunction and stopped him because he was violating some building restriction. However, before the work was halted, quite a quantity of brick and cement blocks had been hauled and piled around the corner. That was six months ago and the same sight still greets the eye on this corner. Now a corner, which formerly was one of the most beautiful on the Hilltop, is an eyesore. It makes the whole neighborhood have an unpleasant appearance. We sincerely hope that in the near future either the hole will be refilled or the flat will be finished. There is nothing which makes a community look so badly as an unfinished building with the materials scattered all around.

The News is glad to publish articles of interest to the Hilltop people at all times, but we frown upon any one who desires to use our columns to give vent to personal grudges or to cast reflections upon any one who may not exactly coincide with others' views. Recently an item was published in good faith by us, but when ferreted to its bottom was found to be of a very offensive nature to one of our residents. Any one who will maliciously impose upon one's innocence is no better than a thief, and deserves to be treated as a criminal.

The Hilltop could support, and no doubt would welcome several new branches of business. An up-to-date photographer's studio would in all probability be well patronized. We have no music stores, or branch houses where even a piece of sheet music can be purchased, and many other minor lines which might be mentioned. Who will be first to see the door open of opportunity for the establishment of a substantial and growing business?

IMPORTANT.

By special arrangement with the Hilltop Temperance Association we are printing an additional number of Hilltop News this issue. It is our intention to place a copy in every Hilltop home where there is a voter. This extra number will be printed this week only.

IMPORTANT NOTICE.

The Hilltop L. T. L.'s are requested to meet at the home of Mrs. Cathers, 149 South Warren Avenue, Saturday, October 24, at 2 P. M., to make arrangements for the Franklin Co. Dry Association parade. Sunday at 1 P. M. the W. C. T. U.'s and Y. P. B.'s are also expected to form at the corner of West Broad and Oakley Avenue to go in a body with the L. T. L.'s to hear this great parade. Mothers are invited to go. Please be on hand. You are urged to come.

MIS-STATEMENT.

In last week's issue we printed an item concerning the appointment of Mr. George Harris as delegate to the Fireman's Benevolent Association, stating also that he was elected unanimously and that his nickname was "Doggie." We received this item by a letter, whose contents we printed almost verbatim. Now it happened that this letter was written in a most slanderous and mean spirit and, altho appearing to be a harmless and friendly little item, was meant as an underhand trick. Some person or persons were evidently attempting to hold Mr. Harris up to public ridicule, a most cowardly and sneaking action. We printed the item, ignorant of the circumstances of the persons involved, and we wish here to retract the entire statement, with the exception of the fact that he really was elected delegate by majority vote of the members of Engine Co. No. 10 and Truck Co. No. 4.

TELEPHONE BUSINESS

INDICATES PROSPERITY

It is reported by D. H. Morris, Manager of the Central Union Telephone Company in this city, that the number of new subscribers being obtained per month is showing a strong increase and that this indicates a return to employment of many people.

Early this year and last year, he says, there was a big falling off due to reductions in employment. Recently, he relates, many of these old subscribers are coming back, and many new customers are being secured.

GLENWOOD RALLY SERVICES.

Sunday was a very successful day in Glenwood Sunday School. The superintendent, Mr. C. W. Walton, and his able corps of officers and teachers had planned and worked hard to make it a success. It was a beautiful sight to see the aged, the fathers and mothers, young men and maidens, boys and girls wending their way to the House of the Lord. Excellent addresses were given by Dr. J. D. Darling, secretary of the Ohio State Sunday School Association, and W. H. Radabaugh, superintendent of the First M. E. Sunday School of Lancaster. The orchestra furnished inspiring music. Nearly 200 children from the Primary Department marched in waving pennants, "Ohio Dry." When the secretary completed his record it was found that 1130 were present. The offering amounted to over \$247.00.

EUREKA AVENUE OPENED.

At last South Eureka Avenue is paved and open again to traffic. The street presents a splendid appearance since it has been improved and now, doubtless, many more houses will be built on that street, since the muddy condition of it kept the street from building up very rapidly during past years.

TEMPERANCE PARADE AN ENTHUSIASTIC DEMONSTRATION

Fifteen Hundred Estimated to be in Line—Splendid Address

About 1500 people took part in the big Hilltop Temperance Parade, Sunday afternoon. This parade was one of the largest and most enthusiastic religious or political demonstrations that has ever taken place in this community. The first section started promptly at 2 p. m. from Highland avenue, marching west on Broad street. In this were the Glenwood M. E. people, the Highland avenue Friends, and the Oakley Avenue Baptists. At Eureka avenue they were joined by the Hoge Memorial Presbyterian people. The members of St. Paul's Evangelical fell in at Warren avenue. The Hilltop band headed the parade, rendering some excellent pieces all along the line of march. A splendid drum corps was furnished by the Presbyterians, which helped keep the rear marching uniform. From Hague the parade counter-marched to Oakley avenue, thence south to Sullivan, thence east to Highland, thence north to Broad street, where the ranks were broken and the people assembled in the southwest corner of the State Hospital grounds where Miss Hortense Ropp, a temperance lecturer of Virginia, delivered a spirited and impressive speech on prohibition.

Many persons who were unable to walk in the parade, gathered on the sidewalks and cheered on those who were marching. The results of this demonstration were most satisfactory to those who conceived the idea. It also showed that the Hilltop, foremost in many commercial and economic respects, is in the front ranks of those communities which advocate prohibition.

LITERARY CLUB MEETS.

Miss Minola Haines, 25 South Warren avenue, was hostess to the Sunset Literary Club Wednesday afternoon, October 28. Nine members responded to roll call, and three new social members were added to the list. The paper for the afternoon was the Mayor, his duties, responsibilities, powers, salary, etc., given by Mrs. Daniel Churton, after which the business of the club was transacted. Some very interesting Current Events were given, one of which was a letter from England, which is of vital interest on the temperance subject and a part of which may be read in another column. The next meeting of the club will be with Mrs. Carrie C. Ireland, 24 South Eureka avenue, Wednesday, November 9, promptly at 2:15.

RECENTLY WEDDED.

Mr. and Mrs. L. W. Nevitt, of Zanesville, were guests the latter part of last week at the home of Mrs. Nevitt's sister, Mrs. J. A. Moore, South Wheatland avenue. From here they went to Cleveland, Detroit and other lake cities, returning to this city today, where they are now guests at the Moore home. Mrs. Nevitt was Miss Lillian Henderson, of Rossville, before her marriage Tuesday of last week, and has many friends and acquaintances on the Hilltop who will join in best wishes for Mr. and Mrs. Nevitt.

Mrs. J. Mitchell, aged 68, died Sunday evening at the home of Mrs. Linhart, 31 Belvidere avenue. Funeral services were conducted by Rev. C. E. Turley in Glenwood church, Tuesday afternoon. The burial was at Wesley Chapel, west of here.

Mrs. Mitchell is survived by two daughters and one son.

Mr. and Mrs. Welsh, of Wheeling, W. Va., returned to their home Tuesday, after a few days' visit with Mr. and Mrs. J. D. Newton, 76 South Warren avenue.

Mr. J. D. Newton, 76 South Warren avenue, was taken seriously ill at his home Wednesday of this week.

PLEASANTLY ENTERTAINED

By First Division Ladies' Aid at the Matheny Home.

Mrs. A. C. Matheny, assisted by Mrs. J. A. Moore and Mrs. A. C. Lillie, were hostesses Tuesday evening at the Matheny home, 31 South Wheatland avenue, to the members of the First Division of the Glenwood Ladies' Aid Society, and their husbands or a friend.

Mrs. Lillie, the recently elected president, was in charge of the business session held in the earlier part of the evening.

After the business session a program of reading and music followed, in which Mrs. C. E. Turley sang. Schley Matheny played several selections on the piano, and Mrs. Parker gave several readings.

Hallowe'en games were played and the winners in the various games drew their prizes from a Hallowe'en pie.

After the program, refreshments of ice cream and cake were served by the hostess, after which the guests departed for their homes, thanking their hostess for the pleasant evening which they had spent.

HILLTOP STORES HAVE OPENING.

On last Thursday evening, four of the Hilltop stores on Broad street, near Oakley avenue, held a most successful opening. The stores which took part were: Carlisle & Kerr, Draper & Cussins, Pergrin Hardware Co. and L. O. Linville, optician. A platform was erected in front of the Young Block, on which the Hilltop band played during the evening. Souvenirs in the form of thimbles, teaspoons, and flowers were given to the ladies in the various stores.

A crowd of nearly 2000 people was present and enjoyed itself in carnival fashion. Everybody was in a jolly good humor and the whole air was like a big outdoor fair. It indicates what a splendid, rousing, enthusiastic good time we could have on the Hilltop if we had a big Fall Festival or Hallowe'en celebration of our own.

All of the store windows were very tastefully decorated and illuminated very brightly. The Carlisle & Kerr Company had a huge bouquet of chrysanthemums in their window, which had been presented to the firm by the E. M. Hulse Company, a Columbus furniture manufacturing establishment.

DIES AT 86 YEARS OF AGE.

Mrs. Maria Teresa Gemeinhart died Tuesday from old age at the home of her granddaughter, Mrs. E. H. Parry, 2045 West Broad street. Mrs. Gemeinhart was 86 years of age, and is survived by three sons, one daughter, twenty-seven grandchildren and twelve great grandchildren. Funeral services were conducted at St. Aloysius church Friday at 8:30 a. m.

RILEY-MOONEY.

Mr. James Ralph Mooney, son of Mr. and Mrs. John K. Mooney, 2665 West Broad street, went to Circleville last Wednesday where he was married to Miss Josephine Riley. In the evening the bride and groom returned to Columbus, where they will reside at 52 North Harris avenue.

On Monday evening, Mr. and Mrs. E. J. Swigert, of 61 South Terrace avenue, celebrated their tenth wedding anniversary with a six o'clock dinner. Those present were: Rev. and Mrs. C. E. Turley, Mr. and Mrs. Richard Buscher, Mr. and Mrs. Wilbur Crego.

An election wager between Jesse Decker, the popular West Broad Street Druggist, and Thomas Jerman, of Highland Avenue, in which a wheelbarrow ride will be the principal feature, will be paid on Friday afternoon of next week.

ATTEND CONVENTION.

Miss Metta Moore and Herbert Deems, South Ogden avenue, represented the Hoge Memorial C. E. Society, Tuesday at the quarterly convention of the Franklin County C. E. Union, at Canal Winchester. They report a fine attendance and enthusiastic meeting.

EAST DEFEATS WEST.

On last Friday afternoon West High was defeated by East by a score of 42 to 0. Although West held North to a very low score, the "Harley machine" was too much for the buff and brown boys. Had it not been for Harley, West would have scored a big victory.

BUSINESS MEETING.

The C. E. Society of the Presbyterian church will hold its regular monthly business meeting in the church parlors tonight. After the business has been transacted, there will be a social hour. The entertainment this month will be in the form of a hallowe'en party.

Mr. C. A. Taylor, who has charge of the L. O. Linville optical parlors, in the Cussins & Draper department store, is meeting with splendid success. He is well able to care for any case that may come under his observation.

Many Hallowe'en parties and escapades are being planned for this evening.

CHIEF OF POLICE CARTER ADDRESSES HILLTOPPERS

In the Evangelical Church Wednesday Evening—Large Audience

The union prayer meeting of the Hilltop churches Wednesday evening, at St. Paul's Evangelical church was largely attended. Rev. Hatfield conducted the meeting, which was lively with interest from beginning to end. The principal speaker for the evening was Chief of Police Charles E. Carter, who, in his calm and convincing manner, made strong pleas in behalf of the prohibition amendment. He started by saying that he was neither a preacher, a temperance lecturer, nor a paid politician, but just a plain ordinary man, who is interested in the welfare of his fellow men. He strongly urged the duty of church members to vote for prohibition for the majority of voters in Ohio are churchmen and if we fail it will be because the church members are not true to their trust. He said he knew church members who rent property to liquor dealers and others who hold stock in the business that produces it, so if a church member votes wet it is a sure sign he has an interest in doing so. Chief Carter mentioned the fact that many people think the license law under which we now live is sufficient restraint placed upon the saloon, but in strong language the chief asserted that breweries never have obeyed the law and never intend to. They have even gone so far as to boast what they will do if Home Rule carries. He said some would say that the license law does away with the bad saloon, but Chief Carter strongly argued that the most brilliantly lighted and the most inviting saloons were just as hellish as the lowest down grog shop in Columbus. He asked if it were a sane thing to give men license to drink stuff which made murderers, and fools of themselves. He cited many incidents from his own experience, full of meaning to every right thinking man.

Chief Carter said that police officers had been accused of making an unusually large number of arrests in the case of drunks in the last few weeks that it might make a big show, but the Chief assured his audience that wherever the officers find a drunk they help him home wherever it is possible to do so, rather than arrest him.

In summing up, Chief Carter urged the voters to do their duty to their fellow men Tuesday, and vote for prohibition, and against home rule. He promised to see that the laws were enforced if prohibition carried, assuring his audience that it was his duty to enforce the law and it would be done.

After a brief song service and remarks by different ones present, the Hilltop temperance committee outlined some plans and the meeting was dismissed by Rev. Shultz.

Mrs. Anna Flemming, a matron of the Robert Morris Chapter V. D., and Mrs. Hubbell and Miss Emma Case, of the State Hospital, are attending the grand chapter of the Eastern Stars at Toledo.

Mr. and Mrs. J. J. Hull of Mt. Perry, and Mr. and Mrs. W. A. Henderson of Roseville, motored to this city Sunday and were guests of Mr. and Mrs. J. A. Moore, South Wheatland avenue.

Miss Dorothy Deems attended the funeral of Mr. J. W. Andrix at Lafayette, Sunday afternoon. Mr. Andrix was the guard who was killed in the penitentiary Friday of last week.

Miss Helen Shank and Mr. Ralph Breckbill, of North Columbus, were guests of Miss Eva Burnside Thursday evening of last week and attended the Hilltop openings.

The Hilltop people have found they can save money on millinery goods by buying from Miss Burnside. Style and workmanship unquestionable. See ad in another column.

Columbus, Ohio, October 30, 1914

NOVEMBER 3d.

On Tuesday, November 3rd, the men of Ohio will be given the opportunity of deciding at the polls whether or not their state will take a great stride forward with other progressive states of the Union or remain in the old rut of antiquated government.

First, new state officers and a senator will be elected. The vote of every man counts in this election. Every one's vote should express his honest, sincere opinion. He should vote for the man and not for the party. He should hear, with impartial judgment, the arguments of both sides and, having weighed them carefully, should vote as he feels is right. The day of the political party must pass away. It is useless and harmful to the welfare of the nation. We want men, not parties.

Next, four proposed amendments to the constitution are to be voted upon. Three of these are of vital importance to the welfare and progress of our state. Amendment I.—Home rule on the liquor question. This should be defeated. Although it shows apparent good and valuable properties, careful analysis of it proves that it is a dangerous menace to the state. As its opponents say, it means Home Ruin.

Amendment III.—To extend suffrage to women. A worthy proposal that should be adopted. With the employment of women in nearly every field of labor today, and with an active interest in the political situation by the women, and with an understanding and knowledge of government, gained from our great co-educational systems, by the women, we have every reason to believe that woman is capable of voting. We believe they understand some of the great economic problems of our country better than the majority of the men. Certainly the hand that trains the character of the boy and influences the man, is fully capable of sanely and wisely marking the ballot.

Amendment IV.—Prohibition. The single word should be sufficient to cause every voter to make his mark on the affirmative side of the ballot. This question has been widely discussed throughout the state and we need say nothing of the merits of this proposal. They are too apparent. Any sane, unprejudiced person can easily see what untold suffering, what misery, what crime would be abolished with the adoption of this proposal. No greater stride can be taken by the state of Ohio in the march of progress than the adoption of this amendment.

And now, voter, have the courage, and be manly enough to act upon your true, honest convictions. The patriots of '76 saved our country from a powerful external foe. Will there be enough patriots of '14 to save the state, and the country as well, from a mightier internal foe? Go to the ballot boxes with your votes, instead of muskets, men. It is your estate to vote. Enjoy your estate. Vote. And be a true man.

"SOME RESULTS OF PROHIBITION."

We are hearing a great many dire prophecies as to what will happen if Ohio votes dry. The Outlook magazine recently published the following results of prohibition in Kansas:

"In 87 of her 105 counties there are no insane; in 54 of these counties no feeble-minded; 96 of her counties no inebriates; 38 of her county poorhouses empty; 53 of her jails were recently empty and 65 counties had no prisoners in the State Penitentiary; some counties have not called a grand jury to try a criminal case in ten years; only two per cent of the entire population is illiterate; the mor-

tality rate has dropped from 17 per thousand to 7 per thousand."

Read these authentic statistics carefully, Mr. Voter, and see if you don't think it will be worth while to test prohibition in Ohio.

A few days ago in this city a man drew his check for his weekly wage. It amounted to \$21.76. He went to a nearby saloon to get it cashed. He had borrowed \$5.00 of a man the week before to buy food for his family. When he drew his check, the first thing the saloon keeper did was to take out his "ooze" bill for the week preceding. It amounted to \$10.90. Then he paid the man of whom he had borrowed four dollars, five dollars, one dollar interest. That left him \$5.66 to support a wife and three children. In that same saloon several other men got their checks cashed and their bills ran from \$4 to \$12. Mr. Voter, wouldn't it be far better for the laboring man of Ohio if the saloons were abolished and he would use the money for his family, which he spends over the bar?

The sovereign voters of Ohio are facing one of the greatest opportunities that has ever come to them. For the sake of our boys and girls, for the sake of our wives and mothers, for the sake of our brother man who is in a cruel bondage to the drink habit and is longing for freedom, for the sake of the preservation of the best ideals and our best institutions, let us vote "No" on the Brewers' Home Rule Amendment and "Yes" on the State Wide Prohibition Amendment. REV. C. E. TURLEY.

MONEY OR BOYS.

One of the most striking points made by Mrs. Hortense Ropp, in her address Sunday afternoon was that it is a question of "Money or Boys." Would we rather have the saloons and sacrifice our boys or vote the saloons out and pay a few paltry cents more taxes on the thousand dollars? When it comes home: "Do I want my boy to be a drunkard?" we are firm in our declaration, but how about my neighbor's boy? Shall we forget the duty we owe to our neighbor? Pay the taxes and save the boys.

A LETTER OF INTEREST

Below we print a part of a letter received by Mr. Daniel Churton, 45 South Wheatland avenue, from an old friend and adviser in Alsager, England, and may prove of interest to many of our readers:

Dear Friends:—
I should have liked to have given you a longer word of cheer in respect to your great war in Ohio—that is against the drink cause and its upholders.

There is naturally a good deal of "Patriotism" talked in this country just now—all right in its way, so long as it is genuine, but I have said several times that I wished they were as anxious to fight the "enemy that is within our gates," as they profess to be to fight the Germans.

It came as a shock to me and many others to read about ten days ago that our army authorities had ordered 150,000 gallons of rum for the troops. It is now said that the quantity is still larger. The matter was discussed on Tuesday at the meeting of the U. K. Alliance and Sir Victor Horsley made a fine protest. There was a letter on the subject of the worthlessness of alcohol and the testimony of our greatest soldier, from Judge Rentoul, who was at Old Bailey, London, the greatest criminal court in England. I wrote thanking him for his letter and received a courteous reply. Toward the end of which he said: (under date of October 7, 1914), "90 per cent of all the crime I ever tried during thirteen years in 'Old Bailey,' (the chief criminal court of England), came direct from drink. I would hardly dare to say that only Lord Coleridge, C. J. and W. Justice Hawkins, our two most experienced judges, said exactly the same."

Of course this only confirms what we already know and have had testified before. But it shows you that the results are the same all the world over.

I hope you will win and if not gaining all you want and expect, at least "Scotch" the serpent from any further advance.

Yours sincerely,
GEO. HAMMERSLEY

"WHERE DO YOU STAND?"

Say, there, dear brother, where do you stand
On this great issue, now abroad in our land—
Have you the same excuses, those same old fears
That's ruined our homes, in bygone years?
Come out of that shell, step into the light,
And stand for that cause, you well know is right.

Don't say I can take a glass or two, then leave it alone.
It never harmed me in anyway, or infringed upon my home.
Just think of those poor lonely, wretched men—
Who long and pray day and night, for their freedom once again.
Don't be an associate, in this sorrow, misery and crime
To those who sell this curse, for the Drunkard's last dime.

Don't be the cause of those wrecks, their rags and disgrace,
Those bleared haggard eyes, and that red bloated face—
Those faltering footsteps, and that weak for those ruined lives,
palsied hand—
And the mark on the brow, that's worse than Cain's brand.
Don't be the cause of those lost hopes,
Those poor starving children, and heart-aching wives.

Boys have you ever thought, as they pass you by now,
That some good Mother, may have kissed that same brow?
And she fondled and blessed him, her Darling, her pride—
When in her last hour, He knelt there by her side
With her Dear old hand in his, He looked up to the sky,
And promised he'd meet her, as she whispered "Good Bye."

Say, let's think of those boys, and get together this year,
Yes, a thought of those homes, and the loved ones so dear.
We'll free that poor drunkard, and his baby and wife,
Give them happiness and joy, to some even life.
Let's shake this old state, with their glad welcome cry—
God bless them, they've saved him - "Ohio's gone Dry."

And some day, dear brother, when your life's work is done
And you stand for judgment, beyond the bright setting sun
No cause then for trembling, no need then for fear,
Of the words we all one day shall sure have to hear.
For the record shall show on that great book of life—
"He fought for the Drunkard, his Baby, his Wife."

BROAD STREET PRESENTS CARNIVAL APPEARANCE

Masqueraders Parade the Street —Much Innocent Merriment.

Although there was no official Halloween program on the Hilltop last Saturday night, there was a celebration which was nearly as large as the one of last year. The Improvement Association had that of preparing an official program, but gave the idea up on account of the fact that the stores would be open on Saturday night. However, this did not dampen the ardor of many of the Hilltoppers, especially the young folks, who appeared on the streets in costume. Confetti was generously scattered, jokes were cracked, and every one had a jolly good time. The whole business section had a carnival appearance. The streets did not begin to clear of the hilarious revelers until nearly 10 o'clock. The costumes worn were of all kinds and descriptions, grotesque and charming, from the fairy queen kind to the old-time witch. One especially funny character was that of a man dressed in a cut-away coat, farmer's boots, and a diminutive derby, who, after leading a crowd to the corner of Oakley and Broad Streets, delivered a humorous speech on woman suffrage.

The general spirit of hilarity and carnival boisterousness manifested by the Hilltoppers on this occasion indicates what a splendid and successful celebration we could have had if the Improvement Association had planned a parade, which we hope to have next year, surely.

HALLOWEEN PARTY PROVES

TO BE A DELIGHTFUL AFFAIR

One of the enjoyable occasions of the Halloween season was the party given Miss Helen Gill and Miss Winona Born at the home of Miss Gill, 2413 West Broad Street, Friday evening of last week.

The house was tastily decorated in keeping with the Halloween memories; black and yellow were used in the color scheme, pumpkins playing an important part.

AGED RESIDENT PASSES AWAY

At Her Home on South Wheatland Avenue

Tuesday morning at nine-thirty at her home at 58 South Wheatland Avenue, occurred the death of Mrs. Catharine Bennett, widow of Nathan Bennett.

Mrs. Bennett had never fully recovered from the shock of the death of her son George Bennett, who was killed on the Big Four tracks west of the city a few weeks ago, when she was stricken with bronchial pneumonia, which caused her death.

Mrs. Bennett had lived to the advanced age of 79 years, and for many years has been a resident of the Hilltop. She has been in declining health for a number of years, but was not confined to her room until within the past few weeks.

Mrs. Bennett is survived by two daughters, Mrs. Alice Walcutt, who resided at home with her mother, and Mrs. Elizabeth Mitchell, of Reynoldsburg, besides several grandchildren and great-grandchildren. One sister also survives, Mrs. Patch, of Bremen.

Funeral services will be conducted from the home this afternoon at 2:00 o'clock. Interment will be made in Greenlawn Cemetery.

DEATH OF JOSEPH OWENS

The death of Joseph E. Owens, of 49 South Richardson Avenue, occurred at Mt. Carmel Hospital, Tuesday, from a complication of diseases resulting from a fall last March.

Mr. Owens was for many years city solicitor for the Mendel Cigar Company of this city, and was well known in business circles.

He is survived by a wife, two daughters, Misses Helen and Grace, and five sons, Clarence C., Joseph E., Harry B., James N. and Walter R.

Funeral services will be conducted from the residence this afternoon at 1 p. m.

HILLTOP TEACHERS

Delightfully Entertained at Amanda, Saturday

A party of Columbus teachers and their former Principal spent a most delightful day last Saturday as guests of Rev. Mr. and Mrs. Ivan Wilkins at Amanda, O.

Mrs. Wilkins was formerly Miss Louise Carter, of this city. She was also a Hilltop resident for some time.

The party left Columbus at six o'clock Saturday morning, going by way of Lancaster and arriving in Amanda in time for a most appetizing breakfast.

They returned late Saturday afternoon by way of Circleville. The members of the party who went were: Mrs. J. G. Francis, of Harrison, O.; the Misses Zora McGlashan, Enid Lunn, Mary Price, Alice Burley, Belle Burley, Myrtle Taylor, Grace Taylor, Harriet Batterson and Bessie Sperry. Mrs. W. Mangin, formerly Miss Belle Linton, was the only one not able to go.

HALLOWEEN PARTY

Enjoyed by Members of the Entre Nous Club

A delightful Halloween party was given in honor of the ladies of the Entre Nous Club, Saturday evening, by Mrs. Oscar B. Jones, 153 North Ogden Avenue. The house was appropriately decorated and lighted by candle light issuing from pumpkin heads, showing many black cats and witches.

The ladies were costumed in various ways and one of the most enjoyable features of the evening was the "real live witch" who told fortunes.

The old-fashioned game of "Charades" was played and enjoyed by all.

An excellent lunch was served by the hostess, after which Harold Cooley took "flash lights" of the "club" and Mrs. B. H. Oyler and Mrs. T. A. Jones, who were honored guests.

Mrs. Ford S. Cairk, 114 Midland Avenue, will be hostess at the next club meeting.

The West Broads and the Excelsiors played to a tie last Saturday on the latter's grounds, the score being 13 to 13. The West Broads defeated the Excelsiors three weeks ago by a score of 18 to 2. This gives the Broads a claim to the 100 or 105-pound championship of the city.

Any team of this weight disputing the claim please call Hilltop 1110 and ask for Joe.

WORTHY OF COMMENT

The Hilltop people who witnessed the "Dry Parade," Sunday afternoon, in the down town section, no doubt felt a sense of pride of the West Side delegation. Especially were we proud of the splendid appearance and the music furnished by the Hilltop Band.

The beautiful moonlight nights of the past week have been enjoyed by many. But how many people fail to notice the beauties of the heavens, and how much they miss when they do not turn their eyes skyward these beautiful nights?

EDITORIAL

The voters of the Hilltop made a splendid showing at the polls in regard to the liquor proposition. In every precinct on the Hilltop home rule received an overwhelming negative vote while prohibition received an equally large affirmative vote. Had all parts of the state voted as loyally as the Hilltop the prohibition amendment would have carried gloriously. As it is, the movement has made great headway. The Anti-Saloon League intends to bring the matter before the vote of the people next year. We may hope that this is a preliminary step and that the next efforts of the Prohibitionists may be crowned with success. We must remember that Rome was not built in a single day and that prohibition—as great and radical change as it is—cannot be accomplished in a single trial. The temperance voters can only cheer up and begin their campaign for next year. Success can only come from perseverance.

CAR SERVICE

Car service may come and car service may go, but the grand old Hilltop car service goes on forever. There is absolutely no improvement made on the service which our community is getting. This is the only drawback to the progress of the Hilltop. Those Highland Avenue trippers are few and far between; through cars cannot adequately care for the traffic of the whole Hilltop. What are the people of this community going to do in regard to this evil? Are we going to countenance it and allow the value of our property to depreciate? Or are we going to insist on better service and boost the value of our property? This is a matter which rests in the hands of the individuals. All we have to do is to insist upon better treatment and we can secure it. Are we, as a community, going to insist?

HILLTOP CANDIDATES.

We regret to announce that three of our Hilltop candidates were defeated in the election, last Tuesday. They were: Dr. L. B. Turner for Coroner and C. J. Randall and D. J. Marshall for the State Legislature. However, even though defeated, they received a very high vote and were beaten by only a couple of hundred votes in each case.

WORK OF THE SUNSHINE

Whatever disappointments may have come to one out of the political clamor, he may be certain to ease his soul when he looks at the blue skies and feels the gentle influence of the circumambient air. The days seem to bring us protest against all the little excitement and animosities that the political clangor has created.

Who can feel a hatred or a spite against his neighbor on account of politics when he steps forth and gets a benediction from the blue skies? How can one remember the unkind and unfriendly

events of the past campaign when he feels in his heart of hearts the blessings of the pure, sweet air? All nature gathered its beneficent forces together to brighten the situation and drive from it the griefs and dismal anxieties which were threatening to submerge it.

Let us give thanks that the good Lord has brought us these gentle days, to gladden the heart and enable us to transmute our little misfortunes into the faith that brighter and happier days are soon to come.

CONVINCING ARGUMENTS

Editor Dustman, of the American Issue, the official organ of the Ohio Anti-Saloon League, addressed the members of the Hoge Memorial Church, Sunday evening. He explained in his clear and convincing manner the fallacy of the idea that saloons benefited a city in a financial way, citing each of the large cities of the state as examples, giving figures to prove that they were each one bonded many millions of dollars, yet receiving revenue from the saloons.

ENTERTAINS CLUB

Miss Helene Stuart entertained the Idle Hour Club with a Halloween party, Friday evening, October 31, 1914. It was the best entertainment of the season. A short musical program was rendered, after which jolly games were indulged in. Dainty refreshments were served and it was not until a late hour that the club adjourned.

DANCE HALL ORDINANCE

The City Solicitor has ruled that the dance hall ordinance, which was approved on a referendum by a vote of the people, will go into effect at once. This, he said, is provided in the wording of the referendum law itself. Although both ordinances were approved, the one first passed, and afterwards repealed by Council on advice of the City Solicitor, who said it was unconstitutional, will not be valid.

RAGGED GAME GOES

TO WEST'S ELEVEN

Aquinas Unable to Show Any Class After Making an Early Touchdown.

As expected, West defeated Aquinas yesterday afternoon, but both teams played a ragged, listless game, showing a few flashes of real merit.

After receiving the kickoff West forced her way to the goal line, sending Harper over after six minutes of play. Purdum missed goal. O'Brien recovered a fumble on his own 40-yard line. Aquinas started a march for goal and by using line plunges and end runs finally sent Baumgartner over for the tying count. Eberle placed his team in the lead by kicking goal.

Both teams tried the forward pass in the second quarter, but half of them were intercepted by the opposite side, so the old "army" game was resumed. Both teams seemed unable to do much against the line, due to the fact that both teams would "rise up" and block their own backfield. Late in the quarter Harper broke through for a 30-yard dash, placing the ball on Aquinas' 20-yard line. Harper fumbled on the next play, Sites recovering. Purdum broke through, blocking Brieding's punt, and recovering, dashed across the line for West's second score.

With the beginning of the second half West showed more "pep" than at any part of the game. Receiving the ball on Aquinas' 40-yard line, they forced the ball to the three-yard line, where Harper fumbled. Brieding recovered, but fumbled when tackled, and Cott recovered on Aquinas' one-yard line. On the next play Cott slipped between center and guard for a touchdown. On the kickoff Cott placed the ball over his comrades' heads.

After a series of plays in midfield Harper again broke away for 40 yards. A series of line bucks placed the ball on Aquinas' one-yard line and a wide end run enabled Harper to go over for the fourth score. Purdum again missed goal.

The fourth quarter was a series of forward passes and end runs.

CIVIL SERVICE EMPLOYEES

NOT ANY TOO SURE

Are you one of the 15,000 civil service employees in the classified service of the State of Ohio? Do you think your job is tacked down? Don't be too sure.

Here is what S. A. Hoskins, President of the Ohio State Civil Service, says the new Republican administration can do when it takes the helm of the ship of state in January.

"There is no power to prevent wholesale discharges except the fact that the reasons must be given in writing. Present civil service employees cannot be discharged without a change of the present civil service law. This change can only be brought about by a modification by the Legislature."

Hoskins admits that the Legislature might make the modifications and return to the old time "spoils system" in Ohio politics.

TEACHERS TO SEE

PUPILS' ART WORK

One of the features of the meeting of the Central Ohio Teachers' Association, which began a two-day meeting in Columbus today, will be the exhibit of the Art Department, arranged by Director Campbell of the Columbus schools.

The meeting will be held in the teachers' assembly room in the Ohio National Bank Building. The room has been re-lighted for the occasion and filled with work done in the Columbus schools.

It is expected that at least 2000 teachers will attend the meetings in Columbus. The first general meeting will be held at Memorial Hall, Friday night.

Much favorable comment was heard on the Halloween decorations in the R. L. Heid jewelry store at 2394 West Broad Street, Saturday, last week. The decorations used were corn shocks, pumpkins, plates of apples of different colors, etc.

ELECTION WAGERS

Mr. Jesse Decker, the Broad Street druggist, will pay an election wager this afternoon by pushing Mr. Thomas Jerman down the street in a wheelbarrow. Mr. Decker bet on the election of Cox as Governor.

We quote the following portion of an editorial written of him by Col. E. S. Wilson, of The Ohio State Journal, who was an intimate friend of Mr. Ballard when the latter first began teaching school:

"From those days when our friend was tremulously seeking a school certificate, and standing in awe of the majestic examiners, to a later day when he is the second law officer in the great State of Ohio, we can behold a shining path upward from which he has never for one moment deviated, and along which he has constantly pursued a deservedly successful life."

HEARING ON "DRY" SUIT

SET FOR TODAY

Chief Justice Hugh L. Nichols of the Ohio Supreme Court has set today at 1:30 p. m. for hearing the Anti-Saloon League's mandamus suit to compel Secretary of State Graves to order a recount of the wet and dry votes in the big cities. As there are many legal angles to the suit, the lawyers on both sides are rushing their preparations. It is expected Supreme Court will give a final decision within a week.

The filing by the drys' suit to restrain the state license board from appointing license boards in the 45 dry counties, and of the mandamus suit has had no appreciable effect upon applicants for license commissioners in the dry counties, as their papers are pouring in to the state board by every mail.

No action will be taken by the board, however, until after December 4th, pending litigation.

HILLTOP TO HAVE

NO GAS SHORTAGE

First Cold Snap Has Little Effect on Hilltop Supply

Many residents of the Hilltop, especially those who are entirely dependent upon gas for heat and light, and who in years past have experienced a great shortage in the supply, will be pleased to read the following comments on the situation:

There will be no gas shortage in Columbus or its surroundings this winter, according to the promises made by those affiliated with the Ohio Cities gas merger, in which the Columbus Gas & Fuel Co. is a prime factor. The predictions are based not only on the increased gas fields made possible by the formation of the merger many months ago, but also on the practical test given this week by the first real cold snap of the winter.

The officials of the gas company were awaiting this test with interest because it offered the best experiment with absolute winter conditions. Wednesday these officials were elated with the success of the way in which the situation incident to the cold was met.

There was a plentiful supply of gas everywhere, they said, and the low pressures that often are met, with the first sharp demands of winter, were conspicuously missing. As a result there were practically no complaints of lack of gas on the part of the consumers. The situation from now on will improve if anything, as the gas people predict. The merger has so increased the supply that there is no danger of a shortage, they insist.

Officials of other gas companies also seem pleased with the manner in which the initial cold snap was met. F. W. Luper, Vice President and General Manager of the Logan Gas & Fuel Co., declares that his interests experienced no real trouble in supplying the demands suddenly made by the cold weather and that the gas supply is excellent. This company supplies various cities and villages east and south of Columbus.

SHOWER FOR BRIDE-ELECT

Mrs. A. H. Budd, Mrs. Lelia J. Cooley and Mrs. Daniel Jerman were hostesses to a miscellaneous shower given at the home of Mrs. A. H. Budd, 71 Clarendon Avenue, Friday evening, November 13th, in honor of Ada L. Ogg, a bride-elect. The many games afforded much amusement and the opening of the many packages by Miss Ogg, who was assisted by Miss Alice M. Jerman, daughter of one of the hostesses and also a bride-to-be, was a pleasure for all. After this refreshments were served. Those present were: Mesdames Ranney, Fleming, Porter, Ogg, Nowell, Matson, Milner, Williams, Wells, Scott, Seiler, Boon, Buchwalter, Cannon, Clark, Emerson, Durell, Fox, Hooper, Evans, Postle, Misses Ada Ogg, Alice Jerman, Grace Douglas and the hostess.

SOUTH-WEST GAME

NEW ADDITIONS

At the present time there are being opened on the Hilltop many new additions which have all the modern improvements and which are all advantageously located. But there is one condemning feature about them all, and that is the narrowness of the frontage of the lots. As a rule, they are entirely too narrow. Most of the lots are from 30 to 40 feet wide and when a comfortable sized house is built on them there is not much margin, if any at all, left. When several houses are placed side by side on such narrow plots of ground the street soon bears the appearance of a tenement district. Such a condition may be permissible in the more centrally located and thickly populated portions of the city but certainly it ought not be allowed in a suburban district like the Hilltop. There is plenty of land here and there is no reason why houses should be cramped together on these new additions. People come to the Hilltop because it is open and free and has an abundance of good fresh air. It is an ideal place to rear children. The youngsters can romp and play in the roomy yards. The houses are set far enough apart that the pure air can have a clear sweep around them and the sun can have easy access to all their rooms. Certainly we do not want our new additions to be built up solidly on 30 and 40-foot lots. We hope the real estate men will waken up to the harm and injury of such a condition and remedy it now before it is too late.

CLEAN UP

Now that the autumn frosts have brought all the leaves to the ground, the gutters of many of the Hilltop side streets are almost filled to overflowing. Such a condition certainly presents anything but a pleasant view and does not add anything to the appearance of Hilltop homes. Then, too, decaying leaves are not only injurious to the streets but are unhealthful as well. A few moments' labor with broom and shovel will remove all evidences of Jack Frost's ravages. Let all get busy and clean up the gutters.

THANKSGIVING DAY

What do these two words mean to you, we wonder? Do they signify the date of the last football game of the season? Or do they afford an extra holiday for a matinee or concert? Or an opportunity for a better meal than usual? Or a little extra time to spend with the other members of your families? Or some other meaning than the one intended by the Pilgrim Fathers who established the day of thanks?

Whatever else they may mean to you they should also have a larger meaning. When we consider the suffering and misery attendant upon the terrible war in the Old Lands, we who reside in this New Land of Opportunity should pause and offer up a silent prayer for the blessings of peace.

And yet, that is not all we should be thankful for. We should recall the deeds of our forefathers who braved the perils of unknown seas and foes and settled this land of freedom and gave to us our republican form of government. And in commemoration of the blessings we enjoy as a result of their wisdom and courage we should offer up a prayer of gratitude to the Great Ruler of the Universe for preserving the liberty they left us.

Mayor Karb is fast becoming a real live, dashing, dare-devil of an official, why my dear fellow-citizens he had the audacity and courage to tell our city council Monday that if they would pass an ordinance regulating the kind of signs business men should put up over High street that he—the mayor of Columbus—would ENFORCE the same. While we are in the mood we would like to mention the fact that Columbus has a fine smoke ordinance, but it lies safely at rest in the city hall, while the workmen are daily compelled to suffer from the poisoning vapors, soot and smoke from a hundred or more smoke-stacks and furnaces all over the city. Why not enforce those already upon the ordinance books first, Brother Karb?

All nature humbly bows in obeisance to Old King Winter, and calmly wraps herself in the protecting draperies so bountifully provided by a kind providence. The change was very sudden, the thermometer showing a drop in temperature of 35 to 40 degrees in only a few hours. If you have not secured your supply of coal, get busy.

Columbus can boast of a real inventor in the person of Otto K. Freshwater, who has made a water tap that will not come off. He has received a contract from a Detroit firm who is to pay him \$50,000 and a royalty of 20 per cent of the net profits from the sale of same. We are proud of our fellow-citizen.

Perhaps this will be known as the johnny-cake winter. Wheat flour may command a very high price. In that case, we shall probably use more corn meal—a change that we could make with benefit to our health and our pocket-books.

With all the anxious thoughts that some of us have to give to ways and means—what to leave out here, what to piece out there—few of us know the stern realities of economy.

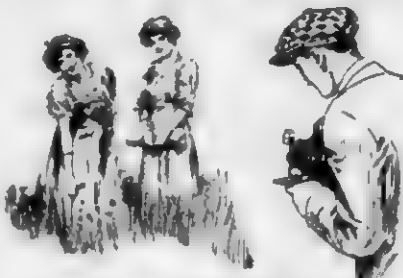

It's getting so near Christmas that we wish some one would hurry up and start that SPUG movement again or we may have to buy presents for all our relations after all.

The time of year is now at hand when the family hens, who have been working ceaselessly all summer, are going on an extended winter vacation.

Among the Anglo-Saxons, "freedom" has always been a mighty word. Recently we have added to our mighty vocabulary, "peace."

Now that the election is over, the barber shop loungers have had to resort to the war again as food for debate.

THE NATION'S BUSINESS

Secretary Redfield, of the department of commerce, is optimistic. "Let the worst be said and admitted that can be said respecting existing business difficulties in America," he says in a statement today, "our condition still remains not only relatively bright but rapidly improving, and in many respects both prosperous and promising." The import excess of \$20,000,000 in August has been turned into an export excess of \$60,000,000 in October. The deficit in bank reserves has become a surplus and, with the opening of the federal reserve system, great additional supplies or loanable funds have become available. Wheat is being exported at profitable prices and cotton has begun to move.

The secretary admits that the pessimists have some hooks to hang their gloom upon, but he deprecates the habit, when on many sides mills are busy and factories are running full time or overtime and the number of unemployed is steadily getting less. These are the leaven that is going to give character to the whole mass of industry, and the change will come the sooner if that change is what everybody is looking and striving for.—Exchange.

LOCAL WOMEN TO SEND COTTON TO VIENNA HOSPITALS

At the bimonthly meeting of the City Federation of Women's Clubs, Thursday, Mrs. C. C. Pavey, the President, enlisted the aid of the club women in sending absorbent cotton to Vienna.

The request was made in response to the letter from Vienna of William G. Shepherd, which was printed in The Citizen Wednesday, and in which he told how the Austrian and German wounded are suffering for want of sufficient cotton for dressing wounds. He suggested that no one could make a worthier Christmas gift than to send cotton to Vienna.

Mrs. Pavey's appeal was met with approval by the majority of the club members. Some concerted action in collecting cotton may result.

Mrs. Karl T. Webber, West Broad Street, President of the Needle Workers' Guild, has presented the matter to the members and expects hearty co-operation. The guild is now sewing for the Belgians.

The answer to the appeal for cotton for the wounded in Austrian hospitals Thursday met with a generous response from all over the country. Club women, missionary societies and charitable individuals everywhere made immediate response, in many places starting endless chain letters, each to start a pound of cotton to Vienna.

GLEE CLUB ENTERTAINMENT

The entertainment given by the Young Ladies' Glee Club of the Glenwood M. E. Church Thursday evening, was attended by a large and appreciative audience. Mrs. Loma Owen-Conklin, lyric soprano, of Delaware, was the principal attraction on the program. Readings were given by Misses Annis Turner, Mary Baum-Gardner and Mr. C. E. Haner.

The Epworth League is to be commended for the splendid entertainment which they presented.

A PRAYER FOR TODAY

A little hand was clasping mine
When day was gone,
And shadows lingered everywhere
As night drew on,
A curly head was snuggled close
Against my own;
Blue eyes, all wonder-filled, looked on,
A world unknown.
The tiny fingers, restless, moved
And gripped my own with all their might;
Then through the stillness came his plea:
"Hold my hands, father, hold them tight."

When life is spent, and sunset hues
All blend to gray,
And twilight passes silently;
No more the day.
As darkness gently leads me toward
The after-while,
And quiet everywhere pervades
The last long mile—
Then I shall feel around me thrown
Protecting an arm of might,
And whisper to Him trustingly,
"Hold my hands, father, hold them tight."—Exchange.

WEST HIGH FOOTBALL TEAM WINS FROM SOUTH HIGH

Several Leading Players are Boys from the Hilltop

One of the most brilliant games of the football season was witnessed by about 400 people at League Park, Friday afternoon of last week, when West High defeated South with a score of 12 to 9.

West won the toss and chose to receive the kick. By a series of line backs, with Owens and Harper doing the greater part of the work, West forced the ball to South's 10-yard line, where they were held for down. Unable to gain by rushes, Metzger punted 40 to Swain. West again pushed the ball to South's 10-yard line. Here time for the quarter was called.

On the first play of the second period Harper lost seven yards. He then gained one through Skerton. Swain tried a forward pass to Cohagen, but it was incomplete. Owens dropped back for a drop-kick, but Haddy blocked it and recovered on his own eight-yard line. Metzger punted 30 yards out of bounds. Owens' end run of 18 yards and five line plunges placed the ball on South's one-yard line. From here Owens bucked his way over. Owens missed an easy goal.

South again kicked off. After holding West for no gain, Owens was forced to punt. Metzger fumbled and Denser recovered on South's 25-yard line. Four line plays brought the ball to South's 18-yard line, where the "Germans" took it on downs. Neither side being able to gain the remainder of the period, the game resolved itself into a punting duel between Metzger and Owens, with the honors even.

Receiving the kickoff on their own 40-yard line in the third quarter, West forced the ball to South's 20-yard mark, Swain gaining most of the ground. Here a penalty of 15 yards for holding forced West back. After the failure of a forward pass, Owens dropped back for another try at a field goal. This failed, South scrimmaging on her own 20-yard line. Metzger's punts again kept West from scoring in this period.

Receiving the ball on South's 20-yard line, West forced her way to South's one-yard line in eight plays. Ott then dived between center and guard for the second touchdown. Owens boosted the count to 12 with his goal.

West received the kickoff and forced her way to South's 20-yard line, when time was called. Both teams fumbled repeatedly, due to cold fingers. For West, Swain, Harper and Owens played a sterling offensive game, while the entire line, led by Rohr, played fine defensive ball. For South, Metzger alone seemed able to gain, and his punting repeatedly drove West back. On defense, Robinson, Rammert and Yeager played best for South.

The Hilltop is well represented on West's team by the following players: Purdum, Denser, Todd, Owens, Garret.

EDITORIAL.

We are proud of the generous and philanthropic spirit which is daily manifesting itself all over the state, and especially in our city, where large contributions are being made to the Red Cross Society. From over the sea comes harrowing reports of the terrible suffering caused by the crime of the century. Cities, villages and homes alike in the path of the raging battles are swept aside and the inhabitants are driven to the open country to seek shelter and food as best they can. Such conditions are sure to work upon the sympathies of any nation and tends to loosen the purse strings of the most niggard person. We feel that it is our duty to lend every assistance to the sufferers of the far countries, withholding naught that will help. While we are lending our help to these brothers in need do not allow yourself to be neglectful of our duty to those so near and dear to us in our own fair land. Remember that charity begins at home.

We dare say that few need go but a stone's throw from their home ere they will find where a liberal share of their charity may be well spent and the full 100 cents on the dollar may be realized by the one in need. There will be little Thanksgiving spirit enjoyed if it is not followed up with "thanks-living." If you have never experienced that unbounded thrill of joy, known only to the giver of good and worthy gifts, try it and get something out of Thanksgiving you have never realized before. We are our brothers' keepers.

It is easy enuf to be pleasant
When life flows along like a song;
But the man worth while
Is the one who can smile
When everything goes dead wrong."

How often we have occasion to recall this quotation. How many people are overwhelmed by adversity. And how few of these can see that there is sunshine behind the clouds. The value of optimism can hardly be estimated. It acts as a buoy to mankind on the sea of life, just as the life saver offers safety to the mariner on the physical sea. The commercial world loves to deal with an optimist, while the social world welcomes him with wide spread arms. This happy quality seems to be the predominating characteristic of the American, but even more should acquire it. It is much easier to be jovial and pleasant than grouchy. Always look upon the bright side of life. It can always be found, maybe not so bright at times, but existing nevertheless. Radiate sunshine all around you. Dispel the gloom of worry and trouble. Smile in the face of adversity and you will soon see it change to good fortune. Smile and the world smiles with you. Scowl and you scowl alone.

The attempt to find in the public school house a meeting place of neighbors, a community center appealing to grown-

ups as well as to children, is now nationwide. Our country is in the pains of giving birth to a new institution, a people's club. Ella Flagg Young the other day, at a meeting in Chicago of 400 persons eager to advance a wider use of school buildings, glimpsed this freer point of view when she said:

"The social center experience has brought a surprise to us school people. We thought it would benefit the public; the men and women and young folks of the various communities. We found that it does; but it also does what we hadn't expected. It greatly and in most important ways benefits us school people. It connects us up with the life of today."

And she frankly added that the vital thing in it wasn't what a few could do for the many, but what folks meeting together as folks, democratically, did for each other. If your school center hasn't thrived as a kind of secularized parish-house, operated in the charity spirit, throw open to unrestricted freedom of debate and conduct, letting the people govern themselves. Maybe that's the way to make it hum.

CHRISTMAS SHOPPING

Now that the holiday season approaches all minds naturally turn to Christmas shopping. Much has been written and said concerning the advisability of making your purchases early in the season. Not only are you able to select from a fresher and more complete stock of articles, but you are also able to be served by clerks who are not worn out by their extra labors and who can and will be more obliging and courteous to you. Why not impart to them some of the holiday spirit you feel? Make your purchases early and they will not be so tired when Christmas comes that they cannot enjoy it.

The study of faces is the richest, most inexhaustible, most fascinating in the world. Grown men and women, with an opera-glass, spend hours watching a bird hopping about in a tree. That is all very well. But every day, in the street car, there are a dozen faces opposite you, each with the secret of a human life written on it. Can you read the secret? Try. Nothing will divert you from your own troubles so completely.

We learn from the estimates of experts that the United States is the richest country in the world. He places the value at \$124,000,000,000. We also learn from the same source that for the past six years the number of beef cattle in this country has decreased more than sixteen million. It will not be far distant when the domestic science student will be figuring out how to make a chuck steak as palatable as a surloin with mushrooms.

A high standard of living is not merely an economic blessing, it is a moral achievement. "It is not," says an economist, "a high standard of living for a man to be so proud that he will not let his children go barefoot, meanwhile incurring debts for shoes which he never intends to pay for. The question is

EASTMAN KODAKS

whether he will go without tobacco himself in order to buy them."

We have made a number of inquiries about the Hilltop to find the oldest resident, not the oldest person but the person that has made their home on the Hilltop the greatest number of years. We want a photograph and a sketch of their life to publish in our paper. Send the same to our office. Do not hesitate as this will be interesting reading to all of us.

When a man asks you where you live, do you swell up and in a clear, ringing voice sing out: "On the Hilltop," or do you timidly whisper "on the West Side"? If the latter, what do you think the inquirer will say about the "West Side"? Be a real Hilltopper and let the world know you are proud of it. We are!

The lazier a person is, the more willing he usually is to work his tongue overtime

If a man is square it is easy to put up with his sharp corners.

Are you a knocker or a booster for the Hilltop?

AMUSEMENTS

Public School.

The Public School Orchestra, assisted by Walter Kurtzhalz, reader, rendered a splendid program at West Broad Street school last Friday evening. There were some excellent solos and the orchestra, directed by Mr. W. D. Campbell, played some wonderfully fine selections. The proceeds are to be used by the pupils of the school to purchase a moving picture machine for the building.

A Modern Magazine.

The pupils of Dana Avenue school presented a very interesting little tabuleau play at West High school last Wednesday in an afternoon and evening performance. A fairly good sized crowd attended at both matinee and night, many of whom were people from the Hilltop.

The Butterflies.

On Friday evening, December 4th, the Alumni Association of West High school will present the Butterflies, the play given by the class of 1914, in the school auditorium. This is an excellent play and well worth seeing. It was very successfully presented by the class of '14 last June. It has been pronounced by many critics as the best high school play ever given in this city. The cast will be practically the same as the one in June.

PANAMA EXPO JOBS

Three days—Dec. 15th, 16th and 17th—will be given by the State Civil Service Commission for the examination of candidates who desire to attend the Panama exposition as employees of the State of Ohio. The examinations will be held at Toledo, Cleveland, Columbus, Cincinnati and Marietta.

The positions to be filled are: Hostess, age from 25 to 50 years, salary \$100 per month; matron, age from 30 to 50 years, \$75; maid \$50, stenographers \$100, information clerk (men only) \$100, check-room attendant \$80, attendant for ladies' waiting room and male attendant for men's waiting room, each \$80; night watchman \$80, janitor \$80, and page and messenger \$80.

There will be one person appointed to each position and the term of service will continue from Feb. 14, 1915, to Dec. 4, 1915. Each appointee will be compelled to pay his or her own transportation and other expenses. The examination is open to every resident of the state.

COPE WITH NEW DISEASE

From recent developments it is probable that the State Agricultural Board may be ready to cope with the foot and mouth disease from the standpoint of the individual communities instead of continuing to make the county the unit for attempting to control the malady. As a result of lengthy conference with dealers and shippers, the board has begun making tentative plans for the relief of the general quarantine situation, and the rigid county quarantine may be at least partly lifted within a few days. Farmers and cattle raisers throughout the state are suffering great losses on account of the rigid quarantine.

XMAS TREE IS FOUND

Members of the Municipal Christmas Tree Committee of the Chamber of Commerce have been invited to inspect a giant evergreen tree at Green Lawn Cemetery, which may be had for the Christmas tree celebration in the State House yard.

At a meeting of the committee on Monday afternoon, under the direction of Chairman Wambold, it was decided to hold four separate celebrations, Christmas eve, Christmas night, Sunday afternoon and New Year's eve. The Columbus Society of Architects has been asked for a design for the decorations.

WAR SUFFERERS

Aided by Columbus Branch of Needlework Guild.

Mrs. Karl T. Webber, of West Broad Street, president of the Columbus branch of the Needlework Guild of America, which is raising funds to buy cloth to send to Europe to help the war sufferers, has received \$127. The guild workers have made up 200 garments of material they had purchased, and these will be sent to the branch of the guild at Lons, France, for distribution. The local workers will not make any more garments here for the war victims, but hope to raise more funds to send. The guild has opened a refuge for Belgian mothers and their little ones.

Visitors In Washington C. H.

Mr. and Mrs. W. C. Logan and son, Roger, South Wheatland Avenue; Mr. and Mrs. Chas. Chatelain, of 400 South Park Avenue, and Mr. and Mrs. C. L. Logan, of 1585 Wesley Avenue, are guests of Mr. Logan's parents in Washington C. H.

Will Spend Winter in Columbus.

Mrs. John Smeltzer, of Gallipolis, arrived in Columbus Wednesday and is the guest of her daughter, Mrs. J. H. Carter, 21 South Wheatland Avenue. Mrs. Smeltzer is 82 years of age. She will spend the winter with her daughter.

Organ Recital.

Next Tuesday evening at 7:30 in the Glenwood Church, Mr. Bert Williams, pipe organist, and Miss Wrenn, reader, will give an entertainment. No admission fee will be charged, but a free will offering will be taken to defray expenses.

CHAIRS

A definition of a man's home: A comfortable chair.

Did you ever notice a bachelor always picks out an easy chair for his room? Ever notice the big chairs you find everywhere in men's clubrooms? Long-seated, heavy-upholstered, high-backed, broad-armed—big enough to go to bed in.

Here, then, is a tip for young brides. First of all see that you have at least one good chair, man's size. When that is bought you've satisfied your husband's wants. Then you may buy all the bric-a-brac you've dreamed about. He won't care. Maybe he'll never notice it.

When he plants himself after dinner you'll have trouble getting him to leave the fireside.

And as a tip for young women desiring to be brides—

Buy a big chair.—Exchange.

NEW BANKING LAW PROPOSED

Recommendations that the next legislature be asked to amend the banking laws of Ohio to limit the amount that private banks may loan a single borrower; that the Superintendent of Banks be authorized to refuse a charter to a proposed bank when he believes there is no necessity for another bank in a community, and that issuance of checks on a bank where the maker has no account be made a penal offense, are contained in the report of State Superintendent of Banks Lattanner, filed with Governor Cox Tuesday.

THE EDITOR'S PARADISE

Frederick C. Beyer, a well-known Cleveland editor, told, at a recent press banquet, a newspaper story.

"A Medina editor died," he said, "and was, of course, directed to ascend to the Abode of the Just. But during the ascent the editor's journalistic curiosity asserted itself, and he said:

"Is it permitted for one to have a look at—er—the other place?"

"Certainly," was the gracious reply, and accordingly a descent to the other place was made. Here the editor found much to interest him. He scurried about, and was soon lost to view.

"His angelic escort got worried at last, and began a systematic search for his charge. He found him at last seated before a furnace, fanning himself and gazing at the people in the fire. On the door of the furnace was a plate saying: 'Delinquent Subscribers.'

"Come," said the angel to the editor, 'we must be going.'

"You go on," the editor answered, without lifting his eyes. 'I'm not coming. This is heaven enough for me.'—Exchange.

MILLION-DOLLAR MARKET HOUSE

Mayor Karb and other administration backers have within the past few days revived the project for a new million-dollar market house and public auditorium to be erected in the square bounded by Third and Fourth Streets and Town and Rich Streets, taking in the present Central Market. The Mayor has had a committee quietly at work on the proposition for a week and City Engineer Henry Maetzel has been making plans for the building.

WOMAN SERIOUSLY INJURED WHEN STRUCK BY AUTO

**Mrs. Krumm has Narrow Escape
from Instant Death.**

Last Sunday night Mrs. Lora Krumm, wife of Sylvester W. Krumm, a grocer at Fifth Avenue and Johnstown Pike, sustained serious injuries, when she was struck by the automobile of H. E. Barthman, on the corner of Oakley Avenue and Broad Street. For a while it was thought that the injuries were fatal, but according to the latest reports, Mrs. Krumm's condition is hopeful.

In addition to serious internal hurts, both of her arms and her left leg were fractured and her left hand was mashed. Her 5-year-old son, Archibald, who was with his mother, was also knocked down by the auto, but his hurts were not severe—only a few bruises and cuts about the head. He was not confined to the hospital.

Mr. Barthman, 648 Seymour Avenue, who was driving the machine, is a contractor, who recently was a Republican candidate for the office of county commissioner.

Mr. and Mrs. Krumm and their two children had been visiting at the home of Mrs. Krumm's sister, Mrs. J. H. Brandenburg, 51 South Oakley Avenue. From there they went to Broad Street and Oakley Avenue to catch the street car. They stood by the track, but as the car, a barn-bound tripper, failed to stop, they turned again to the pavement. The machine was approaching, and, blinded by its lights, Mrs. Krumm stepped directly in front of it. In his effort to avoid striking the woman, Barthman drove onto the sidewalk and his machine struck a telephone pole. The injured woman and boy were taken into the building of the Hilltop Undertaking Company to await the police ambulance which took them to Grant Hospital.

Mr. Krumm is a cousin of ex-Postmaster H. W. Krumm. He and his family live in East Columbus.

TO PAINT COX PORTRAIT

Henry Mosler Commissioned by the Governor

Henry Mosler of New York, has received a commission from Governor Cox to paint his portrait for the Statehouse, which is a custom of long standing, for the retiring governor.

The artist's career commenced in Ohio with his work as a draughtsman on a comic paper when he was a mere boy. His genre subjects are known as his most characteristic works, and one of the freshest and most attractive of these was painted during the present year for Charles Weideman of Newport, Ky. The picture, which is called "The Birthday," is at present on exhibition in the Knoeder Galleries; the subject is a birthday party in a Brittany home.

AID MEETING

The regular monthly meeting of the Ladies' Aid Society of the Hoge Memorial Church was held in the church parlors Thursday afternoon. The Aid Society will serve the banquet for the Bible classes this evening.

The playing of games was a most enjoyable feature of the evening, and the presentation of the many handsome gifts to Miss Jerman was a pleasure to all.

WOMAN IN AUTO THEFT

Admits She Was Present When Machine Was Stolen

Clarence Lake, also known as Clarence Cook, 27 years old, of 533 Armstrong Street, and Miss Ollie O'Neil, aged 26 of 502 South Third Street, are in the city prison for investigation in connection with the theft of the automobile of N. G. Donavin, 2255 West Broad Street.

Mr. Donavin's machine was taken from High and Cherry Streets Thursday night and was recovered Monday at Marble Cliff by Officers Masterson and Alkire, who arrested the man and woman.

Miss O'Neil admitted to Chief Carter, it is said, that she was with Lake when he took the machine. They rode to Marble Cliff, where they abandoned the car and hid it in a shed, Miss O'Neil is alleged to have said.

The two under arrest were implicated in the theft of a machine in this city several months ago.

Presbyterian C. E. Meeting

The regular monthly meeting of the C. E. Society of the Presbyterian church was held at the home of Miss Dorothy Deema, 55 South Ogden Avenue, last Friday evening. There were present about twenty-five members who enjoyed themselves immensely with several unique games, after which delightfully dainty refreshments were served. During the business hour, the Society decided to hold two bakes sales in the near future. Two sides, one to prepare for each sale, were chosen, Miss Rhea Todd being captain of one and Miss Hazel Linville of the other. The election of officers will take place at the next meeting.

Birthday Surprise

A number of the young people of the Hilltop attended the surprise party given Harry Taylor, 103 South Richardson Avenue, in honor of his birthday, last Monday night. All the guests spent a most enjoyable evening. Those present were: Ruth Matheny, Olive Parker, Lillian Stone, Agnes Landis, Laura Link, Nettie Lake, Marie Houser, Alice Eberly, Nellie Taylor, Lester Linke, Maynard Brobeck, Clark Robinson, Scott Thorne, Earl Talhelm, Edwin Jones, Jack Pilkington, Earnest Howard, Joseph Brown, George Hagerman, Walter Taylor, Roy Martin and Harry Taylor.

"HARD TIMES PARTY"

Given to Entre Nous Club by Mrs. Clark

One of the most enjoyable affairs of the season was the "Hard Times Party" given to the Entre Nous Club, Monday evening, by Mrs. Ford S. Clark, 114 Midland Avenue. The costumes worn by the ladies were especially artistic (?) and added much amusement to the game of "Charades" which was played.

At 10:30 supper was served in the kitchen where the "Hard Times" scheme was fully carried out, causing much hilarity among the guests.

A new and interesting contest was introduced by the hostess, and novel prizes were awarded. Members present were: Mrs. J. H. Hatfield, Mrs. John Porter, Mrs. I. S. Paxton, Mrs. E. B. Hughes, Mrs. C. C. Cook, Mrs. O. B. Jones, Mrs. Lelia J. Cooley, Mrs. Daniel Jerman and the hostess. Mrs. C. W. Wilson was a guest of the club.

FIREMEN PENSIONED

Two Who Were Injured While on Duty Are Placed on Retired List

D. T. Phillips, fireman at No. 6 engine house, and Charles E. Young, South Wheatland Avenue, fireman stationed at headquarters, have been suspended for disability by request. Both men are in poor physical condition and this is the process by which they will be honorably dismissed from the service and placed on the pension list.

Mr. Phillips has been on the disability list since the Prentiss Lumber Co. fire last July. He worked for some time under very great heat and then was drenched. Since then he has been unable to be on duty full time.

Mr. Young was injured in 1902 by a falling wall while fighting a fire and was laid up for many months. He never fully recovered and now requests that he be placed on the pension list.

Sells Red Cross Stamps on Street

The sale of Red Cross stamps in Columbus opened at Broad and High streets Wednesday at noon, when Mayor Karb, from a store box, auctioned off the first sheet of 50 stamps. They brought \$25 from a man who declined to give his name and asked that he be put down as "a friend."

Following the first sale, the mayor, Mrs. Samuel Black, George Jones and Emil Kohn bought a sheet of stamps for \$10. Other sheets brought from \$5 to \$1. For half an hour the mayor "auctioned" stamps until \$150 had been taken in.

The sale of stamps will continue in hotels, stores and other central points until after Christmas.

CAMP CHASE FARMER INDICTED

Carlos Cavanaugh, a farmer living near Camp Chase, was indicted for sending indecent letters and literature through the mails.

Cavanaugh was arrested last August by government officials. At the time his sanity was questioned and he was taken before Probate Judge Black for a hearing. He was pronounced sane. He has been in the county jail since his arrest and when arraigned Wednesday pleaded not guilty, and in default of \$500 bond was returned to jail, awaiting trial.

GOES TO NORTH SIDE

Dr. W. F. Ong, who formerly was located at 2686 West Broad Street, has moved to Buttlers Avenue, where he will open an office. Dr. Ong goes to the North Side to be with his wife, who is caring for an invalid mother.

BANK CLEARINGS SHOW

COLUMBUS VERY PROSPEROUS

**Nearly Six Million Dollar Increase
Over Last Year.**

The Columbus banks will make a better showing in the year 1914 than they have in any previous year in their history, according to a report given out Wednesday by the Columbus Clearing House association. For the first eleven months of this year the bank exchanges of this city total \$314,218,700, against \$308,545,000 for the corresponding period in 1913, which was the banner year in the history of Columbus financial institutions, showing a gain of \$5,764,700.

The foregoing figures indicate that business in Columbus, so far in 1914, has been much better than shown on the surface, and they also reflect a wonderful growth in the affairs of this city. With nearly \$6,000,000 gain so far this year, it is almost a foregone conclusion that the bank exchanges for the year 1914 will again break all records.

For over four months the Columbus stock exchange has been closed and there has been little trading in local securities. Bank exchanges always bulge in a time of active stock markets, as in such periods large sums of money usually pass through the banks, thus swelling the clearings. In 1913 the stock exchange was open throughout the year, but such has not been the case this year. The showing is remarkable for this year, in the face of a long suspension of business in the security market.

Pessimists find little comfort in the report of the Columbus Clearing House association, as it indicates much better business conditions prevailed in this city in 1914 than many think. Columbus bankers say that no other city in the United States will probably be able to make such a good showing in the way of bank clearings as that just announced for Ohio's capital.

OHIO'S SALE-BY-WEIGHT LAW GIVEN DEATH BLOW

Violates Right of Private Contract Between Buyer and Seller, Supreme Court Holds

Ohio's new sale-by-weight law received its death blow yesterday, when the supreme court upheld the Franklin County common pleas court and court of appeals in declaring the law unconstitutional. The court held that the law violates the right of private contract between buyer and seller.

In a statement issued yesterday State Sealer of Weights and Measures Fred Albrecht declares that there will not be a general reversion to the old measure system. He says that 90 per cent of the retail merchants throughout the state are selling by weight and will continue to do so. He advises the general public not to buy by the basket or by the measure, but always to buy by a definite quantity.

Principals Meet

The principals of the West Side schools met Thursday afternoon, at the Highland Avenue school. R. G. Kinkaid, supervisor of grades, met with the principals. The first part of the afternoon was taken up in visiting the grades of the building, after which a number of subjects pertaining to section were discussed.

Mr. Harlan Born spent his Thanksgiving vacation with his parents, Mr. and Mrs. J. W. Born, 2706 West Broad Street.

SHOP ON THE HILLTOP

The heaviest shopping season of the year is now at hand. Christmas buying stimulates trade throughout the nation. All the big High Street stores of our city will be jammed and packed from now till Christmas with crowds of eager buyers. The rush of business for these stores will be tremendous. The pleasure of giving is somewhat lessened by having to fight and jostle roughly to get near the counters of these stores to make purchases. The dread of traveling the sea of Christmas shoppers is proverbial. Yet the people of the Hilltop need have no such dread. Our Hilltop merchants are all prepared to care for the holiday shopping of the entire community. It will be much easier and more convenient for the Hilltopper to patronize our own business men now than to drag down town where the goods are picked over and where one's temper is easily lost. The stock on the shelves of our local stores is just as fresh, just as varied, and just as desirable as any to be found in the down-town shops. There are three reasons why the Hilltop people should do their shopping at home. First the goods are equal to any in Columbus, second, it is very convenient to shop at home, third, patronage of Hilltop merchants means boosting the Hilltop. There is not a single reason for going to High Street to buy. Therefore the only logical and natural conclusion is, do your Christmas shopping on the Hilltop.

TIME TO ACT

Early the other evening as two ladies were walking on Broad street, were passing Eldon Avenue, they noticed a flame leap up from the hedge surrounding the corner lot. Upon examination they found that a heap of dry leaves around the hedge had been set afire by a crowd of boys. Of course they extinguished the fire and saved the hedge, but just imagine how that beautiful little fence would have been destroyed if they had not happened along when they did. Think of what damage those flames might have done if they had gained headway. Perhaps that frame dwelling would have caught fire. And all because a mob of innocent boys chose this means of amusing themselves. It is getting to be deplorable the way these youngsters select such criminal and barbarous forms of amusement. This increasing manifestation of vandalism in the boys will have to be stopped before it gains any great start if we would wish to keep up our reputation as a thoroughly respectable community. The child reflects, as clearly as a mirror, the home from which it comes. By every move it displays its breeding. So if the parents don't want their negligence in regard to the training of their children become known, they had better take the youngsters in hand at once.

THE FOOD OF THE FUTURE

All animal organisms depend for existence either directly or indirectly upon vegetation of some sort. In an article entitled "A Biological Forecast," Prof. G. H. Parker of Harvard University says that the action of sunlight upon the green plant elaborates starch from water and carbon dioxide, and that the primitive food thus synthesized becomes the basis for further changes whereby nitrogen and other materials are built into the body of the plant. Two years ago Stok-

lass and Sdobnick made the remarkable discovery that the action of ultraviolet light on nascent hydrogen and carbon formed dioxid sugar. Such discoveries suggest the means by which we are to throw off our slavery to the green plant, and I am convinced that in time our staple foods will be the products of the biological chemist. Our descendants, I am sure, will some day sit down to dinners of synthetic dishes, the products of clean laboratories, with as much appetite and pleasure as we now partake of a meal hewn from the animal and dug from the earth, and we must not object if they prefer, on esthetic grounds, the source of their food to that of ours.

Primitive man scratched the soil with a stick, dropped a few seeds, and was rich or poor, according as they grew. The Pilgrim Fathers saved their seed-corn and planted it. A good summer meant a tranquil winter, a bad, starvation. The Ohio corn boy plants, cultivates, fertilizes and drains his land in accord with the season and raises a bumper crop. He goes to Washington, D. C., and various other points. However, we feel that our rich and luxurious cities are far enough away from primitive man and even from the Pilgrim Fathers. Yet the millionaires, too, hang over the August and September crop reports and the farmer is still the minister of life and death.

THE WEATHER

Strange winter weather we have been having the past week. On December 1 the temperature was 56 above, which was 20 degrees above normal. This is tropical winter weather, where the oranges and the mangoes grow. It is all very delightful, and yet if a little snow flurry came from out of the North and whitened the earth with the delicate fleece, we don't think anybody would object. One could really wish that the little pesky drops of drizzle that have been filling the air could be changed into starry snowflakes.

And yet we are short on rain. According to Old Probs there are over five inches of rain due us. We are ahead on heat, but short on moisture, but when the snows and the winds come they will wipe out the old scores and begin anew.—Exchange.

CHILD LABOR

Legislation to protect women and minors from conditions of labor that are oppressive or injurious to health is becoming commendably frequent. It is "paternal" legislation, but here, at least, the term contains no commendatory innuendo. The restriction and regulation of child labor is the aim of a nationwide organized effort.

But, unfortunately, it is not so easy to devise a remedy as it is to see the evil. It does not solve the problem to enact a law that no child shall work before he has attained a certain age, or to say that minors shall not work before or after certain hours of the day; and it would require a volume to specify the occupations in which a boy may and those in which he may not be employed. The difficulty in dealing with the matter by general legislation is so to formulate rules that, when enforced, they will do away with present abuses without creating new ones.

There is another consideration: It is certainly not for the interest of the rising generation to condemn it to idleness. Habits of industry must be formed in childhood, if at all, and within reasonable bounds are to be encouraged as soon as a child can walk and talk. Without destroying these habits, the state must nevertheless protect the young from the harm that is now done where there is little or no control by law. The opposition of parents. It is not that the fathers and mothers are lacking in tenderness; the grim truth of the matter is that hundreds of thousands of parents are so near the brink of poverty that the earnings of their children are all that keep them from becoming paupers.

To Parents

We are making an especially reduced price on school children's glasses and because of our years of experience, and our scientific methods of examining, there is absolutely no guess-work connected with it, but the children's eyes will be accurately fitted, regardless of the child. In addition, we are making this offer: To parents who feel that they are unable to purchase glasses for the children, if you will bring a letter from your family physician, your minister or school teacher to this factory, we will examine the eyes and make the glasses absolutely free of charge.

WHAT IS TUNGSTEN?

We would all respond promptly to this question by stating that it was a new substance used in electric light bulbs, which is a fact, but to give a clear definition few could do it. Thus we give the following: Tungsten is a hydrocarbon used for some time to harden steel and to make filaments for electric lamps. Its value as a constituent of steel is shown by the remark of a manufacturer of automobiles that, if it were not for the use of tungsten steel, each automobile would cost two hundred dollars more than it does. Dr. W. R. Whitney, director of the research laboratory of the General Electric Company, estimates that the saving to the consumer since the introduction of tungsten lamps is about \$240,000,000 a year. Very lately this interesting element has been found invaluable in the manufacture of X-ray tubes. The "targets" in these tubes, which receive the bombardment of the cathode rays, were formerly made of platinum. But the melting-point of that metal—1,780 degrees Centigrade—is so low that the target cannot be placed near enough to focus the rays satisfactorily. The melting-point of tungsten—2,800 degrees Centigrade—makes it an ideal material for the purpose.

DRESSING FOR WINTER

To normally healthy people many physicians nowadays are giving advice against dressing too warmly for cold weather. Probably the advice represents a reaction against the popular notion that, as soon as cold sets in for the winter, woollens and "fleece-lined" and furs are to be put on. But to bundle oneself until the body is fairly weighed down is to destroy the tonic effect of the cold, say a number of modern practitioners. The creation of summer warmth by overdressing leaves the victim lethargic. Moreover, in some cases there is real danger in heavy clothing. This is particularly true when the heavy dresser enters a heated room and emerges again into the cold with practically the same clothing. Chills often follow this procedure, and the victim faces a greater danger than if he went into the cold temperature with an inadequate attire.

HAS RESIDED ON HILLTOP CONTINUOUSLY SINCE 1872

Has Seen Community Grow from Wilderness—Great Improvements

Mr. and Mrs. Herman Michels are the oldest couple, in point of residence, on the Hilltop. When they first came to the Hilltop, they lived upon the asylum grounds, but later moved to what is now Ogden avenue, from where they moved

MR. HERMAN MICHELS

to their present location on North Richardson avenue. Mr. Michels first came to the Hilltop from Marietta in 1872, as a foreman for the State Hospital stone quarries. A few years later his family followed him. At that time the Hospital was in the course of construction and there were not more than ten buildings on all this territory. They have seen this community grow from a wilderness upon which about twenty-five people lived, to a thriving community with a population of over ten thousand. Mr. Michels is now employed at the Spring street power house of the Columbus Railway and Light Co. He is 78 years of age and Mrs. Michels is past 80 years. They are both spry and well and keep house without assistance.

STORAGE BASIN IS FULL

Water Flows Over Dam for First Time Since June 18

For the first time since June 18 the water began flowing over the crest at the storage dam Sunday. This was the second longest dry spell since the storage dam was constructed. The longest was in 1908-9, when no water ran over the dam from August 16 to February 10th.

The lowest point below the crest of the dam reached during the last dry spell was 6.6 feet, which was marked October 13.

It was reported that a number of West Siders became alarmed Sunday as the river began to come up and moved many valuables to the second stories of their homes. The river records, however, indicate there is no danger of an overflow at this time, as the river has only reached the 3.5-foot mark at Mound street.

BARACA-PHILATHEA BANQUET

At Glenwood Church Tuesday Evening An Enjoyable Occasion

A most delightful event was the banquet given by these two classes Tuesday evening in the Glenwood church. The dining-room and tables were beautiful in their decoration of red, white and blue, glittering silver ferns, potted plants and cut flowers.

A delicious and bountiful chicken dinner was served at six-thirty, after which the election of officers was held by the Baracas. Short and appropriate speeches were given by the newly elected officers, followed by a helpful and entertaining address by Mrs. R. M. Sandy of Mt. Vernon, Ohio, the State Secretary of the Baraca-Philathea movement. Rev. C. E. Turley talked to the classes for a short while, after which the classes enjoyed a social hour together.

Birthday Party.

Mr. and Mrs. Newton Kaufman, 128 North Park Avenue, entertained last Sunday evening, December 6th, in honor of the birthday anniversary of their daughter, Miss Lola Kaufman. A very pleasant evening was spent, after which ice cream and cakes were served. Those present were: Mr. and Mrs. Homer Spafford, Mr. and Mrs. Harry Keys, Mr. and Mrs. Stanley Wallace, Mrs. Lola Stout, Mrs. Mary Nicely, Oleta Sjafford, Alice Nicely, Princess Burke, Myrtle Dean, Lola Kaufman, Fred Harold, Ralph Weir, Charles Best, William Kaufman, William Lewis, Vilas Kaufman, Sanford Kaufman, and the host and hostess.

Miss Smith, teacher in Highland Avenue school, has been detained at home this week on account of the serious illness of her mother. Mrs. Kight has been filling her place.

OHIO RELIEF SHIP

May Be Sent to Belgium—Other States Sending Ships.

Shall there be an Ohio ship to carry food to the Belgium war sufferers? It is up to the citizens of the state to say yes or no.

Governor Cox yesterday received a telegram from Lindon W. Bates, vice chairman of the American committee for relief in Belgium, asking that Ohio citizens fit out a food ship to sail early in January. Other states are preparing to send ships.

Mr. Bates says the American committee will make up any deficiency in the cargo, if necessary, up to one-third the total amount, and still send the vessel as Ohio's ship. The committee will pay all expenses of getting the food to Baltimore or New York, from one of which ports it will sail. Food to make up any deficit in the cargo, if there should be a deficit, will be purchased in Ohio so far as possible.

"T" ASSOCIATION

Entertained at Home of One of Their Members.

The "T" Association of the Tri-Mu class was delightfully entertained Saturday evening of last week at the home of one of their members, Walter Randolph, 51 South Wheatland Avenue.

The first part of the evening was taken up with a business session, after which a social hour was spent by the boys. Refreshments were served, and at a late hour the boys departed for their homes. The following members were present: Messrs. Alva Myers, Harlan Born, Carlos and Schley Matheeny, Sheldon Mann, Earl Watson, Starling Huth, Gerald Gifford, Edgar Ferguson.

Butterflies Given By Alumni

An audience of about 300 witnessed the performance of the "Butterflies" in the West High auditorium, by the Alumni Association last Friday night. In spite of the bad weather the people turned out very well and the whole evening was very successful. The play itself was given with punch and action by the same cast which took part in it last June. The scene of the play, which is laid in Florida, did not quite harmonize with the climatic conditions existing in Columbus on December 4. Edward Jones and Cecilia Burke both did some splendid acting.

From 4 to 8 o'clock in the evening before the play was given, there was a reception in the school building for the members of the association. A great many of West's graduates were present and enjoyed themselves immensely.

Have Returned Home

Mr. and Mrs. J. C. Owen and son, Robert, returned Sunday evening from Granville. Mrs. Owen has been in Granville for the past two weeks helping to care for Mr. Owen's father, who was dangerously ill from the effects of a carbuncle.

Visitors From New Plymouth

Mrs. Elliott and daughter, Lucile, of New Plymouth, spent a week with Mrs. Elliott's sister, Miss Ruth Jerman, on Highland avenue. She also had as guests Mr. and Mrs. Stinson of New Plymouth.

MEMBERSHIP CONTEST CLOSES WITH BANQUET

Classes Unite in Providing Entertainment for the Evening

Last Friday evening the Hoge Memorial Church was the scene of a most delightful occasion when the two adult classes of the church closed an animated contest for new members with a banquet. A large representation of both classes were present to enjoy the feast of good things which had been prepared under the capable direction of the Ladies Aid Society. At the close of the banquet Rev. J. H. Hatfield, the genial and dignified pastor of the church, acted as toastmaster and the following persons responded with well-chosen remarks: Mr. W. H. Deems, Mrs. Daniel Churton, Mr. J. C. Owen, Mrs. Orpha E. Haller, Mr. H. H. Reighley, Mrs. John Porter, Mr. S. J. Westlake, Mrs. Edward Winget. After the toasts the guests repaired to the auditorium where the following persons assisted in a program of music: Mrs. J. H. Hatfield, Mrs. E. E. Todd, Mrs. John Porter, Mrs. Daniel Jerman, Mrs. W. H. Deems, Mrs. Daniel Churton, Messrs. Harry Biddle, Fred Krull, H. H. Reighley, Daniel Churton. An atmosphere of good cheer and Christian fellowship prevailed the entire evening, and the expression of those present was voiced in the hope that this would not be the last of such occasions.

Have Musical Treat

A rare musical treat was afforded the Hoge Memorial congregation at the morning service last Sunday when Miss Louise Rinehart, a talented violinist of the East Side, assisted by Miss Benora Grimes, pianist, of the North Side, rendered a beautiful violin solo. Miss Rinehart also accompanied the congregation in the singing of hymns. Miss Rinehart has been a guest at the F. P. Sperry home on South Harris avenue a number of times.

Sermon for Eastern Stars

On Sunday evening, December 13, at 7:30 o'clock, Rev. Dr. J. H. Hatfield, of Hoge Memorial Presbyterian Church, will preach a special sermon to the Order of Eastern Stars on the "Life of Ruth." The Christmas Spirit

As the holidays approach everyone is becoming filled with the Christmas spirit. This term has been used till it is worn threadbare, yet does everyone know exactly what it means? Oh yes, perhaps you think you do. It is an exchange of gifts with your friends; it is the decoration of your abode with wreaths and foliage; it is the preparation of sumptuous repasts. And that is all. Then you are wrong. You must go a step further. Christmas is the celebration of anniversary of Christ's birth. The birth of the one who endured unspeakable anguish and pain for the world. He was lowly and meek. And it was a command from him whose birth you celebrate, to care for the poor and needy. Yet you did not have that in your definition of the term, Christmas spirit. Look around you and see how many Christ child's you can find, who have not the divine fortitude buoy them up in their poverty. Think of the destitute, lame and sick who merely ask for food and only the most necessary garments, while you spend our money for luxuries and things which are only for pleasure. Christ ministered unto these. He sought to alleviate their condition. Then can you deny that this season, above all others, is the one for the giving of charity? If you have never realized this before, realize it now. Act while there is plenty of time. If you are a true Christian, if you are warmed by the Christmas spirit and its genial good cheer, you will help the poor. Remember it is a duty imposed upon us by the Master, so do not shirk in performing your share of the duty.

Reduced Rates

Beginning with the next issue the present subscription rates of the News will be cut in half, making the price fifty cents per year. The publishers have been justified in taking this step by the large circulation which the paper now has and by its splendid growing condition. This does not mean that we will decrease the size of the paper or cheapen it in any way, but we aim rather to make it better and more interesting each issue. Our policy is a progressive one. That is why we are reducing the rates and making it possible for everyone to secure the paper at the very lowest cost possible. Service is our motto. We are endeavoring to serve the Hilltop people in every way we can and the placing of this paper in their hands at such a low rate is part of that service. In return, we only ask that we receive the hearty support and co-operation of the Hilltoppers. It is a condition of mutual support. We have the very keenest interest in the welfare and progress of this community and we want the community to have a deep interest in the progress of our paper.

Intelligent Conversation

Conversation is as old as time, but like all else, it changes with the times. Not many generations ago, a good conversationalist was simply a good monologist, and those who cherished that ideal often lament the decline of the art of conversation. The day of the brilliant talker, who monopolizes the field and reduces other people to admiring non-entities, is indeed past. It is now customary to give your neighbor a chance, but there are still sinners who offend against courtesy in that respect.

A conversation should not be a mere battle of words, in which one of the combatants is driven off the field. It should be a good humored exchange of ideas, carried on with interest and sympathy on both sides, and above all, with unselfish courtesy. This is the conclusion of the whole matter. Do not bore, but if necessary, be bored, and bear it gallantly.

If you are interested in the growth of the Hilltop News tell our advertisers you read their ad. in the News. Each week many special bargains are offered by Hilltop merchants. Give our paper a boost and please our advertisers.

We notice a number from the Hilltop are taking advantage of the world's Bible Conference this week. Every one who attends bring something home with him that is worth while and it will have its influence on their future.

Car service may come and car service may go, but will the same old efficient service on the Hilltop go on forever?

A Long Winter and a Cold One

That's what the weather man is predicting for us—a long, cold winter, which has much to do with the subject at hand.

The ever increasing discomfort in glaring lights, people with defective vision and sore weak EYES should consult our Dr. Taylor, if they want relief and comfort when the snow is here.

WE AND THE WAR Germans and the Allies

Ever stop to think of the part our business is playing in the big fight that is ripping up all EUROPE? If you took out of the war the Optical Instruments and Glasses that are in use you would slow things up and hamper matters considerably.

On most of the rifles is a small sighting telescope, so that the Soldiers can Aim at Long Range. On the Battleships are the Regular and Gyroscopic Compasses, Long Distance Telescope Marine Glasses and a score more of instruments for finding the Range, indicating the position of Ships under Fire, and so on.

The Eye of the Submarine is an elevated sort of Telescope called Periscope, which sticks out of the water while the boat is running submerged, and through which the Steersman can see the whole of the waters, and the proper method of attack against a submarine is to shoot away the periscope, blinding the craft and making her easy prey.

What would the Scouting Areoplanes do without their Field Glasses, and for that matter, how about the barometer, the instrument for recording atmospheric conditions, the pressure gauge, the height gauge, and so on without which the areonaut is blind to the position of his great flyer.

Now if all of the nations are depending on their eyes for success it must be the important Organ in the whole anatomy. Do not neglect this important Organ, but consult

The Groove That Isn't a Rut

Dr. Gunsaulus, the eloquent Chicago preacher, who is one of the speakers at the Bible conference here this week, makes an apt distinction between a rut and a groove.

In a groove machinery functions; in a rut it rusts.

A man in a groove is where he ought to be, geared for usefulness, kept true to what he is trying to do, not popping about bothering other folks like the Fourth of July fireworks which the boys call "snake in the grass."

But let that groove become a rut and the man shrivels, slows down and soon becomes little more than a nuisance cluttering up the landscape.

It's very easy for a groove to become a rut. It'll do it unless, every little while, you grease it with a new interest.

Dr. Gunsaulus proposes an 11th commandment: "Get a fad."

A fad is something you like to work at when your regular work begins to tire. It's the grease that keeps the groove from wearing down into a sharp-angled rut.

George Eastman, the kodak king, used to be a bank clerk, pouring over figures eight hours a day. Vacation coming, he wanted a way to push the figures out of his mind. A friend counseled taking photographs in the country. The kodak resulted. Eastman's fad pulled him out of a rut into the right groove, and it has done the same for many others.

Napoleon, on the contrary, never took time off from butchering and plotting. Consequence: Cancer of the stomach and Waterloo.

Better a fad than a funeral.—Ex.

FALL FESTIVAL ATTRACTS THOUSANDS OF PEOPLE

West Broad Cars are Taxed to Accomodate Hilltop People

With one of the finest parades in the history of the city, the second annual Fall Festival opened Wednesday night. That all the citizens of Columbus are thoroughly interested in this progressive feature of the city's business life was proved by the huge crowds which were on hand. On High from Mound to Russell Streets and all along the line of march, the curbs were lined six and seven deep with eager and enthusiastic onlookers. Nothing since the Centennial has aroused such interest as this great Festival.

Practically every big organization and business in the city were represented in the "prosperity" parade. Every float was evidence of what gala array the staid and sober business. Hearty applause met nearly all the floats all along the line of march. An especial feature of the floats were the number of electric lights which were used. There were nearly enough of these bulbs in the parade to light the way.

As usual the police preceded the parade. Chief Carter, in full uniform, rode in a machine before the police. Then followed the Mayor and other city officials who left the parade at the rear. The police and city officials' machines was the huge beautiful float on which rode the queen and her maids of honor.

The silver loving cup was awarded to the Whitsit-Naddy's float upon which four boys and four girls from Miss Naddy's dancing class danced the minuet. The most artistic float was that of the Columbus Bread Company.

A silver loving cup was awarded to the Knights of Columbus as being the organization whose appearance was best. There were three companies in line. The Knights of Pythias had 304 men in line. The Columbus Athletic Club had a float upon which was represented a miniature model of the new club house. It bore a motto, "Fifteen Hundred Boosters for Greater Columbus." To be sure the West Side Board of Trade had a splendid float but it only served to make the Hilltoppers rather discontented to think that they were not represented at all, though they claim to be as progressive as the other citizens of the city.

There was a splendid showing made by the soldiers from the Columbus Barracks. Their marching was so regular and military that it rather "showed up" some of the more amateur marchers.

The Columbus postoffice made an excellent appearance. Few people realized how many blue clad mail carriers the city has until they were all in line together. There was also a large body of clerks and employees from the postoffice building in line. The four floats of Sam met with warmest applause where.

Though unbounded interest has been in all the events of the Festival it is expected that the Saturday crowd will be the largest and most enthusiastic ever gathered on High Street. Every citizen of Columbus is

eligible to enter the grotesque parade and to afterward participate in the big dances in the "Court of Honor." Saturday evening will close a page in the history of this city that will take much effort to surpass in the future.

He also was chiefly instrumental in having the legislature pass the bill which granted the city the ground in which to build these needed stations.

FIVE-YEAR-OLD BOY HURT WHEN THROWN FROM AUTO

Wednesday Evening at Gay and Fourth Streets

Eugene Ross, 5-year-old son of Mr. and Mrs. J. T. Ross of 142 South Warren Avenue, may die as a result of injuries sustained in an automobile accident which occurred at Gay and Fourth Streets during the parade last night.

Mr. and Mrs. Ross, their two sons and daughter were seated in their auto, which was parked along the curbing. Another automobile, driven by William Bracken of the Cadillac firm, crashed into the Ross machine, throwing out all the occupants. None was hurt except Eugene, whose chest was crushed. He was taken to Mt. Carmel Hospital. Bracken was not arrested.

CAR FLUSHER DUE SOON

W. C. Campbell, Assistant General Superintendent of the Columbus Railway, Power and Light Company, said Wednesday that the new car flusher ordered a couple of months ago likely will be placed in operation next week. The company has contracted with the street railway company to flush all streets in which it operates, and will pay \$10 a month.

Mr. Campbell said yesterday that it will be possible to cover 25 miles a night with the new car.

Wednesday evening, about midnight, as the doctor was cranking his machine preparatory to making a call, the crank flew back, breaking one of the bones in his right arm. Dr. Brock of Mt. Carmel Hospital and Dr. Beery were called to reduce the fracture.

Recovering From Operation

Raymond Linville of 86 South Ogden Avenue is recovering nicely from an operation performed last Saturday. Three years ago he underwent a similar operation. He is under the care of Dr. Sanor.

WEST SIDE FLOAT

Wins Honorable Mention in Prosperity Parade

The West Side Board of Trade was well represented in the prosperity parade of the Fall Festival last Wednesday night. It had a large float upon which Miss Ethel M. North of 84 Oakland Park Avenue represented the "queen of progress." The car showed the great development of the West Side. In contained lands of Indians, who first lived on the site of Columbus, and also a small reproduction of the first Franklin County Court House, which was built at Broad and Sandusky Streets in 1803.

Heralds preceded the car which was drawn by ten white horses. In front of the float was a 5-foot star bearing the inscription, "Westward the Star of Progress Takes Its Course." The whole affair was well arranged and reflects much credit upon the committee composed of W. H. Sartain, O. E. Davis and Randle Baker.

It was to be lamented that the Hilltop business men fell behind and were not represented in the parade, but no one seemed to be interested enough to take any initiative in the matter, which should have been cared for by the Improvement Association, as that is supposed to be the representative body of the Hilltop.

Memorial Service

Robert Morris Chapter No. 2 of Eastern Star, will hold a service, September 17, at 2:30 p. m. in Masonic Hall, West Broad Street, near Burgess Avenue. West Hi Football

Believing that an early start may help win the championship, Coach Leahy of West is already beginning to put his eleven through the paces, preparatory to the 1915 football season. There seems to be some pretty good timber in this year's team and with good effort, the buff and brown ought to make a fine showing this season. Dick Cott was elected captain of the team last week.

Columbus, Ohio, September 1 915

West Side for a Park

Sir: In your valuable publication of last Saturday, September 11, Mr. D. E. Williams makes a very timely suggestion, that the city buy the West Side property, now subject to overflow during the flood stages of the rivers, at the true value of say \$8,000,000. Columbus is the best city in the state and likely to become the metropolis of Ohio. We need a central park. One hundred million dollars would not buy New York's Central Park and ours could be made more beautiful with the two rivers flowing through it. In this way the Board of Education would dispose of their bottom land holdings and be able to build more modern and sanitary structures in much more accessible places, thus giving work for the unemployed.

City in this way would save many millions of dollars in construction work the damages if the proposed Alans are carried out. A vote at the November election on a bond for the purpose of buying the flooded district for a central park would carry, quick action could be had and the danger removed that comes every time we have a continuous rain.

W. V. MOLER.

The above item, clipped from the Dispatch, gives one of the possible plans of caring for the portions of the West Side subject to flood ravages. It is true that Columbus is becoming a great metropolis and it will need such a central park, as this writer proposes, in the near future. This West Side tract is an ideal location for the park and perhaps matters will so be arranged that this may be possible. Here's hoping anyway.

The Future of the Movies

What will be the future of moving pictures and moving picture theaters? Has the tide of their popularity reached its highest point or is it still on the rise? The question has strong arguments on both sides but at the present time it looks as if the former were more likely to be true. In the latest issue of the "Green Book," Lincoln J. Carter, for many years the magnate of melodrama in the United States, argues that the public is going to turn from the "movies" back to the legitimate drama. His first argument is that there are too many moving picture theaters. They have the same effect on the public as too much candy—too much cake—too much ice cream. They have been a fad and novelty and the curiosity which they created is wearing off. The public has been sated—nay more than sated by the movies and it is ready to turn back to the drama. Again, after seeing the big multiple-reel subjects the public is averse to turn back to the one-reel subjects. There are forming corporations to operate one or two large theaters in every city where multiple-reel subjects will be shown at prices from 50 cents to \$2.00. They will event-

ually freeze out the smaller movie theater and when that comes to pass there will be a small number of moving picture theaters in the country whose prices range the same as those of the legitimate drama. When the price scale is the same the public is ever ready to turn to the speaking drama in preference to the movies.

The moving picture producers have already exhausted all available story plots and are merely repeating old ones. How often can such a remark be heard at a movie theater exit, "It's the same old story." The same old story will be used once too often until it turns sour and causes the public to turn from it.

Mr. Carter also points out the fact that moving picture producers have not yet been able to mix comedy and drama in one picture. The pictures are divided into two classes—comedy and drama. A film has to be all comedy or all drama. The effect is not pleasant upon the audience. In the spoken drama, the value of a play lies upon its mixture of comedy and drama. The comedy is so often essential to relieve the tension of the drama.

In the movies, not as many characters can be introduced as in the legitimate drama because the audience cannot keep track of them. Four or five movie characters are about all that the audience can carry clearly in their minds. When more are attempted they are bound to become hopelessly confused in the audience's minds. If you doubt this listen to some remarks like this, "Isn't that her brother," or "Which man loves her?" or "Who is that girl?" There is no such difficulty on the speaking stage.

Here you have Mr. Carter's side of the argument and it is a good one, but it will take more time, we believe, to make a true prophecy about the future of the "movies" and during that time we intend to remain a "movie fan."

Airdome Specials

The past theatrical season has been an active one for the Airdome Theater. The weather has been ideal for this open amusement house and scores of Hilltopers have been flocking there every evening.

On last Thursday evening a feature of five reels was shown, depicting the "Battle of Gettysburg." This picture was true to life and every detail was accurately worked out. There was a thread of romance in the picture which held the whole thing together. The famous and thrilling charge of Pickett's troops against the Union lines was shown. The dates and circumstances of every battle of July 1, 2 and 3 were given. Many civil war veterans took advantage of the free admission for old soldiers and were present to witness the film vision of a battle in which they actually fought.

On Tuesday and Wednesday evening the audiences were treated to a fine surprise attraction in the booking of Mr. Miller, an old soldier 81 years of age who painted pictures on a large scale on the stage. The wonderful part of his act was the fact that he was absolutely blindfolded all during the performance and painted his picture by instinct. His subject was "My Old Kentucky Home." In this picture he used seven different colors of paint and he executed the picture far better than the average person can do with the aid of both hands.

A spectacular production of the temperance picture, "The Battle of Ballots," is scheduled for Thursday evening and more detailed comment on this film will be made in next week's issue.

Musical Entertainment

On Thursday evening Miss Jennie McCrea, reader, will give an entertainment in Glenwood M. E. Church. There will also be several musical numbers. Admission is 10 cents.

Homes Wanted

Editor of News.

Dear Sir—Have in my charge at this time, through the Juvenile Court, two colored boys ages 12 and 13 years. Both are very bright lads and willing to do all in their power to make good if they can but get a home. One lad would like very much to be placed in the city where he can have the advantage of city schools. The other wants to go to the country where he can be with his boys that are similar to his circumstances and help him in any crime. For information call Main 2178 or Hilltop 7724.

Yours truly,

F. L. HOLYCROSS.
